VECELO KHD-DA-SCT01-WHE

VECELO 4-Tier Tall Narrow Storage Cabinet Instruction Manual

Model: KHD-DA-SCT01-WHE

Brand: VECELO

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your VECELO 4-Tier Tall Narrow Storage Cabinet. Please read this manual thoroughly before assembly and use to ensure proper function and safety. This cabinet is designed for efficient storage in various small spaces such as bathrooms, kitchens, laundry rooms, and hallways.

IMPORTANT SAFETY INFORMATION

WARNING:

- Always follow the assembly instructions carefully.
- Do not overload the cabinet.
- Keep the cabinet away from heat sources.
- Use caution when adjusting the shelves to avoid pinch points.
- Always use the anti-tip hardware to prevent the cabinet from tipping over, especially in households with children or pets.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Storage Cabinet (1 unit)
- Wheels (4 units)
- User Manual (1 unit)
- Adjustable Shelves (quantity varies by configuration)
- Anti-tip hardware (included)

SETUP AND ASSEMBLY

The VECELO 4-Tier Tall Narrow Storage Cabinet is designed for tool-free, easy assembly. Follow these steps to set up your cabinet:

- 1. Unpack Components:** Carefully remove all parts from the packaging.
- 2. Expand the Base Unit:** The cabinet units arrive folded. Gently unfold the sides of the bottom unit until they click into place, forming a rectangular box. Ensure the base is securely locked.
- 3. Attach Wheels (Optional):** If mobility is desired, screw the four movable wheels into the designated holes on the bottom of the base unit. Ensure they are securely fastened. The wheels feature a locking mechanism for stability.
- 4. Stack Additional Units:** Place the next folded cabinet unit directly on top of the assembled base unit. Unfold and lock its sides into place. Repeat this process for all remaining units. The units are designed to securely interlock when stacked.
- 5. Insert Adjustable Shelves:** Open the transparent doors of each compartment. Insert the adjustable shelves into the desired slots within each tier. The shelves can be repositioned to accommodate items of various heights.
- 6. Install Anti-Tip Hardware:** For enhanced safety and stability, especially in homes with children or pets, attach the provided anti-tip hardware to the top of the cabinet and secure it to a wall stud according to the instructions included with the hardware.

OPERATING INSTRUCTIONS

- Accessing Contents:** The cabinet features transparent doors with magnetic closures. Gently pull the handle to open a door and push to close it securely.
- Adjusting Shelves:** To adjust a shelf, remove all items from the shelf. Lift the shelf slightly and slide it out of its current position. Reinsert the shelf into any of the available slots to customize compartment height. Ensure the shelf is level and securely seated before placing items on it.
- Moving the Cabinet:** If the wheels are installed, unlock them by flipping the lever on each wheel. Carefully push or pull the cabinet to its desired location. Once positioned, lock the wheels to prevent unintended movement.

MAINTENANCE

- Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth and mild soap. Avoid abrasive cleaners or harsh chemicals, as these may damage the plastic material.
- Dust and Moisture:** The cabinet's design helps protect contents from dust and moisture. Ensure doors are properly closed to maintain this protection.

- **Inspection:** Periodically check all connections and the anti-tip hardware to ensure they remain secure.

TROUBLESHOOTING

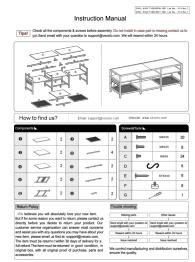

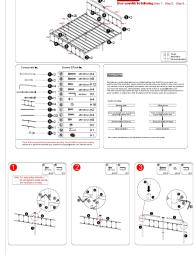

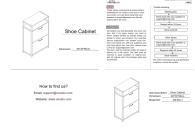

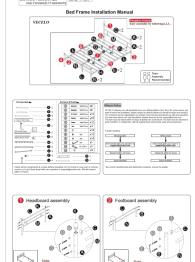

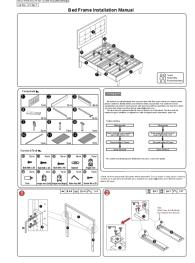

- **Cabinet Instability:** If the cabinet feels wobbly, ensure all units are correctly interlocked and the anti-tip hardware is properly installed and secured to the wall. Distribute heavier items on lower shelves for better stability.
- **Doors Not Closing Securely:** Check for any obstructions preventing the magnetic closure from engaging. Ensure the cabinet is on a level surface.
- **Difficulty Moving:** If wheels are installed, ensure they are unlocked. Check for any debris or obstructions around the wheels.

SPECIFICATIONS

Feature	Detail
Brand	VECELO
Model Number	KHD-DA-SCT01-WHE
Color	White
Material	Polypropylene (PP), Polyethylene Terephthalate (PET), Acrylonitrile Butadiene Styrene (ABS)
