vidaXL Cold-Rolled Steel Planter (Model 860717) - User Manual

Model: 860717 | Brand: vidaXL

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your vidaXL Cold-Rolled Steel Planter, model 860717. Please read these instructions carefully before assembly and use, and retain them for future reference.

The vidaXL Cold-Rolled Steel Planter is designed to provide a durable and aesthetically pleasing container for plants in outdoor environments such as gardens, balconies, and patios. With its impressive dimensions of 120 cm (47.2 inches) in length, 40 cm (15.7 inches) in width, and 80 cm (31.5 inches) in height, it makes a striking statement while ensuring a welcoming environment for your flowering plants, herbs, and decorative greens.

2. SAFETY INFORMATION

- **General Safety:** Always handle metal components with care. Wear appropriate personal protective equipment, such as gloves, during assembly to prevent cuts or pinches.
- **Assembly:** Ensure all components are securely fastened according to the instructions. Do not overtighten screws, but ensure they are firm.
- **Placement:** Position the planter on a stable, level surface to prevent tipping. Consider the weight of the planter when filled with soil and plants.
- **California Proposition 65 Warning:** This product may expose you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, please contact vidaXL customer support.

- Planter panels (cold-rolled steel)
- Internal support frame components
- Fasteners (screws, nuts, washers)
- Assembly instructions (this manual)

4. SETUP AND ASSEMBLY

Assembly is required for this planter. It is recommended that at least one person performs the assembly.

Tools Required:

- Screwdriver (appropriate for provided fasteners)
- Gloves (recommended for handling metal edges)

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat, and protected surface. Verify against the parts list.
2. **Assemble Internal Frame:** Connect the internal support frame components using the provided fasteners. Refer to the assembly diagram for correct orientation. Ensure all connections are secure.
3. **Attach Side Panels:** Carefully align and attach the side panels to the assembled internal frame. Use the appropriate screws and ensure they are tightened firmly but not excessively.
4. **Attach End Panels:** Secure the end panels to complete the main structure of the planter.
5. **Final Inspection:** Once all panels are attached, double-check all fasteners to ensure they are tight and the planter is stable.

5. OPERATING INSTRUCTIONS

1. **Placement:** Choose a suitable outdoor location for your planter. Ensure the ground is level and can support the weight of the filled planter.
2. **Drainage:** The planter features an open bottom design for effective drainage. Consider placing a permeable liner or landscape fabric at the bottom to prevent soil loss while allowing water to drain.
3. **Filling with Soil:** Fill the planter with appropriate potting mix or soil suitable for your chosen plants. Leave adequate space from the top edge for watering.
4. **Planting:** Plant your desired flowers, herbs, or decorative greens. Ensure proper spacing for plant growth.
5. **Watering:** Water plants as needed, taking advantage of the planter's drainage system to prevent waterlogging.

Image 5.1: The planter integrated into an outdoor garden environment.

6. MAINTENANCE

- **Cleaning:** Clean the planter periodically with a soft cloth and mild soap solution. Avoid abrasive cleaners or harsh chemicals that could damage the matte black finish.
- **Inspection:** Regularly inspect the planter for any signs of damage or loose fasteners. Tighten any loose screws as necessary.
- **Material Care:** The planter is made from cold-rolled steel with a painted finish. While designed for outdoor use, prolonged exposure to extreme weather conditions may affect its appearance over time.

7. TROUBLESHOOTING

- **Difficulty during Assembly:** If you encounter difficulty aligning panels or inserting screws, ensure all components are correctly oriented as per the diagram. Do not force parts together. If screws are missing or do not fit, contact

customer support.

- **Planter Instability:** Ensure the planter is placed on a flat, level surface. Verify that all assembly screws are securely tightened.
- **Poor Drainage:** While the planter has an open bottom, ensure the ground beneath is not compacted or obstructed, which could hinder water flow.

8. SPECIFICATIONS

Brand	vidaXL
Model Number	860717
Material	Carbon Steel (Cold-Rolled Steel)
Color	Steel/Black (Matte Black Finish)
Dimensions (L x W x H)	120 cm (47.24") Length x 40 cm (15.75") Width x 80 cm (31.5") Height
