1. INTRODUCTION

This user manual provides comprehensive instructions for the installation, operation, and maintenance of the DS-KH6320-WTE1 7-inch TFT Touch Screen Video Door Phone Monitor. This device is designed to enhance your home security and communication by providing a clear visual and audio link to your door station, allowing for convenient remote access control and monitoring.

Key features include a 7-inch TFT touch screen with 1024 × 600 resolution, built-in microphone and loudspeaker, support for voice messages, alarm system linkage, and convenient mobile control via the Hik-Connect APP.

Figure 1.1: The DS-KH6320-WTE1 Video Door Phone Monitor in operation, showing a clear display of a person at the door.

2. SAFETY INFORMATION

Please read these safety instructions carefully before using the device to prevent damage and ensure proper operation.

- **Power Supply:** Use only the specified power adapter. Incorrect voltage may damage the device or cause fire.
- **Installation:** Installation should be performed by qualified personnel in accordance with local electrical codes. Ensure the mounting surface is strong enough to support the device.
- **Environment:** Do not expose the device to extreme temperatures, humidity, dust, or corrosive environments. Avoid direct sunlight.
- **Cleaning:** Disconnect power before cleaning. Use a soft, dry cloth. Do not use liquid or aerosol cleaners.
- **Handling:** Handle the device with care. Avoid dropping or subjecting it to strong impacts.
- **Disassembly:** Do not attempt to disassemble or modify the device. Unauthorized modifications will void the warranty.

3. PACKAGE CONTENTS

Please check the package contents upon opening. If any items are missing or damaged, contact your retailer immediately.

- DS-KH6320-WTE1 Video Door Phone Monitor
- Mounting Bracket
- Power Adapter
- Mounting Screws and Wall Plugs
- Quick Start Guide (this manual)

4. PRODUCT OVERVIEW

The DS-KH6320-WTE1 monitor features a sleek design with a capacitive touch screen for intuitive interaction.

Figure 4.1: Top-down view of the monitor, highlighting its compact and slim design.

Figure 4.2: Angled view of the monitor, showcasing the 7-inch touch screen and the indicator light on the bottom bezel.

4.1 Front Panel

- **7-inch TFT Touch Screen:** Main display and interaction interface.
- **Microphone:** For two-way audio communication.
- **Loudspeaker:** For audio output.
- **Indicator Light:** Status indicator (e.g., power, network).

4.2 Rear Panel (Typical Connections)

- **Power Input:** For connecting the power adapter.
- **Network Port (RJ45):** For wired network connection.
- **Alarm Input/Output Terminals:** For integration with alarm systems.
- **Mounting Points:** For securing the device to the wall bracket.

5. SETUP

Follow these steps for proper installation and initial setup of your video door phone monitor.

5.1 Mounting the Monitor

1. **Choose a Location:** Select a suitable indoor location, typically near the main entrance, at eye level for comfortable viewing. Avoid areas with direct sunlight or high humidity.
2. **Install Mounting Bracket:** Use the provided mounting bracket as a template to mark drilling holes on the wall. Drill the holes, insert wall plugs, and secure the bracket with screws.
3. **Connect Wiring:** Before mounting the monitor, connect the necessary cables (power, network, alarm inputs if applicable) to the corresponding ports on the rear panel. Ensure all connections are secure.
4. **Mount the Monitor:** Carefully align the monitor with the mounting bracket and slide it into place until it clicks securely.

5.2 Initial Power-Up and Configuration

1. **Power On:** Connect the power adapter to the monitor and plug it into a power outlet. The monitor will power on automatically.
2. **Initial Setup Wizard:** Upon first boot, the monitor will guide you through an easy setup wizard. This wizard will help you configure basic settings such as language, date/time, and network settings.
3. **Network Connection:**
 - **Wired:** If using a wired connection, ensure the Ethernet cable is connected to the RJ45 port and your network.
 - **Wireless (Wi-Fi):** If supported, select your Wi-Fi network from the list and enter the password.
4. **Device Pairing:** Follow the on-screen prompts to pair the monitor with your outdoor door station and any other linked devices (e.g., alarm sensors). This typically involves scanning QR codes or entering device serial numbers.
5. **Hik-Connect APP Setup:** For mobile control, download the Hik-Connect APP from your device's app store. Create an account and add your monitor by scanning the QR code displayed on the monitor's screen or entering its serial number.

6. OPERATING INSTRUCTIONS

This section details the primary functions of your video door phone monitor.

6.1 Receiving Calls

- When a visitor presses the call button on the outdoor door station, the monitor will ring and display the live video feed.
- Tap the **Answer** icon on the screen to establish two-way audio communication.
- Tap the **Hang Up** icon to end the call.

6.2 Opening the Door

- During a call, or when viewing live video, tap the **Unlock** icon on the screen to remotely open the connected door lock.
- A confirmation message may appear. Confirm to proceed.

6.3 Live View

- From the main menu, select the **Live View** option to view the real-time feed from your outdoor door station or other connected cameras.
- You can switch between different cameras if multiple are configured.

6.4 Voice Messages and Alarms

- **Voice Messages:** The monitor supports voice messages when there is no response from the indoor station. These messages can be reviewed from the message center.
- **Alarm Linkage:** If linked with an alarm system, the monitor will receive alarms and can notify a central monitoring station or your mobile app.

6.5 Mobile Control (Hik-Connect APP)

- Once the monitor is added to your Hik-Connect APP, you can receive calls, view live video, and open the door remotely from your smartphone or tablet.
- The app also allows for remote configuration and access to event logs.

7. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your monitor.

- **Cleaning:** Use a soft, lint-free cloth to gently wipe the screen and body. For stubborn smudges, slightly dampen the cloth with water. Do not use abrasive cleaners, alcohol, or solvents.
- **Software Updates:** Periodically check for firmware updates through the monitor's settings or the Hik-Connect APP. Keeping the firmware updated ensures the best performance and security.
- **Environmental Conditions:** Ensure the monitor is kept within its specified operating temperature and humidity ranges.
- **Cable Connections:** Periodically check all cable connections (power, network) to ensure they are secure and free from damage.

8. TROUBLESHOOTING

Refer to this section for solutions to common issues you might encounter.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Monitor does not power on.	No power supply; faulty adapter; loose connection.	Check power adapter connection. Ensure outlet has power. Try a different outlet.
No video from door station.	Network issue; door station offline; faulty cable.	Check network connection (wired/Wi-Fi). Ensure door station is powered on and online. Check cables between monitor and door station.
No audio during calls.	Microphone/speaker muted; volume too low; faulty hardware.	Check volume settings on monitor. Ensure microphone/speaker are not muted. Restart the monitor.
Cannot open door remotely.	Wiring issue to lock; lock mechanism fault; incorrect configuration.	Verify wiring to the electric lock. Test the lock manually. Check unlock settings in the monitor's configuration.
Hik-Connect APP cannot connect.	Monitor offline; incorrect network settings; app issues.	Ensure monitor is connected to the internet. Verify network settings. Restart the app or reinstall it.

If the problem persists after trying these solutions, please contact customer support.

9. SPECIFICATIONS

Technical specifications for the DS-KH6320-WTE1 Video Door Phone Monitor.

Model	DS-KH6320-WTE1
Screen Size	7-inch
Display Type	TFT Capacitive Touch Screen
Resolution	1024 × 600
Audio Input	Built-in Microphone
Audio Output	Built-in Loudspeaker
Network Interface	Ethernet (RJ45), Wi-Fi (if applicable)
Dimensions (L x W x H)	7.87 x 0.59 x 5.51 inches (200 x 15 x 140 mm approx.)
Operating Temperature	Refer to product label
Power Supply	Refer to product label

Note: Specifications are subject to change without notice.

10. WARRANTY AND SUPPORT

This product comes with a standard manufacturer's warranty. Please refer to the warranty card included in your package

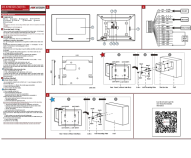

or contact your retailer for specific warranty terms and conditions.

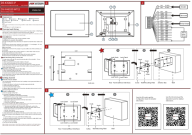

For technical support, troubleshooting assistance, or service inquiries, please contact the retailer or the manufacturer's customer service department. Have your product model number (DS-KH6320-WTE1) and purchase information ready when contacting support.

Manufacturer: Auzlanhik

EU Declaration of Conformity	
Product Name: Product Model: Distributor: Manufacturer: Standards:	IP Video Intrusion Alarm Station DS-K1203D-WT11 Hangzhou Hikvision Digital Technology Co., Ltd. No. 555, Xingye Road, Jiangbei District, Hangzhou 310022, China REID: 2014-0435/EU ROHS: 2011/EU VET and its amendment (EU/2006/5463) EN 55032: 2013 EN 61000-3-2:2014 EN 61000-3-3:2014 EN 50130-2:2011 2014/EN 301 428 EN 14722 EN 301 489-1 V12.4.2013 EN 12323 V12.2 EN 61326 EN 61320 EN 61320 EN 62368-1:2014 V11 A11 2017
The conformity assessment procedure is referenced in Article 7 and detailed in Annex III of the Radio Equipment Directive has been performed by a notified body.	
Notified Body No.: / Certification No.:	
Note: "7" means the conformity assessment procedure is not performed by a notified body	Accessories: Antenna Power adapter: ADPS-20R50-12 120W4PO Battery: /
Note: Accessories' specific model may differ under the premise of having the same technical features with the above accessories and having no influence on the conformity of the radio equipment. Note: "7" means the accessory is not required and will not have an influence on the conformity of the radio equipment and will be installed or installed or changed by the user without the direction of the manufacturer.	
Software:	V2.1.34.211118
Note: All updated versions released by the manufacturer have been verified and have no influence on the conformity of the radio equipment. All RF parameters are not required and will be installed or changed by the user without the direction of the manufacturer.	
The Product described above is in conformity with the relevant European	
Union harmonization legislation.	
Sign for and on behalf of: Hangzhou Hikvision Digital Technology Co., Ltd.

DS-KH6320-WTE1

Network Indoor Station

Key Feature

- New UI V2.0: User friendly design
- 7 inch colorful touch screen with resolution 1024 × 600
- Standard PoE
- Stores messages and capture pictures in the TF card
- Remote unlocking via the client software or the mobile client
- Views live videos of door stations and linked cameras

Specification

System parameters	
Operating system	Embedded Linux operation system
ROM	32 MB
RAM	128 MB
