2. INCLUDED COMPONENTS

Before beginning assembly, verify that all parts listed below are present. If any components are missing or damaged, please contact WLIVE customer support.

- Main Panels (Top, Bottom, Sides, Back)
- Drawer Panels and Slides
- LED Light Strip and Controller

- Integrated Charging Station (2 AC Outlets, 2 USB Ports, Power Cord)
- Assembly Hardware (Screws, Dowels, Cam Locks, etc.)
- Assembly Instructions (Printed Guide)
- Tools: Allen Key, Screwdriver (provided)

3. SETUP AND ASSEMBLY

Assembly is required for this nightstand. Please follow the detailed instructions provided in the included assembly guide. It is recommended to have ample space and patience during the assembly process. While a screwdriver and Allen key are provided, a power drill may assist with pre-drilled holes if you are comfortable using one.

3.1. Pre-Assembly Checklist

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Verify all parts against the component list in your separate assembly guide.
3. Ensure you have the recommended tools: Allen key and screwdriver.

3.2. Assembly Steps (General Guidance)

Refer to your specific assembly manual for step-by-step diagrams and instructions. The general process involves:

1. **Frame Construction:** Assemble the main frame of the nightstand using the provided hardware. Ensure all connections are secure.
2. **Drawer Assembly:** Construct the two wooden drawers, attaching the drawer slides as indicated.
3. **Charging Station Installation:** Integrate the charging station into the designated compartment, typically the sliding top section.
4. **LED Light Strip Application:** Carefully attach the LED light strip to the designated areas. Connect the LED controller.
5. **Final Touches:** Insert the assembled drawers into the frame and ensure smooth operation.

Important Note:

- Some pre-drilled holes may require slight deepening for screws to sit flush. Proceed with caution if using a power drill.
- If any adhesive protective films are difficult to remove, wetting them slightly may help.

4. OPERATING INSTRUCTIONS

4.1. LED Lighting System

The nightstand features a multi-color LED light strip. To operate:

1. **Power Connection:** Ensure the LED light strip is properly connected to its power source and the nightstand is plugged into a wall outlet.
2. **Mobile App Control:** Download the designated mobile application (refer to the separate LED instruction

sheet for app name and QR code). Use the app to:

- Adjust brightness levels.
- Select from over 6000 color levels.
- Activate microphone rhythm mode (lights react to sound).
- Set music rhythm mode (lights sync with music).
- Utilize timer functions for automatic on/off.

3. **Remote Control (if included):** If a physical remote control is provided, insert a CR2025 battery (not included) to operate the lights. The lights may default to 'on' until turned off via the remote or app.

4.2. Built-in Charging Station

The nightstand includes a convenient charging station to power your devices.

1. **Power Connection:** Ensure the nightstand's main power cord is securely plugged into a functional wall outlet.
2. **Device Charging:** The charging station provides:
 - **Two (2) AC Outlets:** For standard plugs (e.g., lamps, laptop chargers).
 - **Two (2) USB Ports:** For charging smartphones, tablets, and other USB-powered devices.
3. **Sliding Top Access:** The charging station is typically located within a pull-out or sliding top compartment, allowing for discreet cable management and maximizing tabletop space.

4.3. Storage Features

The nightstand offers multiple storage options:

- **Spacious Tabletop:** For lamps, alarm clocks, and other frequently accessed items.
- **Two Wooden Drawers:** Ideal for organizing personal belongings, books, or electronics.
- **Pull-out Hidden Top Compartment:** Provides additional discreet storage, often housing the charging station.

capacity for various items like books, gadgets, and personal effects. The design promotes organization and reduces clutter.

5. MAINTENANCE AND CARE

Proper care will help maintain the appearance and functionality of your WLIVE Nightstand.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** The nightstand is not stain-resistant. Clean spills immediately with a dry cloth to prevent staining or damage to the engineered wood.
- **Fingerprints:** The black finish may show fingerprints. Regular wiping with a microfiber cloth can keep it looking clean.
- **Weight Capacity:** Do not exceed the maximum weight recommendation of 50 pounds for the tabletop. Distribute weight evenly.
- **Environmental Conditions:** Avoid placing the nightstand in direct sunlight or near heat sources, as this can cause material degradation or discoloration. Maintain a stable room temperature and humidity.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your WLIVE Nightstand.

Problem	Possible Cause	Solution
Difficulty during assembly	Confusing instructions, misaligned pre-drilled holes, tight screw fits.	Review the assembly guide carefully. Ensure parts are oriented correctly. If pre-drilled holes are too small, gently deepen them with an appropriate tool (e.g., a power drill on a low setting, if experienced). Patience is key.
LED lights not working or unresponsive	Loose connection, remote battery dead/missing, app not connected.	Check all power connections for the LED strip. If using a remote, ensure a fresh CR2025 battery is installed (battery not included). Verify the mobile app is correctly paired and connected to the LED controller.
Charging station not providing power	Nightstand not plugged in, loose power cord, faulty outlet.	Ensure the nightstand's main power cord is securely plugged into a functional wall outlet. Test the outlet with another device. Check for any loose connections within the charging station compartment.
Drawers do not slide smoothly	Incorrectly installed drawer slides, debris in tracks, uneven assembly.	Recheck the installation of the drawer slides according to the assembly guide. Ensure tracks are clean and free of obstructions. Verify the nightstand frame is assembled squarely.
Visible fingerprints or smudges on surface	Natural accumulation on black finish.	Regularly wipe the surface with a clean, dry microfiber cloth to remove fingerprints and smudges.
