5. OPERATING AND USAGE

Your LDAILY patio furniture set is designed for outdoor relaxation and social gatherings. Here are some usage guidelines:

- **Placement:** Ideal for patios, backyards, gardens, poolside areas, and balconies. Choose a location that is relatively flat and stable.
- **Cushion Comfort:** The cushions are filled with high-resilience sponge for maximum comfort.
- **Coffee Table Use:** The tempered glass top coffee table is suitable for holding drinks, snacks, books, and small decorative items. Do not place excessively hot items directly on the glass without a coaster.
- **Weight Distribution:** Distribute weight evenly on the seating to maintain stability and prolong the life of the furniture.

6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your furniture set:

- **Rattan Cleaning:** Wipe the PE rattan with a damp cloth and mild soap. Rinse thoroughly and dry completely. Avoid harsh chemicals or abrasive cleaners.
- **Cushion Care:** The cushion covers have smooth zippers for easy removal. Machine wash covers in cold water on a gentle cycle and air dry. Do not bleach or tumble dry. Keep cushions dry for prolonged service time, especially during rain or high humidity.
- **Glass Tabletop:** Clean the tempered glass with a glass cleaner and a soft cloth.
- **Frame Maintenance:** Periodically check and tighten all bolts to ensure the frame remains sturdy.
- **Weather Protection:** While the rattan is colorfast and sun-protective, it is recommended to cover the furniture during prolonged periods of non-use or extreme weather conditions (heavy rain, snow, strong sun) to prevent premature wear.

7. TROUBLESHOOTING

If you encounter any issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Furniture wobbles	Uneven ground or loose bolts.	Adjust the foot pads on the legs. Tighten all assembly bolts.
Cushions feel damp or moldy	Prolonged exposure to moisture.	Remove covers and wash. Ensure cushions are completely dry before storing or replacing. Store cushions indoors during wet weather.
Rattan appears faded	Long-term exposure to direct sunlight.	While designed to be sun-protective, extreme exposure can cause fading over time. Consider using a furniture cover when not in use.
Glass tabletop slides	Suction cups not properly engaged or missing.	Ensure the 4 suction cups are firmly pressed onto the glass and the table frame. Replace if damaged.
