ADVWIN THL001-MIZ Electric Infrared Patio Heater User Manual

Model: THL001-MIZ

1. IMPORTANT SAFETY INSTRUCTIONS

Please read this manual carefully before using the ADVWIN THL001-MIZ Electric Infrared Patio Heater. Failure to follow these instructions may result in electric shock, fire, or serious injury. Keep this manual for future reference.

- Always ensure the heater is placed on a firm, level surface to prevent tipping.
- Do not operate the heater near flammable materials such as furniture, curtains, or paper. Maintain a minimum clearance of 3 feet (0.9 meters) from all sides.
- This heater is equipped with IP55 waterproof protection, making it suitable for outdoor use. However, avoid direct exposure to heavy rain or submerging the unit in water.
- Always unplug the heater when not in use or before cleaning.
- Do not insert any objects into the heater's grilles or openings.
- Keep children and pets away from the heater during operation.
- Do not use the heater if the cord or plug is damaged. Contact qualified service personnel for repair.
- The heater is designed for 110V electrical outlets. Ensure your power supply matches this requirement.

2. PRODUCT OVERVIEW

The ADVWIN THL001-MIZ is a 1500W electric infrared patio heater designed for efficient and quiet heating in both indoor and outdoor environments. Its freestanding design offers flexibility in placement, and it includes a tip-over protection feature for enhanced safety.

Components:

- Infrared Heating Element with Protective Grille
- Heating Shade/Reflector
- Adjustable Stand Pole
- Stable Round Base

- Power Cord with Plug
- On/Off Power Switch

This image illustrates the overall dimensions of the ADVWIN THL001-MIZ freestanding electric infrared patio heater. The total height is 80.7 inches. The heating shade has a diameter of 19.7 inches, and the stable round base measures 17.7 inches in diameter. The power cord extends 74.8 inches from the base.

A detailed view of the heater's control panel, showing the main power switch located on the underside of the heating element housing. The infrared heating element is visible behind a protective grill.

3. SETUP AND ASSEMBLY

Follow these steps to assemble your ADVWIN THL001-MIZ heater:

1. **Unpack:** Carefully remove all components from the packaging. Ensure all parts are present and undamaged.
2. **Assemble the Base:** Attach the stand pole to the round base using the provided screws and tools. Ensure it is securely fastened.
3. **Attach the Heating Unit:** Secure the infrared heating unit to the top of the stand pole. Align the holes and tighten all screws firmly.
4. **Placement:** Place the assembled heater on a stable, level surface. Ensure there is at least 3 feet (0.9 meters) of clearance from any walls, ceilings, or flammable objects. Do not place the heater directly under a power outlet.
5. **Power Connection:** Plug the power cord into a grounded 110V electrical outlet. Ensure the outlet is suitable for the

heater's 1500W power consumption.

4. OPERATING INSTRUCTIONS

To operate your ADVWIN THL001-MIZ Electric Infrared Patio Heater:

- Power On:** Once the heater is properly assembled and plugged in, locate the On/Off power switch, typically found on the underside of the heating unit. Press the switch to the 'On' position.
- Heating:** The infrared heating element will begin to glow and emit heat immediately. Allow a few minutes for the heater to reach its full heating capacity.
- Tip-Over Protection:** This heater is equipped with an internal safety switch that automatically turns off the unit if it is accidentally tipped over. If this occurs, return the heater to an upright position, and it should resume operation. If it does not, press the power switch off and then on again.
- Power Off:** To turn off the heater, press the On/Off power switch to the 'Off' position. Unplug the heater from the power outlet when not in use.

5. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your heater.

- Cleaning:** Before cleaning, always unplug the heater and allow it to cool completely. Use a soft, damp cloth to wipe the exterior surfaces. Do not use abrasive cleaners, solvents, or immerse the heater in water.
- Storage:** When not in use for extended periods, store the heater in a cool, dry place, preferably in its original packaging, to protect it from dust and damage.
- No User-Serviceable Parts:** The heating element and internal components are not user-serviceable. Do not attempt to open or repair the heater yourself. Contact qualified service personnel for any repairs.

6. TROUBLESHOOTING

If you encounter issues with your heater, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Heater does not turn on.	No power supply. Power switch is off. Tip-over switch activated.	Check if the power cord is securely plugged into a working 110V outlet. Ensure the power switch is in the 'On' position. Ensure the heater is upright on a level surface. Turn off and on again.
Heater turns off unexpectedly.	Heater tipped over. Overheating protection activated.	Ensure the heater is upright on a level surface. Unplug the heater, allow it to cool for 30 minutes, then plug it back in. Ensure proper ventilation.
No heat output.	Heating element failure.	If the heater turns on but produces no heat, discontinue use and contact customer support.

7. SPECIFICATIONS

Feature	Specification
---------	---------------

Feature	Specification
Brand	ADVWIN
Model Number	THL001-MIZ
