## 2. SAFETY INFORMATION

Always follow the assembly instructions carefully. Keep the desk away from heat sources and liquids. Do not overload the desk or the built-in charging station. Keep electrical components away from water and never attempt to repair or modify them. Always unplug the desk when not in use or when leaving the room.

### 3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed in the packaging contents are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

## 4. ASSEMBLY INSTRUCTIONS

Assembly requires two people and a screwdriver (included). Follow the numbered steps provided in the separate assembly diagram for detailed guidance.

## 4.1. Pre-Assembly

- Unpack all components and lay them out on a clean, soft surface to prevent scratches.
- Identify all parts against the parts list provided in the packaging.

## 4.2. Reversible Configuration

The L-shaped desk can be assembled with the longer section on either the left or right side to suit your space. Decide on your preferred orientation before attaching the main desk sections.

## 4.3. Step-by-Step Assembly

1. Assemble the main desk frame using the provided screws and the included screwdriver. Ensure all connections are secure.
2. Attach the desktop panels to the assembled frame.
3. Install the monitor stand onto the main desktop.
4. Assemble the two-tier storage shelves and CPU stand, then attach them to the desk frame according to your chosen reversible configuration.
5. Mount the fabric storage bag to the side of the desk.

6. Install the power outlet unit into the designated slot on the desktop.
7. Connect the LED light strip as per the instructions in the LED lights section.
8. Adjust the foot pads on the desk legs to ensure stability and level the desk on uneven surfaces.

## 6. OPERATING INSTRUCTIONS

### 6.1. Power Outlets and USB Ports

Once the desk's power cord is plugged into a wall outlet, the integrated power outlets and USB ports are ready for use. Simply plug in your devices to charge or power them.

### 6.2. LED Lights Operation

The desk features RGB LED lights with changeable modes, colors, and adjustable brightness. Use the included remote control or the line control switch to customize the lighting ambiance.

- **Changeable Modes:** Cycle through various lighting effects.
- **RGB Colors:** Select from a spectrum of colors.
- **Adjustable Brightness:** Increase or decrease the light intensity.
- **Line Control Switch:** Provides basic control directly on the desk.

## 7. MAINTENANCE

---

### 7.1. Cleaning

Wipe the desk surfaces with a damp cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the laminated finish. Ensure the power outlets and electrical components are dry before use.

### 7.2. General Care

- Regularly check all screws and connections to ensure they remain tight.
- Avoid placing excessively hot or cold items directly on the desktop without protective coasters.
- Do not exceed the maximum weight recommendation of 220 pounds.

## 8. TROUBLESHOOTING

---

### 8.1. Power Outlets Not Working

- Ensure the desk's main power cord is securely plugged into a functional wall outlet.

- Check if the wall outlet itself is receiving power by testing with another device.
- Verify that no circuit breaker has tripped.

### 8.2. LED Lights Not Functioning

- Confirm the LED light strip is properly connected to its power source.
- Check the remote control battery and ensure it is pointed towards the receiver.
- Ensure the line control switch is not in an 'off' position.

### 8.3. Desk Instability

- Adjust the foot pads on each leg to level the desk on uneven floors.
- Tighten all assembly screws.
- Ensure the desk is placed on a flat, stable surface.
