

GreenPan CC009201-001

GreenPan Hard Anodized Healthy Ceramic Nonstick Frying Pan Skillet Set

Model: CC009201-001

Brand: GreenPan

INTRODUCTION

The GreenPan Hard Anodized Healthy Ceramic Nonstick Frying Pan Skillet Set combines world-class technology with minimalist style to enhance your cooking experience. This 2-piece set, featuring 8-inch and 10-inch frying pans, is crafted from duoforged hard anodized aluminum for exceptional durability and even heat distribution. The Thermolon healthy ceramic nonstick coating is reinforced with diamonds, ensuring ultra-durability and heat responsiveness. Designed for healthier cooking, it is free of PFAS, PFOA, lead, and cadmium, and will not release toxic fumes even when overheated. The elegant gold-tone stainless steel handles provide a comfortable grip and allow for seamless transfer from stovetop to oven.

KEY FEATURES

HEALTHY CERAMIC NONSTICK

COOK TOXIN-FREE

FREE OF PFAS, PFOA, LEAD & CADMIUM FOR WORRY-FREE COOKING

Healthy Ceramic Nonstick: The Thermolon coating is reinforced with diamonds for durability and effortless cleanup, allowing for toxin-free cooking.

RESERVE COLLECTION

LOADED WITH FEATURES

Loaded with Features: Includes diamond-infused nonstick, PFAS/PFOA-free coating, gold-tone handles, oven/broiler safety up to 600°F, scratch-resistant hard anodized body, and dishwasher safe design.

DUOFORGED ARMORED BODIES

HARD ANODIZED CONSTRUCTION

EXTREMELY DURABLE & SCRATCH-RESISTANT

Duoforged Armored Bodies: Pretreated and hard anodized for extraordinary strength, scratch resistance, and uniform heat distribution.

DURABLE GLASS LIDS

SEAL IN MOISTURE & FLAVOR

KEEP AN EYE ON YOUR MEAL IN PROGRESS

Durable Glass Lids: Designed to seal in moisture and flavor, allowing you to monitor your meal's progress.

OVEN SAFE UP TO 600°F (LIDS UP TO 425°F)

BUILT FOR OVEN & BROILER COOKING

ROAST, BAKE, BROIL & MORE

Built for Oven Cooking: Oven and broiler safe up to 600°F, suitable for roasting, baking, broiling, and more.

DISHWASHER SAFE

EASY TO CLEAN

MOST MESSES WIPE CLEAN AND IT'S DISHWASHER SAFE

Easy to Clean: These pans are dishwasher safe for convenient cleanup, with most messes wiping clean easily.

SETUP

Initial Use and Preparation

1. **Unpack and Inspect:** Carefully remove all packaging materials. Inspect the pans for any signs of damage.
2. **Wash Before First Use:** Wash the pans thoroughly with warm, soapy water using a soft sponge or cloth. Rinse completely and dry immediately.
3. **No Seasoning Required:** Your GreenPan ceramic nonstick coating does not require traditional seasoning. It is ready for use after initial cleaning.

OPERATING INSTRUCTIONS

Stovetop Use

- **Heat Settings:** Use low to medium heat settings for most cooking. High heat should only be used for searing or boiling liquids. Overheating can damage the nonstick surface over time.
- **Oil/Butter Use:** Always use a small amount of oil or butter when cooking. Avoid aerosol cooking sprays as they can leave a residue that is difficult to remove and may affect nonstick performance.
- **Stovetop Compatibility:** Suitable for gas and smooth surface non-induction stovetops. Not compatible with induction cooktops.

Oven Use

- **Oven Safe:** The pans are oven and broiler safe up to 600°F.
- **Handle Temperature:** The gold-tone stainless steel handles will become hot in the oven. Always use oven mitts or pot holders when handling hot pans.

Utensil Compatibility

- **Metal Utensil Safe:** The Thermolon nonstick coating is reinforced with diamonds, making it safe for use with metal utensils. However, for prolonged life of the nonstick surface, silicone, wooden, or nylon utensils are recommended.

MAINTENANCE

Cleaning

- **Dishwasher Safe:** The pans are dishwasher safe for easy cleanup.
- **Hand Washing:** For best results and to prolong the life of the nonstick coating, hand washing with warm, soapy water and a soft sponge is recommended. Most messes will wipe clean easily.
- **Cool Down Before Cleaning:** Always allow the pans to cool completely before washing to prevent warping and thermal shock to the nonstick surface.
- **Avoid Harsh Cleaners:** Do not use abrasive cleaners, steel wool, or scouring pads, as these can damage the nonstick coating and the exterior finish.

Storage

- **Protect Nonstick Surface:** When stacking pans, place a soft cloth or pan protector between them to prevent scratching the nonstick surface.

SPECIFICATIONS

Attribute	Detail
Brand	GreenPan

Model Number	CC009201-001
Material	Healthy Ceramic Nonstick PFAS-Free, Hard Anodized, Gold-Tone Stainless Steel Handles
Color	Black
Product Dimensions	16 x 10 x 2 inches
Item Weight	3.69 pounds
Maximum Temperature	600 Degrees Fahrenheit
Compatible Devices	Gas, Smooth Surface Non Induction
Dishwasher Safe	Yes
Oven Safe	Yes
