3. PRODUCT OVERVIEW AND FEATURES

The Tek Styz TS-1242 headset is designed for comfort and functionality, featuring an ergonomic design and intuitive controls.

Key Features:

- **Bluetooth 5.3 Technology:** Provides a stable, efficient, and long-range wireless connection (up to 33 feet).
- **Dual Microphones with CVC 6.0 Noise Cancellation:** Ensures clear communication by reducing background noise for both you and your caller.
- **IPX5 Water Resistance:** Protects against splashes and sweat, making it suitable for various environments.
- **Long Battery Life:** Up to 24 hours of talk/music time and 720 hours of standby time on a single charge.
- **Multi-functional Button:** Control music playback, answer/reject/hang up calls, and activate voice notifications.

- **On-screen Battery Display:** (For newer Android/iOS devices) Monitor battery levels directly on your smartphone.
- **Connect Two Devices:** Supports simultaneous connection to two Bluetooth-enabled devices.

4. SETUP

4.1 Charging the Headset

1. Connect the MicroUSB charging cable to the charging port on the headset.
2. Plug the other end of the cable into a USB power source (e.g., computer, wall adapter).
3. The LED indicator on the headset will show charging status. A full charge typically takes about 1 hour.
4. Once fully charged, disconnect the charging cable.

4.2 Pairing with a Bluetooth Device

1. **Power On:** Slide the ON/OFF switch to the 'ON' position. The headset will enter pairing mode, indicated by a flashing LED light (usually blue and red alternating).
2. **Activate Bluetooth:** On your smartphone or other device, enable Bluetooth.
3. **Search for Devices:** In your device's Bluetooth settings, search for available devices.

4. **Select Headset:** Locate and select "TS-1242" (or similar name) from the list of available devices.
5. **Confirm Pairing:** Once paired, the LED indicator on the headset will typically show a slow blue flash or turn solid blue. A voice prompt may also confirm the connection.

Note: If prompted for a password, enter "0000" (four zeros).

4.3 Adjusting the Fit

The headset comes with multiple ear adapters and an over-ear adapter to ensure a comfortable and secure fit.

- Experiment with different ear adapter sizes to find the best seal for your ear canal.
- Attach the large over-ear adapter if you prefer additional stability.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **Power On:** Slide the ON/OFF switch to the 'ON' position.
- **Power Off:** Slide the ON/OFF switch to the 'OFF' position.

5.2 Call Management

Answer Hang up Key

- **Answer or end calls; double-click redial recent calls**
- **When listening to the music, click to pause, and then click to play**

Figure 5.1: Answer/Hang Up Key Functionality

- **Answer Call:** Press the Multi-functional button once when an incoming call rings.
- **End Call:** Press the Multi-functional button once during a call.
- **Reject Call:** Press and hold the Multi-functional button for approximately 2 seconds when an incoming call rings.
- **Redial Last Number:** Double-click the Multi-functional button to redial the most recent outgoing call.

5.3 Music Playback

- **Play/Pause:** Press the Multi-functional button once to play or pause music.

5.4 Voice Assistant

- **Activate Voice Assistant:** Press and hold the Multi-functional button for approximately 2 seconds (when not on a call or playing music) to activate your device's voice assistant (e.g., Siri, Google Assistant).

6. MAINTENANCE

6.1 Cleaning

- Wipe the headset with a soft, dry, or slightly damp cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Regularly clean the ear adapters to prevent wax buildup, which can affect sound quality.

6.2 Water Resistance (IPX5)

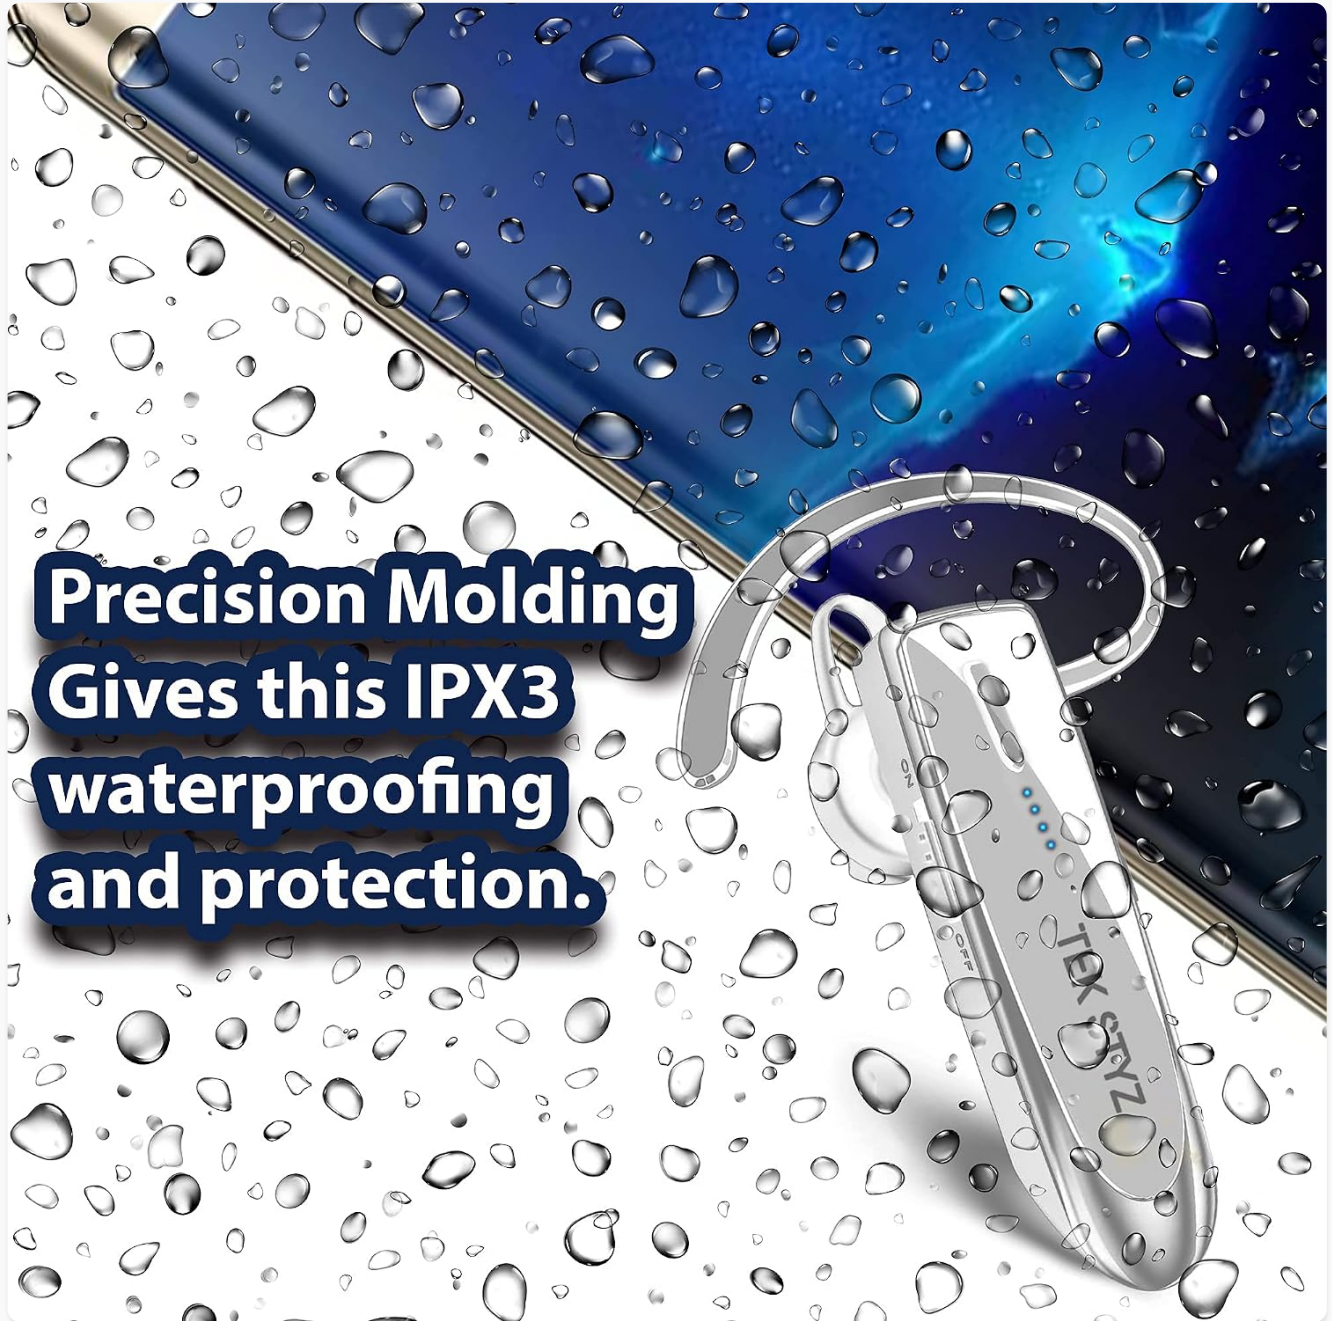

Figure 6.1: IPX5 Water Resistance

The headset is rated IPX5 water resistant, meaning it can withstand low-pressure water jets from any direction. This makes it suitable for use during light rain or sweaty workouts.

- Do not submerge the headset in water.
- Avoid exposing it to high-pressure water streams.
- Ensure the charging port cover (if present) is securely closed to maintain water resistance.

6.3 Storage

- Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.

- Avoid storing it with sharp objects that could scratch or damage the unit.

7. TROUBLESHOOTING

If you encounter any issues with your headset, please refer to the following common solutions:

Problem	Possible Cause	Solution
Headset won't turn on	Low battery	Charge the headset fully.
Cannot pair with device	Bluetooth not enabled; headset not in pairing mode; device too far	Ensure Bluetooth is on, headset is in pairing mode (flashing LED), and devices are within 1 meter. Restart both devices.
No sound or low volume	Volume too low; headset not connected; ear adapter issue	Increase volume on both headset and device. Re-pair the headset. Check ear adapter fit and cleanliness.
Poor call quality	Weak signal; microphone obstruction; environmental noise	Move closer to your device. Ensure microphone is clear. Move to a quieter environment.
Battery drains quickly	Old battery; continuous use at high volume	Ensure full charge. Reduce volume if possible. Contact support if issue persists with new device.
