› FEPPPO Travel Steamer for Clothes, 110-240V Dual Voltage Portable Mini Steamer & Iron 2in1, 1100W Powerful Garment Steamer, Fast Heat Up, Travel Size, HD Display, for Home & Global & Europe Travel Grey-Purple User Manual

FEPPPO FP-Grey-BR

FEPPPO Travel Steamer & Iron 2-in-1 User Manual

Model: FP-Grey-BR

1. INTRODUCTION

Thank you for choosing the FEPPPO Travel Steamer for Clothes. This innovative 2-in-1 device combines the power of a garment steamer with the precision of a dry iron, designed for both home use and global travel. Its dual voltage capability (110V-240V) ensures compatibility worldwide, making it your ideal companion for wrinkle-free clothing wherever you go. Please read this manual thoroughly before use to ensure safe and optimal performance.

2. SAFETY INFORMATION

To prevent injury or damage, always adhere to the following safety precautions:

- Ensure the voltage matches your power outlet before plugging in the device.
- Do not immerse the steamer in water or other liquids.
- Keep out of reach of children and pets.
- Always unplug the steamer when filling or emptying the water tank, and when not in use.
- Use distilled or de-mineralized water to prevent mineral buildup and extend product life.
- Do not touch the hot ceramic plate or steam nozzle during operation.
- Allow the steamer to cool completely before storing.
- Do not operate the steamer with a damaged cord or plug.

3. PRODUCT OVERVIEW AND COMPONENTS

Familiarize yourself with the parts of your FEPPPO Travel Steamer:

- **Ceramic Heating Plate:** For dry ironing and pressing.
- **Steam Nozzle:** Emits powerful steam.
- **Water Tank:** Detachable, 2.8 fl oz (80 ml) capacity.
- **LED Display:** Shows temperature and mode settings.
- **Power Button:** Turns the device on/off.
- **Mode/Temperature Adjustment Buttons:** To select dry iron or steam modes and adjust temperature.

- **90° Rotatable Head:** Allows for flexible vertical and horizontal use.
- **Power Cord:** 8.2 ft (2.5 m) long for extended reach.

4. SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Fill Water Tank:** Detach the water tank by pulling it gently. Open the rubber stopper and fill with distilled or de-mineralized water up to the MAX line. Close the stopper securely and reattach the tank to the steamer.
3. **Placement:** Place the steamer on a flat, heat-resistant surface or use the included base.
4. **Plug In:** Insert the power plug into a suitable electrical outlet (110V-240V compatible).

For Worldwide Use

Self-adapting voltage, compatible globally

110-240V

5. OPERATING INSTRUCTIONS

Power On and Heat Up

Press the Power Button. The LED display will illuminate, and the steamer will begin to heat up. It reaches operating temperature in approximately 30 seconds.

Selecting Modes: Dry Iron & Steam

The FEPPPO steamer offers two primary modes: Dry Iron and Steam Iron. Use the Mode/Temperature Adjustment Buttons to toggle between these settings.

- **Dry Iron Mode:** Ideal for pressing clothes without steam, suitable for delicate fabrics or when a crisp finish is desired.
- **Steam Iron Mode:** Releases steam for quick wrinkle removal.

Dry Ironing Mode & Steam Mode are Both Available

Choose the 3 ironing method you like

Image: The FEPPPO Travel Steamer illustrating its 2-in-1 smart modes: Dry Iron and Steam Iron, with adjustable temperature settings (320°F and 350°F).

Temperature Adjustment

The steamer features two adjustable temperature settings: 320°F and 350°F. Select the appropriate temperature based on the fabric type to prevent scorching.

2 IN 1 DRY & STEAM IRONING MODES

Image: The FEPPO Travel Steamer demonstrating its temperature adjustable feature, ranging from 320°F to 350°F, suitable for different fabrics.

Steaming Techniques

The 90° rotatable head allows for both hanging and flat ironing.

- **Hanging Ironing:** Hang the garment on a hanger. Hold the steamer vertically and glide the ceramic plate over the fabric, allowing steam to penetrate and relax wrinkles.
- **Flat Ironing:** Place the garment on a flat, heat-resistant surface. Use the steamer horizontally like a traditional iron, applying gentle pressure.

Fabric Compatibility

The steamer is suitable for a wide range of fabrics, including cotton, linen, silk, fiber, wool, nylon, and polyester. Always check the garment's care label for specific ironing instructions and recommended temperatures.

Works on all types of fabric

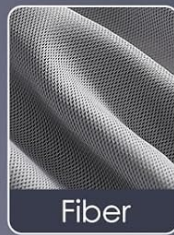

Cotton

Linen

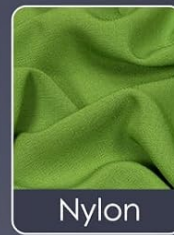

Silk

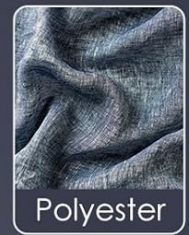

Fiber

Wool

Nylon

Polyester

**⚠ Note: Different materials withstand different ironing temperatures.
Check the clothes label for ironing instructions and temperature before ironing.**

6. MAINTENANCE

- **Cleaning:** After each use, unplug the steamer and allow it to cool. Wipe the exterior with a soft, damp cloth.
- **Descaling:** If you notice reduced steam output or mineral residue, descale the steamer. Mix equal parts white vinegar and distilled water. Fill the tank with this solution and run the steamer until half the solution is used. Unplug, let it cool, then empty and rinse the tank thoroughly. Repeat with clean distilled water.
- **Storage:** Ensure the water tank is empty before storing. Store the steamer in a cool, dry place, preferably in its original packaging or the included storage bag.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No steam output	Water tank empty; Steamer not heated; Mineral buildup.	Refill water tank; Allow 30 seconds for heating; Perform descaling.
Water leaking/spitting	Overfilled water tank; Steamer not hot enough; Incorrect water type.	Do not overfill; Allow full heat-up; Use distilled water.
Wrinkles not removed effectively	Not enough steam; Incorrect temperature setting; Fabric too thick.	Ensure full steam; Adjust temperature; For thick fabrics, use flat ironing with steam.
Steamer not turning on	Not plugged in; Power outlet issue; Device malfunction.	Check power connection; Try another outlet; Contact customer support.
