Lamshaw T70-TPU

Lamshaw Smartwatch Screen Protector User Manual

Model: T70-TPU

INTRODUCTION

This manual provides comprehensive instructions for the installation and care of your Lamshaw Full Coverage TPU Clear Film Screen Protector, designed specifically for the Soudorv Smartwatch T70-1.91”. This screen protector offers maximum coverage, sensitive touch response, and ultra-clear visibility to protect your device's screen effectively.

WHAT'S IN THE BOX

Your Lamshaw Screen Protector package includes the following items:

- 6 x Screen Protectors
- 1 x Clean Set (typically includes wet and dry wipes, and a microfiber cloth)

INSTALLATION GUIDE

For optimal results, please follow these installation steps carefully. It is highly recommended to watch the official installation video provided below before beginning the process.

Official Installation Video

Video: A detailed step-by-step guide demonstrating the proper method for installing the TPU screen protector on a smartwatch.

Step-by-Step Instructions:

- Clean the Screen:** Use the provided wet wipe (Wipes 1) to thoroughly clean the smartwatch screen, removing any dust, fingerprints, or smudges.
- Dry the Screen:** Follow with the dry wipe (Wipes 2) to ensure the screen is completely dry and lint-free. Use the microfiber cloth for a final polish if necessary.
- Prepare the Protector:** Carefully peel off the protective film from the screen protector, typically marked as "FRONT" or "Step 1". Avoid touching the adhesive side.
- Align and Apply:** Align the screen protector precisely with the smartwatch screen. Start from one edge and slowly lower the protector, allowing it to adhere naturally.
- Remove Bubbles:** Use the provided squeegee or a soft cloth to gently push out any air bubbles towards the nearest edge. Small bubbles may disappear naturally within 24 hours due to the self-healing properties of the TPU material.
- Final Polish:** Once applied, gently wipe the screen protector with the microfiber cloth to remove any remaining smudges.

Special Oleophobic Coating

Keep clean and clear against smudges and oil residue

PRODUCT FEATURES

- **Compatibility:** Specifically designed for Soudorv Smartwatch T70-1.91", also compatible with Kuizil Smartwatch T70-1.91", WeurGhy Smartwatch T70-1.91", and Csasan Smartwatch T70-1.91". Please verify your watch model before purchase.
- **Sensitive Touch:** With an ultra-thin 0.1mm thickness, the protector maintains the smartwatch's original response sensitivity, ensuring quick and accurate app launching and navigation.

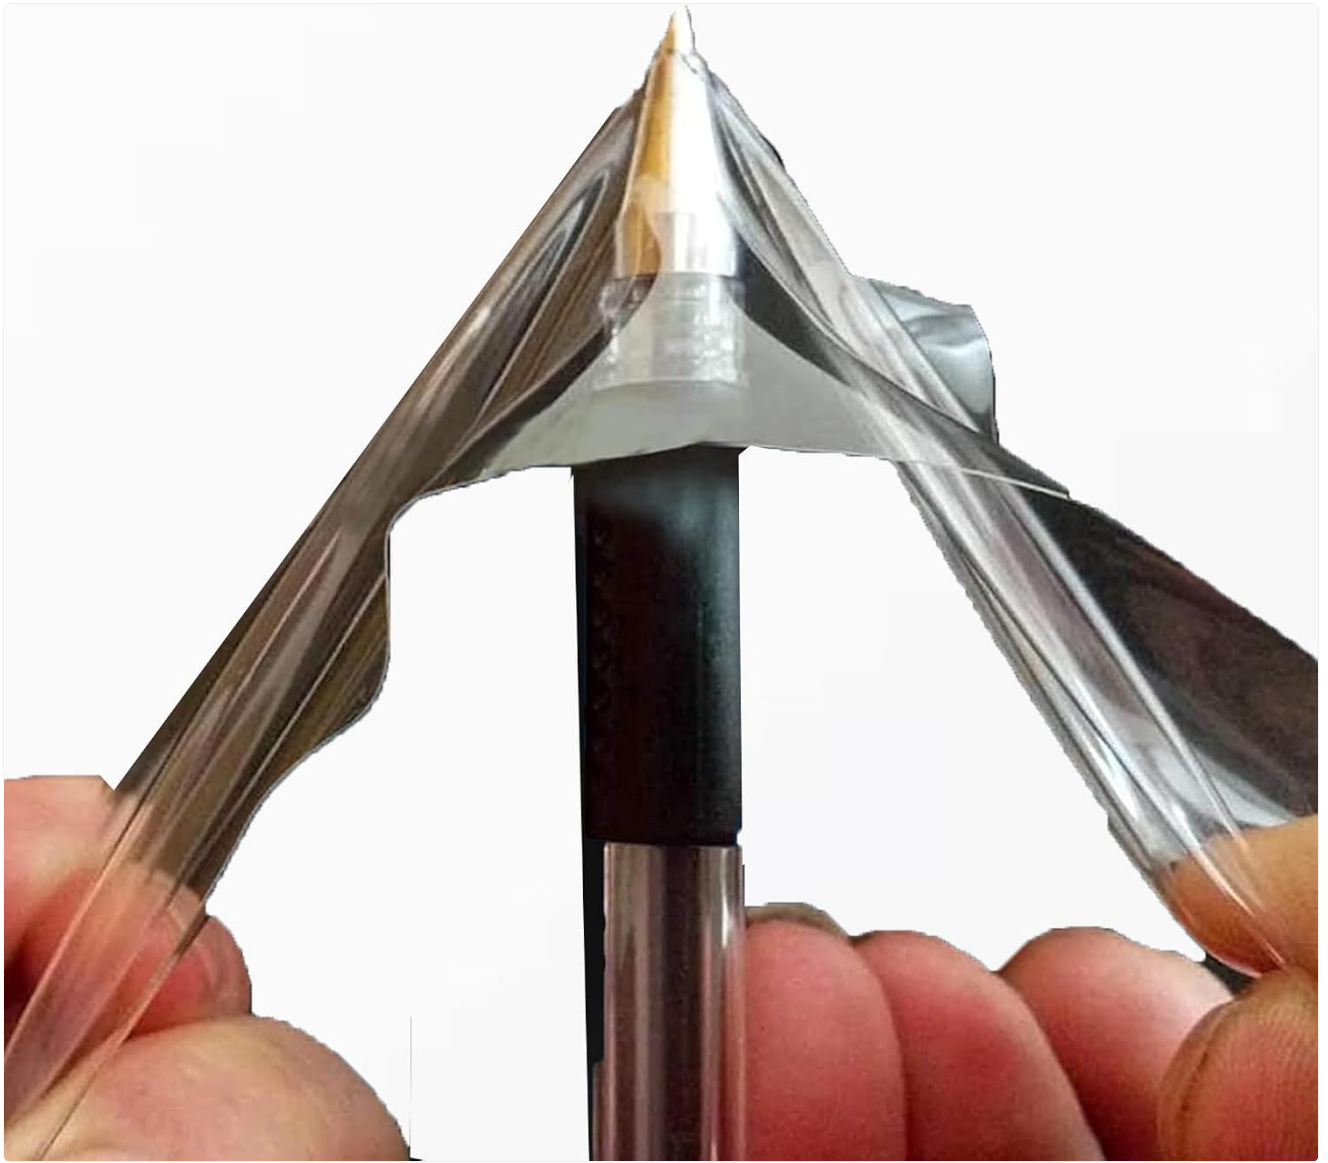

Image: A hand interacting with a smartwatch screen protected by the film, highlighting its responsive touch capabilities.

- **Maximum Coverage:** The flexible TPU material is engineered to perfectly fit your screen from curved edge to curved edge, providing comprehensive protection.
- **Ultra Clear:** Boasts 99% HD clarity with a high-definition transparency film, preserving the bright and colorful image quality of your smartwatch display.
- **Oleophobic Coating:** Features a special oleophobic coating to keep the screen clean and clear, resisting smudges and oil residue.

Original Touch Response

Responds quickly without any lag or mistake

MAINTENANCE

To ensure the longevity and clarity of your Lamshaw screen protector, follow these simple maintenance tips:

- Regularly wipe the screen with a clean, soft microfiber cloth to remove dust and fingerprints.
- Avoid using harsh chemicals or abrasive materials, as these can damage the oleophobic coating and the protector itself.
- If the protector becomes excessively dirty, lightly dampen the microfiber cloth with water (do not spray water directly on the smartwatch) and gently clean the surface.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

Problem	Solution
---------	----------

Problem	Solution
Bubbles after installation	Small bubbles should disappear within 24 hours due to the self-healing material. For larger bubbles, gently push them towards the nearest edge using the squeegee or a soft cloth. Ensure the screen was thoroughly cleaned before application.
Reduced touch sensitivity	Ensure the screen protector is properly adhered without any lifted edges. If the issue persists, re-installation might be necessary after ensuring the screen is perfectly clean.
Dust or lint under the protector	This indicates the screen was not completely clean before application. Carefully lift a corner of the protector, use a dust-absorber sticker (if available in your clean set) to remove the dust, and re-apply.

SPECIFICATIONS

Attribute	Detail
Brand	Lamshaw
Model Number	T70-TPU
Material	Thermoplastic Polyurethane (TPU)
Thickness	0.1mm
Finish Type	Glossy
Product Dimensions	3.94 x 1.97 x 0.5 inches (packaging)
Item Weight	0.704 ounces
