seenda SKM64-2

seenda SKM64-2 Bluetooth Keyboard and Mouse Combo for Mac

Instruction Manual

1. PRODUCT OVERVIEW

The seenda SKM64-2 Bluetooth Keyboard and Mouse Combo is designed for seamless integration with Apple devices, offering multi-device connectivity, quiet operation, and a slim, portable design. This combo is ideal for enhancing productivity across your Mac, MacBook, and iPad.

The seenda SKM64-2 Bluetooth Keyboard and Mouse Combo, featuring a full-size keyboard and a sleek mouse, both in black and silver, ready for use.

2. PACKAGE CONTENTS

- seenda SKM64-2 Bluetooth Keyboard
- seenda Bluetooth Mouse
- USB-C Charging Cable
- Silicone Keyboard Cover (for noise reduction and protection)
- User Manual

The package contents laid out: the seenda Bluetooth keyboard, mouse, and a USB-C charging cable.

3. SETUP AND PAIRING

3.1 Charging the Devices

Both the keyboard and mouse are equipped with built-in rechargeable batteries. Use the provided USB-C cable to charge them. A full charge provides up to 200 hours of standby time. The charging port for the keyboard is located on the top edge, and for the mouse, it is on the front edge, allowing use while charging.

3.2 Bluetooth Pairing

The combo supports up to three devices via Bluetooth channels (BT1, BT2, BT3). Ensure your device has Bluetooth 4.0 or above. To pair:

1. Turn on the keyboard/mouse using the ON/OFF switch.
2. Press and hold the desired Bluetooth channel button (BT1, BT2, or BT3) on the device until the indicator light flashes, indicating pairing mode.
3. On your Mac, MacBook, or iPad, go to Bluetooth settings and select the 'seenda Keyboard' or 'seenda Mouse' from the list of available devices.
4. Once connected, the indicator light will stop flashing.

4. OPERATING INSTRUCTIONS

4.1 Keyboard Functions

The keyboard features a standard Apple layout with quiet scissor-switch keys for a comfortable typing experience. Function keys (F1-F12) provide quick access to media controls, brightness, and other system functions. The integrated numeric keypad is convenient for data entry.

4.2 Mouse Functions

The mouse offers smooth, silent clicking and adjustable DPI settings (1000-1600-2400) to control cursor speed. Use the DPI button on the underside of the mouse to cycle through sensitivity levels.

Compact Sleek Design

4.3 Switching Between Devices

To switch between paired devices, simply press the corresponding Bluetooth channel button (BT1, BT2, or BT3) on the keyboard or mouse. The device will automatically connect to the last paired device on that channel.

A user demonstrates switching between multiple devices using the seenda Bluetooth keyboard and mouse combo in an office setting.

5. MAINTENANCE

To maintain the longevity and performance of your seenda keyboard and mouse:

- **Cleaning:** Use a soft, dry cloth to clean the surfaces. For the keyboard, the included silicone cover can be removed and cleaned separately.
- **Protection:** Utilize the provided silicone keyboard cover to protect against dust, spills, and reduce typing noise.
- **Storage:** When not in use for extended periods, turn off the devices using the ON/OFF switch to conserve battery life. The devices also feature an auto-sleep function after 30 minutes of inactivity.

6. TROUBLESHOOTING

- **Device not connecting:** Ensure both the keyboard and mouse are fully charged and powered on. Verify that Bluetooth is enabled on your host device (Mac, MacBook, iPad). Try re-pairing the devices by following the 'Bluetooth Pairing' steps.
 - **Lag or intermittent connection:** Ensure the devices are within the optimal Bluetooth range (typically up to 10 meters). Minimize interference from other wireless devices.
 - **Keys or mouse not responding:** Check battery levels and recharge if necessary. Restart the keyboard/mouse and your host device.
