2. SAFETY INSTRUCTIONS

To reduce the risk of electric shock, burns, fire, or injury, observe the following safety precautions:

- Do not immerse the charging cable or power adapter in water or other liquids.
- Keep the appliance away from children.
- Do not use the shaver if it is damaged or malfunctioning.
- Only use the provided charging cable and adapter.
- Ensure hands are dry when plugging or unplugging the charger.
- This appliance is designed for shaving facial hair. Do not use it for other purposes.
- Avoid using the shaver on irritated or broken skin.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- Gaabor ER-T01A Razor Electric Shaver
- Protective Cap
- USB Charging Cable
- Cleaning Brush
- Travel Case
- User Manual (this document)

5. SETUP

5.1 Initial Charging

Before using your shaver for the first time, ensure it is fully charged. Connect the USB charging cable to the shaver's charging port and plug the other end into a compatible USB power source (e.g., computer, USB wall adapter). The charging indicator light will illuminate during charging and change color or turn off when fully charged.

6. OPERATING INSTRUCTIONS

6.1 Turning On/Off

The Gaabor ER-T01A shaver features a smart touch activation. To turn on the shaver, simply press and hold the power button for a few seconds until the blades start rotating. To turn it off, press and hold the power button again.

6.2 Shaving Technique

For optimal results, hold the shaver at a right angle to your skin and move it in small, circular motions. Stretch your skin with your free hand to ensure a smooth surface. Shave against the direction of hair growth for a closer shave. The shaver can be used for both dry and wet shaving.

Figure 7: Demonstrating the shaver in use on facial hair.

7. MAINTENANCE

7.1 Cleaning the Shaver

Regular cleaning ensures optimal performance and hygiene. Since the shaver is waterproof, you can rinse the shaving head directly under running water after each use. For a more thorough cleaning, detach the shaving head and use the provided cleaning brush to remove any accumulated hair. Ensure the shaver is turned off before cleaning.

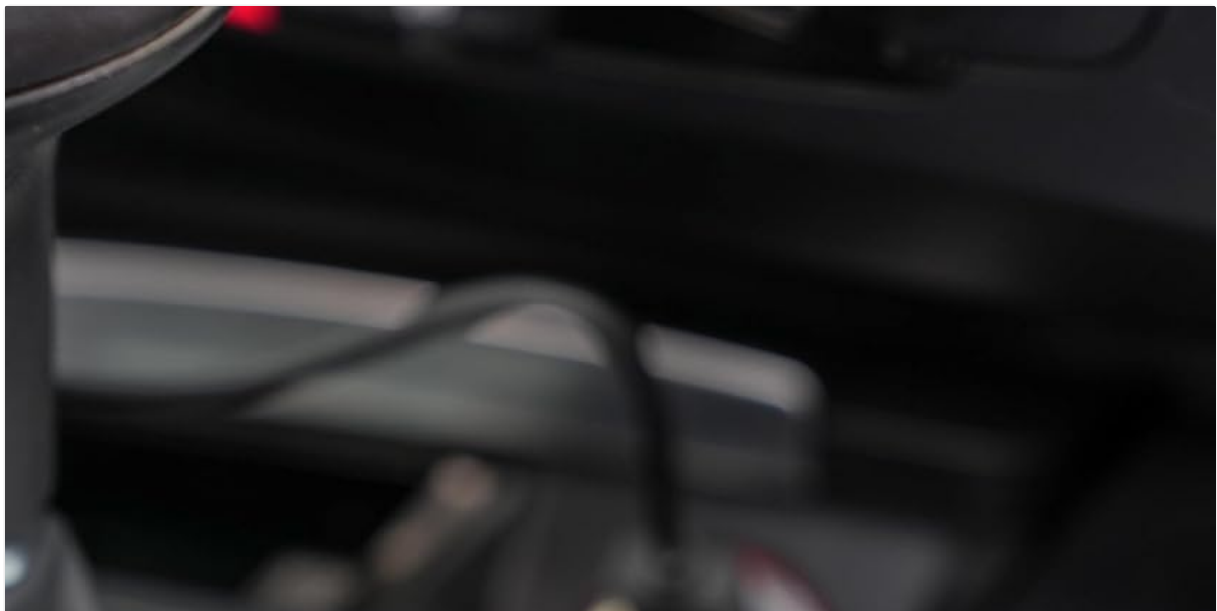

Figure 8: The shaver being rinsed under running water for easy cleaning.

7.2 Storage

Store the shaver in a cool, dry place. Use the protective cap to cover the shaving head when not in use to prevent damage. The included travel case is ideal for storage and transport.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Shaver does not turn on.	Low battery or no charge.	Charge the shaver fully.
Poor shaving performance.	Blades are dirty or dull.	Clean the shaving head. Consider replacing blades if dull.
Shaver makes unusual noise.	Hair trapped in blades or internal issue.	Clean the blades thoroughly. If issue persists, contact customer support.
