TIMU A10

TIMU Wireless Earbuds A10 User Manual

Model: A10

1. Introduction

Thank you for choosing the TIMU Wireless Earbuds A10. These earbuds are designed to provide a high-quality audio experience with advanced features such as Bluetooth 5.4 connectivity, extended playtime, deep bass, and environmental noise cancellation for calls. This manual will guide you through the setup, operation, and maintenance of your new earbuds.

Image: Overview of TIMU A10 Wireless Earbuds features including 50 hours playtime, IPX7 waterproofing, Bluetooth 5.4, and a 14.2mm driver.

2. Package Contents

Please check the package for the following items:

- TIMU A10 Wireless Earbuds (Left and Right)
- Charging Case
- USB Charging Cable

- User Manual

3. Product Overview

The TIMU A10 earbuds feature an ergonomic design for a comfortable fit and a charging case with an LED display to show battery levels. Each earbud is lightweight, weighing only 3g.

4. Setup

4.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. The charging case features a dual LED display that accurately shows the battery level of both the case and the individual earbuds.

- Connect the USB charging cable to the charging port on the case and a power source.
- The LED display will show the charging progress.
- A full charge for the case takes approximately 1.5 hours.
- The earbuds provide up to 8 hours of playtime on a single charge, and the charging case offers an additional 50 hours of use.

Image: Illustration of the charging capabilities, indicating 1.5 hours for a fast charge, 8 hours of playtime per earbud charge, and a total of 50 hours with the charging case.

Image: A banner emphasizing the extended battery life, detailing 8 hours of use from a single earbud charge and 50 hours of total playtime when utilizing the charging case.

4.2 Pairing with Your Device

The earbuds utilize Bluetooth 5.4 technology for a stable and low-latency connection. They support HFP, A2DP, HSP, and AVRCP protocols.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (phone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "A10" from the list of devices to connect.
4. Once paired, the earbuds will automatically connect to your device when removed from the case for future use.

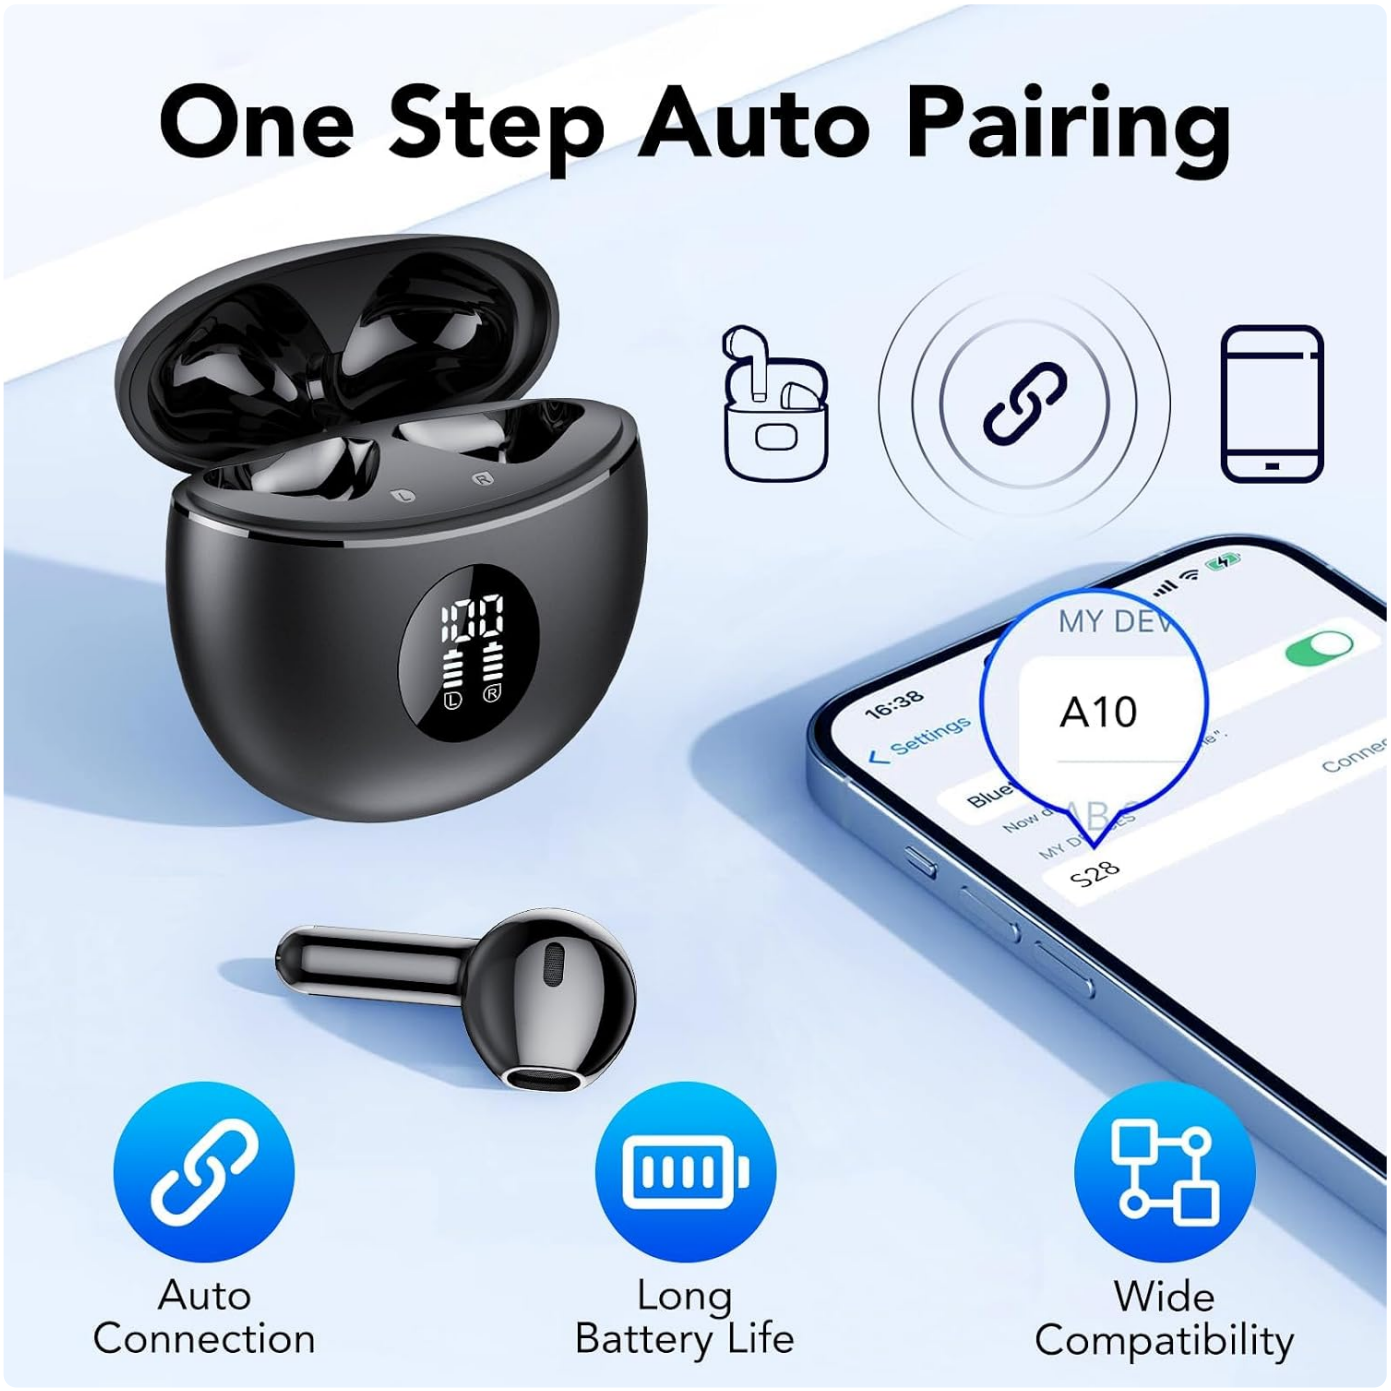

Image: A visual guide to the simple one-step pairing process, showing the earbuds connecting to a phone, and emphasizing automatic connection, extended battery life, and broad device compatibility.

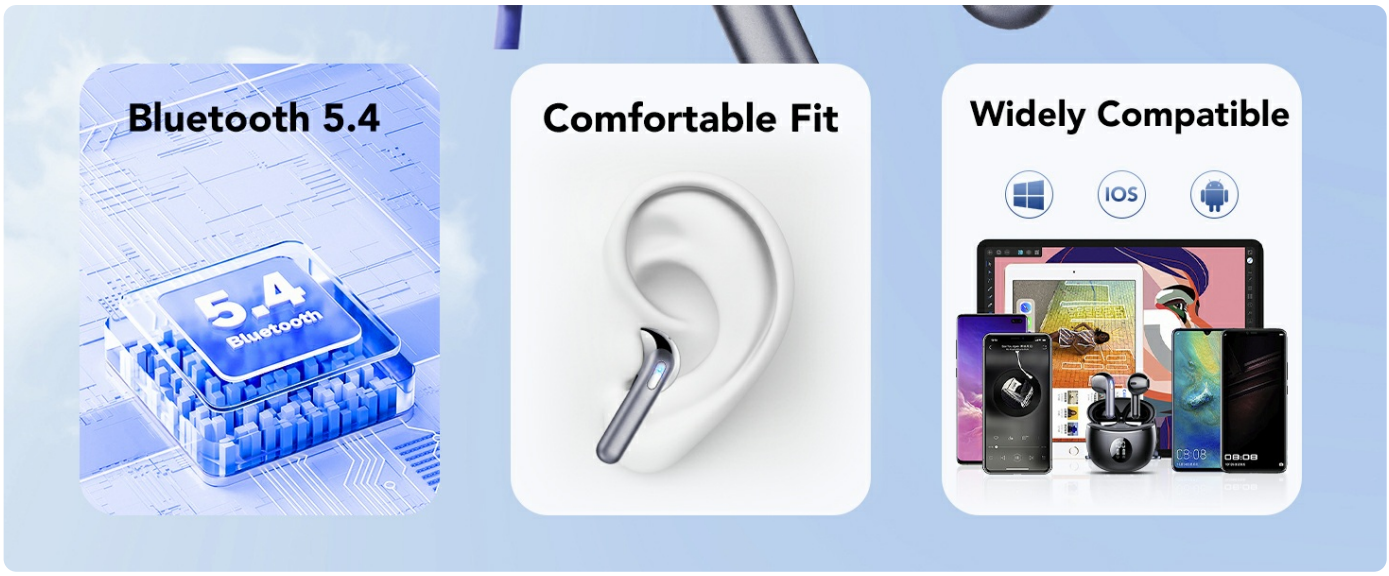

Image: A banner showcasing key features: Bluetooth 5.4 for stable connection, comfortable ergonomic fit, and wide compatibility with various operating systems like iOS and Android.

5. Operating Instructions

5.1 Touch Controls

The earbuds feature sensitive touch controls for easy operation without needing to access your phone.

Action	Function
Tap x1	Play/Pause, Answer Call, End Call, Volume Up/Down
Tap x2	Next Track, Reject Call
Tap x2s (Long Press 2 seconds)	Previous Track
Tap x3	Activate Voice Assistant (Siri, Google Assistant)

Note: To use the voice assistant, please pause the music first.

for music playback, call management, and voice assistant activation.

5.2 Audio Quality and Calls

The earbuds are equipped with 14.2mm graphene diaphragm drivers for enhanced audio performance, delivering 85% better bass. Dual hybrid ENC microphones passively cancel up to 90% of background noise for clearer calls.

Image: A close-up of the 14.2mm speaker driver, highlighting its graphene composite films which contribute to an 87% boost in bass performance.

Image: A banner promoting the enhanced bass performance (+87%) and the large 14.2mm speaker size for superior audio quality.

Image: A user demonstrating a phone call with the earbuds, accompanied by a graph illustrating the effectiveness of ENC Noise Cancelling in reducing 90% of background noise for clearer conversations.

Image: A banner explaining the CVC8.0 and ENC Noise Cancellation technology, which reduces external noise by up to 90% during phone calls.

6. Maintenance

To ensure the longevity and optimal performance of your TIMU A10 Wireless Earbuds, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using abrasive materials or harsh chemicals.
- **Water Resistance:** The earbuds feature IP7 nano-coating technology, providing protection against water damage by isolating components from humidity. While IP7 rated, avoid prolonged submersion in water. Ensure earbuds are dry before placing them back in the charging case.
- **Storage:** Store the earbuds in their charging case when not in use to protect them from dust and physical damage. Store in a cool, dry place away from extreme temperatures.
- **Charging:** Use only the provided USB charging cable or a certified equivalent.

Image: A banner visually representing the IPX7 Waterproof rating, with earbuds shown resisting water droplets, indicating protection against immersion.

7. Troubleshooting

If you encounter any issues with your TIMU A10 Wireless Earbuds, please refer to the following common solutions:

- **Earbuds not pairing:** Ensure both earbuds are charged. Place them back in the case, close the lid, then open it again to re-enter pairing mode. Make sure Bluetooth is enabled on your device and try searching again.
- **Only one earbud working:** Try resetting the earbuds. Place both earbuds in the charging case, then remove them simultaneously. Re-pair with your device.
- **No sound:** Check the volume level on both your device and the earbuds. Ensure the earbuds are properly connected to your device.
- **Charging issues:** Verify the charging cable is securely connected to both the case and the power source. Ensure the charging contacts on the earbuds and inside the case are clean and free of debris.
- **Poor sound quality:** Ensure the earbuds are properly seated in your ears. Try cleaning the earbud grilles.

If these steps do not resolve the issue, please contact customer support.

8. Specifications

Feature	Detail
Model Name	A10
Connectivity Technology	Wireless (Bluetooth)
Bluetooth Version	5.4
Wireless Communication Technology	Bluetooth
Ear Placement	In Ear
Form Factor	In Ear
Earpiece Shape	Earbud
Noise Control	Active Noise Cancellation (ENC for calls)
Water Resistance Level	IP7 Waterproof
Battery Life (Earbuds)	8 Hours
Total Playtime (with Charging Case)	50 Hours
