## iWALK LPR003C

# iWALK 10000mAh Slim Portable Charger

Model: LPR003C | Brand: iWALK

## 1. INTRODUCTION

The iWALK 10000mAh Slim Portable Charger (Model LPR003C) is designed to provide convenient and fast power to your devices on the go. Featuring a compact, ultra-slim design, this power bank integrates a retractable USB-C cable and offers 30W Power Delivery (PD) for rapid charging. Its versatile ports allow for charging multiple devices, making it an essential accessory for various electronic gadgets.

## 2. PACKAGE CONTENTS

- 10,000mAh 30W iWALK Power Bank (with 1.97 feet Retractable USB-C Cable) x 1
- USB C to USB C cable x 1
- Instruction Manual x 1

## 3. PRODUCT OVERVIEW

The iWALK LPR003C portable charger combines a sleek form factor with powerful charging capabilities. Its ultra-slim profile, measuring just 0.7 inches thick, ensures easy portability. The device features a 10,000mAh battery capacity, a built-in retractable USB-C cable, and multiple output ports for broad compatibility.

### 3.1 Key Features

- **Ultra-slim Design:** At only 0.7 inches (18mm) thick, it easily fits into pockets or bags.
- **10,000mAh Capacity:** Provides substantial power for multiple device charges.
- **Built-in Retractable USB-C Cable:** A 1.97 ft (23.6 inches) integrated cable for tangle-free charging.
- **30W PD Bi-Directional Fast Charging:** Supports rapid charging for both the power bank and connected devices.
- **Digital Display:** An LED screen indicates the remaining battery percentage.
- **Multiple Output Ports:** Includes a USB-C Input/Output port and a USB-A Output port.

## 4. SETUP

### 4.1 Charging the Power Bank

Before initial use, fully charge your iWALK portable charger. Connect the provided USB-C to USB-C cable to the power bank's USB-C Input/Output port and a compatible wall adapter. The digital display will show the charging progress. The power bank supports 30W PD fast charging, allowing it to reach 50% charge in approximately 45 minutes.

Figure 4: Illustrates the 30W PD bi-directional fast charging capability, showing rapid charging for both the power bank and connected devices.

## 4.2 Initial Use

Once fully charged, the power bank is ready for use. Press the power button on the side to activate the digital display and check the battery level.

## 5. OPERATING INSTRUCTIONS

### 5.1 Charging Devices

To charge your device, select one of the following methods:

- **Built-in Retractable USB-C Cable:** Gently pull the integrated USB-C cable from its housing to the desired

length. Connect the USB-C end to your compatible device. To retract, pull the cable slightly further, then release to allow it to coil back into the power bank.

- **USB-C Input/Output Port:** Use your device's USB-C cable to connect it to the power bank's USB-C Input/Output port.
- **USB-A Output Port:** Use your device's USB-A cable to connect it to the power bank's USB-A Output port.

The power bank supports simultaneous charging of multiple devices, but for optimal fast charging performance, single device charging is recommended.

Figure 5: Illustrates the capability to charge three devices simultaneously using the built-in USB-C cable, USB-C port, and USB-A port.

## 5.2 Digital Display

The integrated LED display shows the remaining battery percentage of the power bank, allowing you to monitor its charge level at a glance.

## 6. COMPATIBILITY

---

The iWALK LPR003C is widely compatible with various devices, including:

- iPhone 16/15 Series
- Samsung Galaxy 25/24 Series
- Google Pixel devices
- MacBook Air
- AirPods, AirPods Max
- Vision Pro
- Nintendo Switch
- DJI Mavic 3 and other USB-C compatible devices.

## 7. MAINTENANCE

---

To ensure the longevity and optimal performance of your iWALK portable charger, follow these maintenance guidelines:

- Keep the device clean and dry. Avoid exposure to moisture, dust, and extreme temperatures.
- Do not disassemble or attempt to repair the device yourself. This may void the warranty and cause damage.
- Store the power bank in a cool, dry place when not in use.
- Avoid dropping or subjecting the device to strong impacts.

## 8. TROUBLESHOOTING

---

If you encounter issues with your iWALK portable charger, refer to the following common troubleshooting steps:

- **Device not charging:** Ensure the power bank is sufficiently charged. Check all cable connections to ensure they are secure. Try using a different cable or device to isolate the issue.

- **Power bank not charging:** Verify that the wall adapter and USB-C cable used for recharging are functional. Ensure the USB-C cable is properly connected to the power bank's Input/Output port.
- **Slow charging:** Ensure your device and cables support fast charging. If charging multiple devices simultaneously, the charging speed may be reduced.
- **Digital display not working:** Press the power button to activate the display. If it remains unresponsive, the power bank may be fully depleted or require service.

For further assistance, please contact iWALK customer support.

## 9. SPECIFICATIONS

<b>Model Number</b>	LPR003C
<b>Battery Capacity</b>	10000 Milliamp Hours
<b>Product Dimensions</b>	5.71 x 4.13 x 1.57 inches
<b>Item Weight</b>	11 ounces
<b>Special Features</b>	Auto Shut-Off, Built In Cable, Digital Display, Fast Charging, Slim
<b>Connector Type</b>	USB Type C
