Unilove Breeze

Unilove Breeze Lightweight Travel Stroller User Manual

Model: Breeze | Brand: Unilove

1. Introduction

This manual provides essential information for the safe and effective use of your Unilove Breeze Lightweight Travel Stroller. Please read all instructions carefully before assembly and use. Keep this manual for future reference.

2. Safety Information

Always prioritize the safety of your child. Failure to follow these instructions could result in serious injury.

- **Maximum Weight Capacity:** Do not exceed 55 pounds (25 kg).
- **Age Range:** Suitable for toddlers aged 1-3 years.
- **Harness System:** Always secure your child with the 5-point safety harness. Ensure straps are adjusted snugly around your child.
- **Brakes:** Always engage the foot-operated brake when the stroller is stationary. Ensure the stroller is fully locked before placing or removing your child.
- **Supervision:** Never leave your child unattended in the stroller.
- **Folding/Unfolding:** Keep children clear of moving parts when folding or unfolding the stroller to prevent finger entrapment.
- **Overloading:** Do not hang bags or other items on the handle, as this can cause the stroller to tip over. The underseat storage basket has a limited capacity.
- **Maintenance:** Regularly inspect the stroller for loose parts, damaged components, or worn fabric. Discontinue use if any damage is found.

3. Package Contents

Verify that all components are present upon unboxing:

- Unilove Breeze Stroller Frame with Seat
- Sunshade
- Underseat Storage Basket
- User Manual (this document)

4. Setup

The Unilove Breeze Stroller is designed for minimal assembly. No complex installation is required.

4.1 Unfolding the Stroller

1. Place the folded stroller on a flat, stable surface.
2. Grasp the handle and pull upwards firmly until the frame clicks into its fully open and locked position. Ensure all locking mechanisms are engaged before use.

Image: The Unilove Breeze Stroller shown in its fully unfolded position on the left, and its compact, folded position on the right, demonstrating its portability.

4.2 Attaching the Sunshade and Storage Basket

The sunshade and underseat storage basket are typically pre-attached or easily clip into designated slots on the stroller frame. Refer to the visual guides on the product for specific attachment points if needed.

5. Operating Instructions

5.1 Folding the Stroller

The Unilove Breeze Stroller features a one-hand folding mechanism for convenience.

1. Ensure your child is removed from the stroller and any items are cleared from the seat and storage basket.
2. Locate the folding lever/button on the handle.
3. Press the button or turn the lever as indicated, then guide the handle downwards. The stroller frame will collapse into a compact form.
4. Ensure the stroller is fully latched in its folded position before lifting or storing.

5.2 Using the 5-Point Safety Harness

The 5-point harness secures your child at the shoulders, waist, and between the legs.

1. Place your child in the seat.
2. Bring the shoulder straps over your child's shoulders and the waist straps around their waist.
3. Insert the two buckle prongs (from shoulder/waist straps) into the central buckle until they click securely.
4. Adjust the straps to ensure a snug fit without being too tight. The shoulder straps can be adjusted for height.
5. To release, press the button on the central buckle.

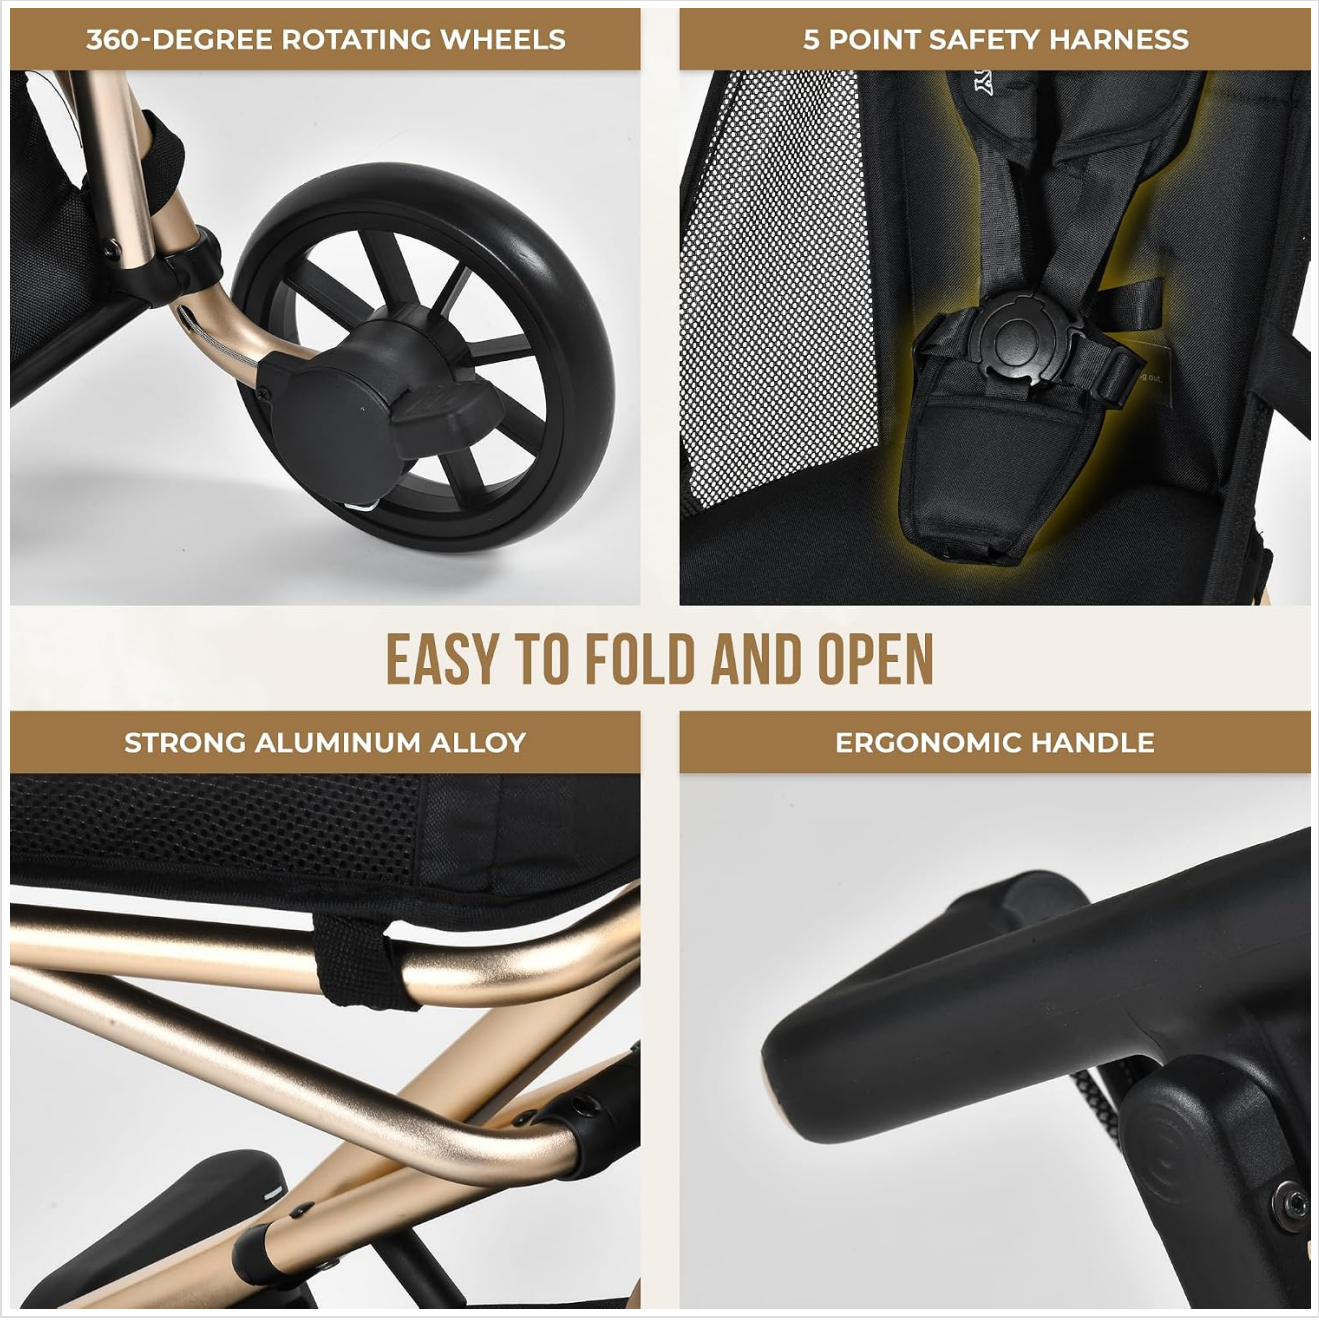

Image: Detailed view of the stroller's features, including the 5-point safety harness, 360-degree rotating wheels, strong aluminum alloy frame, and ergonomic handle.

5.3 Engaging the Brakes

The stroller is equipped with a single foot-operated brake pedal that locks both rear wheels.

1. To engage the brake, press down firmly on the brake pedal located near one of the rear wheels.
2. Verify that the stroller does not move by gently pushing it.

3. To release the brake, lift the pedal upwards.

5.4 Adjusting the Sunshade

The sunshade can be adjusted to provide optimal sun protection for your child. Simply pull or push the canopy to the desired position.

5.5 Maneuvering the Stroller

The Unilove Breeze Stroller features 360-degree rotating wheels for easy maneuverability in various environments.

Image: An annotated diagram of the Unilove Breeze Stroller, pointing out features such as the canopy, leatherette handle, 5-point safety harness, comfortable seat, aluminum frame, foot holder, spacious storage basket, safety brake system, and EVA wheels.

6. Maintenance

Regular maintenance ensures the longevity and safe operation of your stroller.

- **Cleaning:** The fabric components, including the breathable mesh seat and sunshade, can be spot cleaned with a mild soap and damp cloth. Do not use harsh detergents or abrasive cleaners. Allow to air dry

completely.

- **Frame Care:** Wipe the aluminum alloy frame with a soft, damp cloth. Dry thoroughly to prevent rust.
- **Wheels:** Periodically check the wheels for debris and ensure they rotate freely. Clean any accumulated dirt or hair from the wheel axles.
- **Storage:** Store the stroller in a dry, cool place away from direct sunlight and extreme temperatures.

7. Troubleshooting

If you encounter issues with your Unilove Breeze Stroller, refer to the following common solutions:

- **Stroller does not unfold/fold smoothly:** Ensure all locking mechanisms are disengaged before folding. For unfolding, ensure the handle is pulled firmly until it clicks into place. Check for any obstructions in the folding mechanism.
- **Wheels are stiff or squeaky:** Clean the wheels and axles to remove any dirt or debris. A small amount of silicone-based lubricant can be applied to the axles if needed, avoiding contact with the brake mechanism.
- **Harness is too tight/loose:** Adjust the harness straps by sliding the adjusters to achieve a snug and secure fit for your child. Ensure shoulder straps are at the correct height.
- **Brake not engaging:** Check for any debris obstructing the brake mechanism. Ensure the pedal is fully depressed.

If problems persist, contact Unilove customer support for assistance.
