Generico Automatic Pet Feeder and Water Dispenser User Manual

Model: USXBODY7H26HR55IJRPR

Brand: Generico

INTRODUCTION

This manual provides instructions for the safe and efficient use of your Generico Automatic Pet Feeder and Water Dispenser. This device is designed to provide a consistent supply of food and water for your cats and dogs, ensuring they remain well-fed and hydrated. Please read this manual thoroughly before initial use and retain it for future reference.

SAFETY INFORMATION

- Ensure the feeder is placed on a stable, level surface or securely hung to prevent tipping.
- Do not immerse the main unit in water. Only the removable bowl and food/water reservoir are washable.
- Keep out of reach of small children.
- Use only dry pet food with appropriate kibble size for the dispenser mechanism.
- Regularly inspect the feeder for any damage or wear. Discontinue use if damaged.
- This product is intended for indoor use only.

PACKAGE CONTENTS

Verify that all components are present in the package:

- 1 x Automatic Pet Feeder and Water Dispenser Unit (main body with reservoir)
- 1 x Removable Feeding/Water Bowl

PRODUCT OVERVIEW

The Generico Automatic Pet Feeder and Water Dispenser is designed for convenience and reliability. It features a transparent reservoir for easy monitoring of food/water levels and a weighted sensing mechanism to ensure consistent dispensing.

Key Features:

- **Automatic Dispensing:** Gravity-fed system ensures continuous supply.
- **Weighted Sensing Technology:** Dispenses food/water as the bowl empties.
- **Hangable Design:** Can be mounted on a cage or wall to save space.
- **Easy to Clean:** Detachable components for simple maintenance.
- **Durable Material:** Constructed from ABS plastic for longevity.

SETUP

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Clean Before Use:** Wash the removable bowl and the food/water reservoir with mild soap and water. Rinse thoroughly and dry completely before assembly.
3. **Assemble the Feeder:**
 - Attach the removable bowl to the main dispenser unit. Ensure it clicks securely into place.
 - Open the top lid of the reservoir.
 - Fill the reservoir with dry pet food or water. For food, ensure kibble size is appropriate for the dispenser opening. For water, fill to the desired level.
 - Close the lid securely.
4. **Placement Options:**
 - **Freestanding:** Place the assembled feeder on a stable, level surface in an accessible location for your pet.
 - **Hangable:** Utilize the integrated hooks on the back of the dispenser to hang it securely on a pet cage or other suitable fixture. Ensure it is stable and cannot be easily dislodged by your pet.

AUTOMATIC PET WATER FEEDER

The feed tray is washable and easy to assemble, suitable for pet water supply from small to medium-sized dogs and small animals

OPERATING INSTRUCTIONS

The Generico Automatic Pet Feeder and Water Dispenser operates on a simple gravity-fed system combined with weighted sensing. Once filled and assembled, it will automatically dispense food or water into the bowl as your pet consumes it.

1. **Initial Dispensing:** After filling the reservoir, a small amount of food or water will immediately fall into the bowl.
2. **Automatic Refill:** As your pet eats or drinks from the bowl, the weight-sensing mechanism allows more food or water to descend from the reservoir, refilling the bowl to a consistent level.
3. **Monitoring Levels:** Periodically check the transparent reservoir to monitor the remaining food or water supply. Refill as needed to ensure continuous availability for your pet.

MAINTENANCE AND CLEANING

Regular cleaning is essential to maintain hygiene and ensure the longevity of your pet feeder.

1. **Empty Contents:** Before cleaning, empty any remaining food or water from the reservoir and bowl.
2. **Disassemble:** Detach the removable bowl from the main dispenser unit.

3. **Wash Components:** Wash the removable bowl and the food/water reservoir with warm water and mild dish soap. Use a brush if necessary to remove any residue.
4. **Clean Main Unit:** Wipe the exterior of the main dispenser unit with a damp cloth. **Do not immerse the main unit in water.**
5. **Rinse and Dry:** Rinse all washable components thoroughly to remove soap residue. Allow all parts to air dry completely before reassembly to prevent mold or bacterial growth.
6. **Reassemble:** Once dry, reassemble the feeder by attaching the bowl to the main unit.

Recommended Cleaning Frequency: Clean the feeder at least once a week for food, and daily for water, or more frequently if needed, especially in warm climates or if multiple pets use the feeder.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Food/Water not dispensing	Reservoir is empty. Food kibble is too large or jammed. Dispensing mechanism is blocked.	Refill the reservoir. Check kibble size; clear any jams. Disassemble and clean the dispensing area.
Feeder is unstable or tips over	Not placed on a level surface. Not securely hung (if applicable).	Relocate to a stable, level surface. Ensure hooks are properly engaged and secure.
Water leaks from dispenser	Reservoir lid not sealed properly. Bowl not attached correctly. Damage to the unit.	Ensure lid is tightly closed. Reattach the bowl, ensuring a secure fit. Inspect for cracks or damage; discontinue use if found.

SPECIFICATIONS

Model Number	USXBODY7H26HR55IJRPR
Brand	Generico
Material	ABS Plastic
Color	Blue
Dimensions (L x W x H)	21 x 17 x 10.5 cm (8.27 x 6.69 x 4.13 inches)
