Aiho W-AP38

Aiho 6 Drawer Dresser (Model W-AP38) Instruction Manual

Your guide to assembly, operation, and care.

1. INTRODUCTION

Thank you for choosing the Aiho 6 Drawer Dresser, Model W-AP38. This dresser is designed to provide ample storage with a modern aesthetic, featuring quiet and smooth gliding drawers, durable metal handles, and solid wood legs. This manual provides detailed instructions for safe assembly, proper operation, and essential maintenance to ensure long-lasting use of your product.

2. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Anti-Tip Device:** Always install the included anti-tip device to secure the dresser to a wall. This is crucial to prevent serious injury from tipping furniture.
- **Assembly:** Assemble the dresser on a soft, clean surface to prevent scratches. Ensure all hardware is securely tightened before use. Periodically check and re-tighten all connections.
- **Weight Limits:** Do not exceed the recommended weight capacity for each drawer (approximately 20 lbs). Distribute weight evenly across drawers and on the top surface.
- **Children:** Do not allow children to climb on or play with the dresser. Keep small parts and assembly hardware out of reach of children.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts and hardware are present and undamaged. Refer to the detailed parts list provided in your separate assembly guide for specific labels and quantities. All components are clearly labeled for easy identification.

Smooth Sliding Rail

Easy to pull in
and out & No noise

Elegant Metal Handle

Durable & Comfortable
to the touch

Solid Wood Legs

Stable support
& Non-scratch floor

4. ASSEMBLY INSTRUCTIONS

Assembly is required for this dresser. It is recommended that two people assemble the unit. A basic screwdriver is included, but a power drill may expedite the process. Follow the step-by-step instructions in your separate assembly manual carefully.

1. **Unpack and Identify:** Lay out all parts on a soft, clean surface. Identify each part using the labels and the parts list in your manual.
2. **Assemble Frame:** Begin by assembling the main frame of the dresser, connecting the side panels, bottom board, and middle vertical boards using the specified hardware.
3. **Install Drawer Runners:** Attach the metal drawer runners to the inside of the dresser frame, ensuring they are level and securely fastened.
4. **Assemble Drawers:** Construct each of the six drawers individually, attaching the front, back, and side panels, and then sliding in the bottom board. Install the drawer runners to the sides of each drawer.
5. **Attach Legs:** Securely fasten the solid wood legs to the bottom of the dresser frame.
6. **Install Handles:** Attach the gold metal handles to the front of each assembled drawer.
7. **Insert Drawers:** Carefully slide each completed drawer into its designated slot within the dresser frame.

8. **Install Anti-Tip Kit:** Secure the dresser to the wall using the provided anti-tip hardware as per the instructions in your assembly manual.

5. OPERATING INSTRUCTIONS

The Aiho 6 Drawer Dresser is designed for smooth and quiet operation.

- **Opening/Closing Drawers:** Gently pull or push the metal handles to open and close the drawers. The premium metal runners ensure a quiet and smooth gliding motion.
- **Storage Capacity:** Each drawer offers ample space for clothes, blankets, and other daily essentials. Do not overload drawers to ensure continued smooth operation and prevent damage. The maximum recommended weight per drawer is approximately 20 lbs.

6. MAINTENANCE AND CARE

Proper care will help maintain the appearance and functionality of your dresser.

- **Cleaning:** Wipe the dresser surfaces with a dry, soft cloth. The high-quality board is waterproof and stain-resistant, making it easy to clean. Avoid abrasive cleaners or harsh chemicals.
- **Spills:** Promptly wipe up any spills to prevent potential damage, although the surface is designed to resist stains.
- **Inspection:** Periodically inspect all hardware and connections to ensure they remain tight. Re-tighten as necessary.

7. TROUBLESHOOTING

- **Drawer not sliding smoothly:** Check if the drawer runners are properly aligned and free from obstructions. Ensure all screws securing the runners are tight.
- **Dresser wobbles:** Verify that all assembly screws and bolts are securely tightened. Ensure the dresser is placed on a level surface. Adjust the anti-tip device if necessary.
- **Missing parts:** If any parts are missing or damaged upon arrival, please contact customer service immediately.
