MAINTENANCE

Proper care and maintenance will extend the life and appearance of your AYEASY sofa.

- **Regular Cleaning:** Vacuum regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Avoid rubbing, as this can spread the stain. For stubborn stains, use a mild fabric cleaner, testing on an inconspicuous area first.
- **Cushion Care:** Rotate and fluff cushions periodically to maintain their shape and even out wear.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your sofa away from direct sunlight or use curtains/blinds.
- **Pet Care:** While the sofa is pet-friendly, regular cleaning and protective covers are recommended to minimize pet hair and potential damage.

TROUBLESHOOTING

If you encounter any issues with your AYEASY modular sectional sofa, please refer to the common solutions below:

- **Squeaking Sounds:** Check all connectors and bolts to ensure they are tightened securely. Loose connections can cause squeaking.
- **Cushions Appear Flat:** Allow cushions to fully expand for 48-72 hours after unpacking. Regularly fluff and rotate cushions to restore their loft.
- **Modules Not Aligning:** Ensure the floor surface is level. Re-check the connectors and adjust module positions until they align properly.
- **Storage Ottoman Lid Not Closing Properly:** Check for any obstructions within the storage compartment or along the hinge mechanism. Ensure the lid is aligned correctly before closing.

If the issue persists, please contact AYEASY customer support for further assistance.
