Mega Construx Pokemon Every Eevee Evolution! Pack Instruction Manual

Model: GFV85 | Brand: Mega

1. PRODUCT OVERVIEW

The Mega Construx Pokemon Every Eevee Evolution! Pack allows you to build all nine of Eevee's iconic evolutions. This set includes Vaporeon, Jolteon, Flareon, Espeon, Umbreon, Leafeon, Glaceon, and Sylveon, alongside Eevee itself. Each figure is fully articulated, enabling dynamic posing and display. The innovative packaging features color-coded building compartments, simplifying the assembly process for each character.

Key Features:

- Buildable Eevee, Vaporeon, Jolteon, Flareon, Espeon, Umbreon, Leafeon, Glaceon, Sylveon figures.
- Each figure is fully articulated for dynamic posing.
- Simple, organized, color-coded building and instructions.
- Designed for display with other Pokémon construction sets from Mega.
- Encourages imaginative play and world-building.

2. SETUP INSTRUCTIONS

Follow these steps to assemble your Mega Construx Eevee Evolution figures:

1. **Unpack the Set:** Carefully remove all contents from the packaging. You will find the building pieces sorted into

color-coded compartments, corresponding to each Eevee evolution.

2. **Identify Figures:** Each compartment contains the necessary pieces for one specific Eevee evolution. Refer to the included instruction booklet to match the compartment color to the correct figure.
3. **Follow Instructions:** Use the detailed, step-by-step instructions provided in the manual for each figure. The instructions are designed to be clear and easy to follow, guiding you through the assembly process.
4. **Assemble Each Figure:** Begin assembling one figure at a time. Ensure all pieces are securely connected to prevent figures from falling apart during play or display.
5. **Verify Articulation:** Once assembled, gently test the articulation points of each figure to ensure they move freely as intended.

3. OPERATING YOUR FIGURES

Your Mega Construx Eevee Evolution figures are designed for both display and imaginative play. Here's how to get the most out of them:

- **Posing:** Each figure features multiple points of articulation. Gently move the limbs, heads, and other articulated parts to create various poses. This allows for dynamic displays and enhances play scenarios.
- **Display:** Once assembled and posed, your figures can be proudly displayed on shelves, desks, or within a larger Pokemon-themed collection. Their detailed design makes them excellent collectibles.
- **Imaginative Play:** Engage in creative storytelling and battles with your Eevee evolutions. Recreate scenes from the Pokemon world or invent new adventures. The figures are durable enough for active play.

4. CARE AND MAINTENANCE

To ensure the longevity and appearance of your Mega Construx figures, follow these simple care instructions:

- **Cleaning:** Dust figures regularly with a soft, dry cloth. For more thorough cleaning, wipe with a damp cloth using mild soap and water. Avoid harsh chemicals or abrasive cleaners, as these can damage the plastic.
- **Storage:** Store figures in a cool, dry place away from direct sunlight and extreme temperatures. Prolonged exposure to sunlight can cause colors to fade.
- **Handling:** Handle figures gently, especially when posing articulated parts, to prevent breakage. Avoid dropping or throwing the figures.
- **Disassembly:** If you need to disassemble figures, do so carefully to avoid stressing or breaking connection points.

5. TROUBLESHOOTING

If you encounter any issues with your Mega Construx Eevee Evolution figures, refer to the following common solutions:

- **Loose Parts:** If a part feels loose or does not attach securely, ensure it is correctly aligned with the corresponding connection point. Apply firm, even pressure until it clicks into place. If a part consistently remains loose, it may be due to manufacturing tolerances. In such cases, contact customer support.
- **Missing Pieces:** Before assembly, carefully check all compartments and the packaging for any small pieces that might have been overlooked. If a piece is genuinely missing, contact Mega customer support with your product details.
- **Difficulty Assembling:** Refer back to the instruction manual. Ensure you are using the correct pieces for each step and that they are oriented correctly. Sometimes, a slight adjustment in angle can make a difference.
- **Stiff Articulation:** If an articulated joint is stiff, gently work it back and forth a few times. Avoid forcing it, as this could cause damage.
