Oakley OO9480

Oakley Sielo SQ OO9480 Rectangle Sunglasses User Manual

Model: OO9480

1. Product Overview

The Oakley Sielo SQ OO9480 Rectangle Sunglasses are designed for women, combining advanced Oakley technology with a sleek, athletic style. These sunglasses are suitable for both competitive athletes and casual wearers who prioritize superior optics and a comfortable fit. This bundle includes an accessory leash kit and a microfiber pouch for enhanced care and security.

Key Features:

- **Oakley Polycarbonate Lenses:** These lenses offer high impact resistance, lightweight comfort, and optical clarity. They are designed to provide comfort, protection, and performance-enhancing features for various outdoor activities.
- **Unobtainium Nosepads:** Engineered for a no-slip grip, ensuring the sunglasses stay securely in place even during activity.
- **Soft-Touch Temple Tips:** Designed for enhanced comfort and retention, preventing slippage.

- **Care and Secure Kit:** Includes an Oakley microfiber bag and an Oakley leash to keep your sunglasses clean, secure, and readily accessible.

2. Setup and Fit

Your Oakley Sielo SQ sunglasses are designed for immediate use. Proper fit ensures optimal comfort and performance.

Initial Inspection:

- Carefully remove the sunglasses from their packaging.
- Inspect the frame and lenses for any visible damage.

Achieving Optimal Fit:

The Oakley Sielo SQ OO9480 features Unobtainium nosepads and soft-touch temple tips that provide a no-slip grip and enhanced retention. These materials increase grip when wet, ensuring the sunglasses stay in place during physical activity.

- Place the sunglasses on your face, ensuring the nosepads rest comfortably on your nose bridge.
- The temple arms should extend comfortably over your ears without causing pressure points.
- If the fit feels too loose or too tight, minor adjustments can sometimes be made by an eyewear professional. Avoid attempting to bend the frame yourself, as this may cause damage.

3. Operating Your Sunglasses

Wearing your Oakley Sielo SQ sunglasses is straightforward. The advanced lens technology enhances your visual experience.

Wearing Instructions:

- Gently open the temple arms and place the sunglasses on your face, positioning the nosepads on your nose bridge.
- Ensure the lenses cover your eyes adequately for optimal protection.

Prizm Black Polarized Lenses:

Your sunglasses feature Prizm Black Polarized lenses. Oakley Prizm lens technology fine-tunes vision for specific environments, enhancing contrast and visibility. The polarized feature reduces glare from reflective surfaces like water, snow, and roads, providing clearer vision and reducing eye strain.

- **Enhanced Contrast:** Prizm lenses boost color and contrast, allowing you to see details more clearly.
- **Glare Reduction:** Polarization effectively blocks horizontal light waves, eliminating distracting glare.
- **UV Protection:** Oakley lenses provide 100% protection against UVA, UVB, and UVC rays, as well as harmful blue light up to 400nm.

4. Maintenance and Care

Proper care will extend the life and maintain the performance of your Oakley Sielo SQ sunglasses.

Cleaning Instructions:

- Use the provided microfiber cloth and a specialized lens cleaner. Avoid using clothing, paper towels, or household cleaners, as these can scratch or damage the lens coatings.
- For stubborn dirt or smudges, rinse the lenses under lukewarm water before cleaning with the cloth and cleaner.
- Gently wipe the lenses and frame until clean and dry.

Image: An eyewear cleaning kit, typically including a spray cleaner, microfiber cloth, and a small screwdriver for maintenance.

Storage:

- Always store your sunglasses in the provided microfiber bag or a hard case when not in use. This protects them from scratches and impacts.
- Avoid leaving sunglasses in direct sunlight in a vehicle, as extreme heat can damage the frame and lens coatings.

5. Troubleshooting

If you encounter any issues with your Oakley Sielo SQ sunglasses, consider the following common solutions:

Common Issues and Solutions:

- **Lenses appear dirty or smudged:** Refer to the "Cleaning Instructions" in Section 4. Ensure you are using the correct cleaning materials.
- **Sunglasses slip down your nose:** Ensure the nosepads are clean and free of oils. The Unobtainium material provides better grip when slightly damp. If the issue persists, consult an eyewear professional for potential adjustments.
- **Vision seems distorted or unclear:** Check if the lenses are clean. If the issue persists after cleaning, inspect the lenses for scratches or damage. If damaged, consider lens replacement.
- **Frame feels loose or wobbly:** Check the screws at the hinges. If they are loose, they can often be tightened with a small eyewear screwdriver (sometimes included in cleaning kits). Do not overtighten. If the frame is bent or broken, professional repair may be necessary.

For issues not covered here, or if problems persist, please contact Oakley customer support or an authorized Oakley dealer.
