INNOD DC-01

INNOD 44" Vanity Desk with Large Mirror and Lights

Model: DC-01

1. Introduction

Thank you for choosing the INNOD 44" Vanity Desk. This modern vanity set is designed to enhance your daily routine with its integrated large mirror, adjustable LED lighting, and convenient power outlet. Featuring a transparent tempered glass tabletop and ample storage, this desk provides both functionality and elegance for your bedroom or dressing area. This manual provides essential information for the safe assembly, operation, and maintenance of your new vanity desk.

Figure 1.1: Overview of the INNOD 44" Vanity Desk.

2. Important Safety Information

Please read and understand all safety instructions before assembling or using this product. Failure to follow these instructions may result in injury or damage to the product.

- Always keep hands away from drawer slides when opening and closing to prevent pinch points.
- Unplug the power strip when not in use and do not overload it.
- Inspect the product for any damages or missing parts before use and follow the assembly instructions carefully.
- Keep the vanity away from heat sources and moisture to prevent damage to the electrical components.
- Ensure all connections are secure before plugging in the unit.

3. Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Vanity Desk Frame (Engineered Wood)
- Large Mirror with Integrated LED Lights
- Tempered Glass Tabletop
- Drawers (2 units)
- Cabinet Doors (2 units)
- Power Outlet Unit (2 standard electrical outlets, 2 USB ports)
- Assembly Hardware Kit (screws, dowels, cam locks, etc.)
- Assembly Instructions Manual

4. Setup and Assembly

The INNOD Vanity Desk is designed for straightforward assembly. All parts and accessories are clearly labeled, and step-by-step instructions are included in the separate assembly guide provided with your product. Please follow the numbered steps in the assembly guide carefully.

4.1. Before You Begin

- Clear a spacious area for assembly.
- Lay out all components and hardware, matching them to the parts list in the assembly guide.
- No hammer is required for assembly. A screwdriver (not included) may be needed for some fasteners.

4.2. Assembly Tips

- It is recommended to assemble the vanity with two people for easier handling of larger components like the mirror.
- Ensure all screws and connectors are tightened securely but do not overtighten.
- Pay attention to the orientation of parts, especially for drawer slides and cabinet hinges.

5. Operating Instructions

5.1. Mirror LED Lighting

The large mirror features integrated LED lights with adjustable color modes and brightness.

- **Power On/Off:** Locate the touch sensor on the mirror surface. Tap once to turn the lights on or off.
- **Change Color Mode:** With the lights on, single-click the touch sensor to cycle through three color modes: Warm Yellow, Warm White, and Cool White.
- **Adjust Brightness:** With the lights on, long-press the touch sensor to steplessly adjust the brightness from 0% to 100%. Release when the desired brightness is achieved.

5.2. Built-in Charging Station

The vanity includes a convenient charging station with electrical outlets and USB ports.

- **AC Outlets:** Two standard 125V/12V AC outlets are provided for hair tools, lamps, or other small appliances.
- **USB Ports:** Two 5V/2A USB ports are available for charging smartphones, tablets, and other USB-powered devices.
- **Hair Dryer Stand:** A dedicated stand is integrated for convenient storage and access to your hair dryer.

Figure 5.2: Integrated power outlet and USB charging ports.

5.3. RGB Drawer Lighting

The vanity features built-in LED lights within the drawers, offering three color temperature modes to illuminate your stored items.

- The drawer lights activate automatically when the drawers are opened.
- The lights offer three color temperature modes, which can be adjusted via a control located within the drawer compartment.

5.4. Storage Features

The vanity desk offers various storage solutions to keep your items organized.

- **Glass Top Drawer:** The transparent tempered glass tabletop allows for easy visibility and access to items stored in the top drawer.
- **Additional Drawers:** Two additional drawers provide concealed storage for personal items.
- **Shelves and Cabinet:** The vanity includes three shelves and a two-tier acrylic storage cabinet for larger items, skincare, and hair tools.

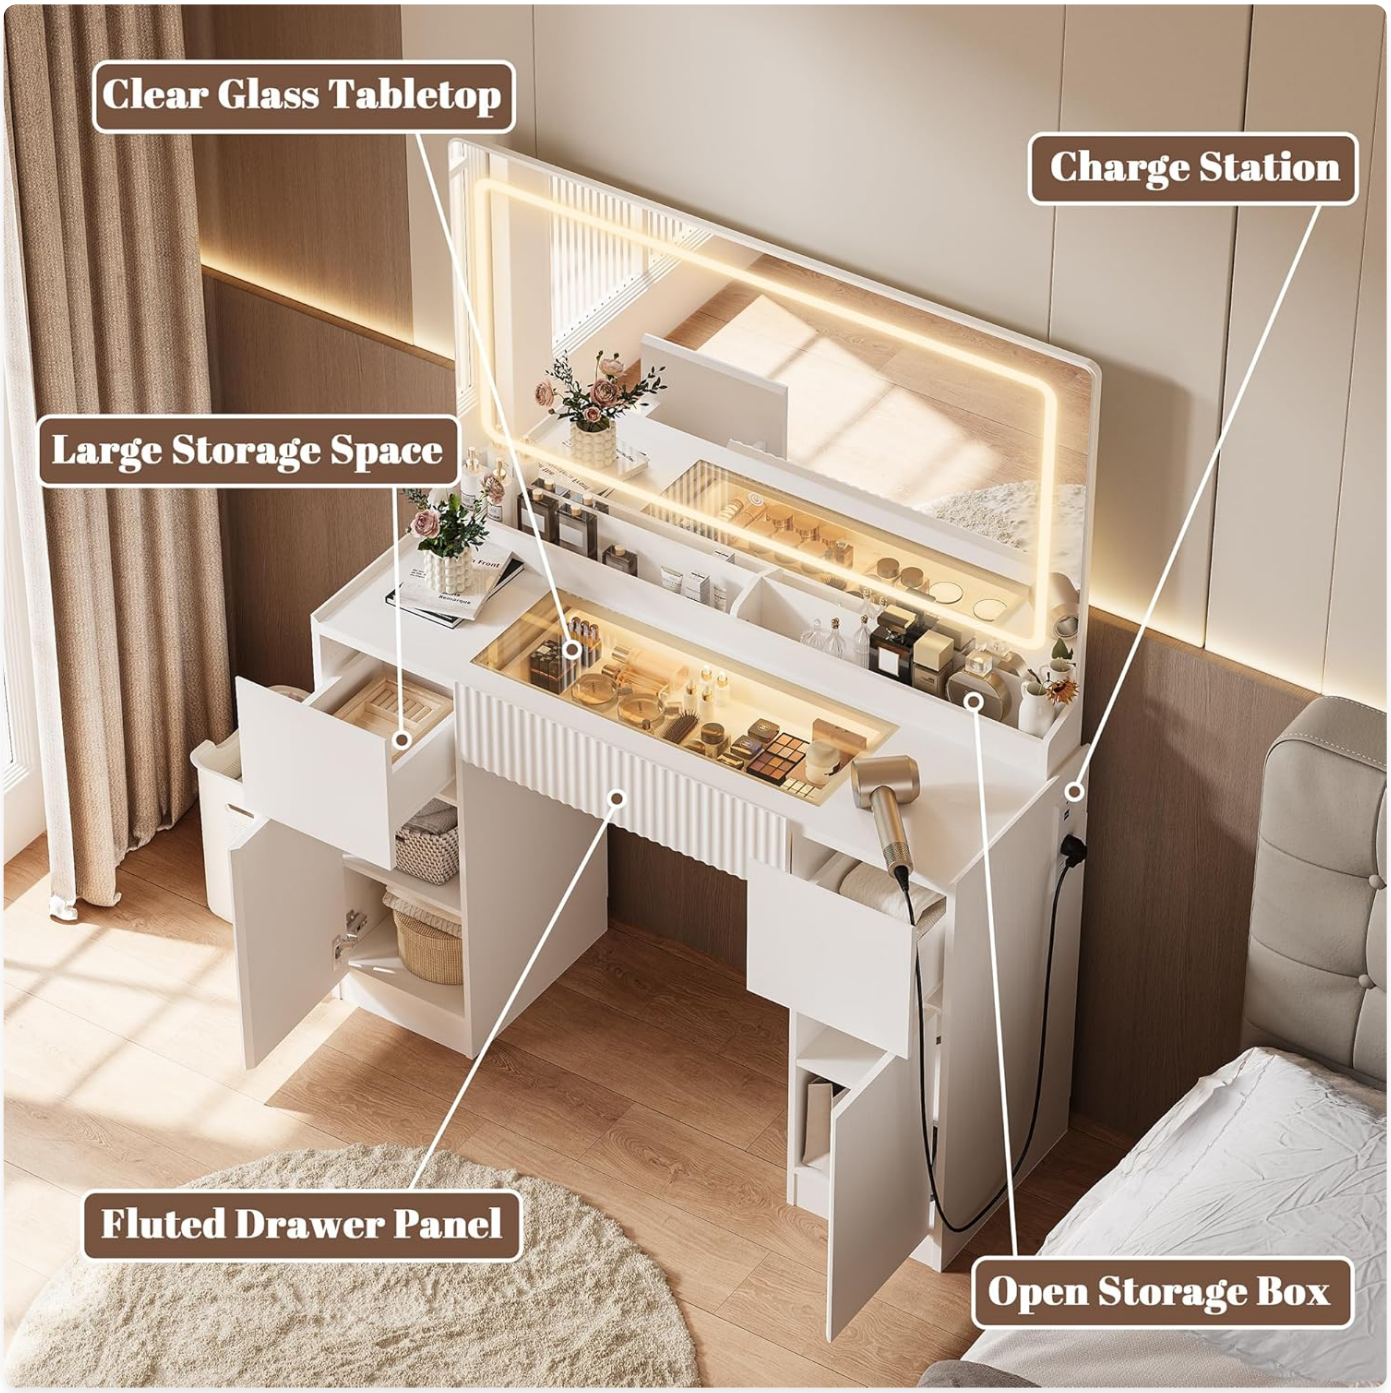

Figure 5.4: Overview of storage compartments.

6. Maintenance and Care

Proper care will ensure the longevity and appearance of your INNOD Vanity Desk.

- **Cleaning Surfaces:** Wipe down all surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish or glass.
- **Glass Top Care:** For the tempered glass tabletop, use a glass cleaner and a microfiber cloth to prevent streaks.
- **Electrical Components:** Ensure the power outlet unit and mirror lights are unplugged before cleaning. Do not spray liquids directly onto electrical components.
- **Drawer Slides:** Periodically check drawer slides for smooth operation. If needed, a small amount of silicone lubricant can be applied.
- **General Inspection:** Regularly check all screws and fittings to ensure they remain tight. Retighten as necessary.

7. Troubleshooting

This section addresses common issues you might encounter with your vanity desk.

Problem	Possible Cause	Solution
Mirror LED lights do not turn on.	Power cord not plugged in; loose connection; faulty power outlet.	Ensure the vanity is properly plugged into a working electrical outlet. Check all electrical connections.
Mirror LED lights are dim or not bright enough.	Brightness setting is too low.	Long-press the touch sensor on the mirror to increase brightness.
Drawer LED light strip is not working.	Connection issue; sensor malfunction.	Check the wiring connection to the LED strip. Ensure the drawer is fully closed and then reopened to trigger the sensor. If issues persist, contact customer support.
Power outlets or USB ports are not working.	Vanity not plugged in; circuit overload; faulty unit.	Verify the main power cord is securely plugged in. Avoid overloading the power strip. Test with another device.
Drawers are difficult to open/close.	Misaligned drawer slides; debris in slides; loose hardware.	Ensure drawer slides are properly aligned and free of obstructions. Check that all assembly hardware for the drawers and slides is tightened.
Product arrived with damaged or missing parts.	Shipping damage; packaging error.	Do not proceed with assembly. Contact INNOD customer support immediately for assistance and replacement parts.
