GENERIC FLIP CASE FOR VIVO Y300 5G V2416 / VIVO V40 LITE 5G

Model: Vivo Y300 5G V2416 / Vivo V40 Lite 5G Compatible Flip Case

Introduction

Thank you for choosing the Generic Slim Fit Card Holder Flip Stand Magnetic Closure Case. This protective case is designed to provide comprehensive protection and enhanced functionality for your Vivo Y300 5G V2416 or Vivo V40 Lite 5G smartphone. It features a durable construction, integrated card slots, a convenient kickstand, and a secure magnetic closure.

Setup

- Unpack the Case:** Carefully remove the flip case from its packaging.
- Insert Your Phone:**
 - Open the flip cover of the case.
 - Align your Vivo Y300 5G V2416 or Vivo V40 Lite 5G phone with the internal TPU soft shell.
 - Gently press the phone into the shell, ensuring all edges are securely seated. Verify that all ports, buttons, and camera cutouts align correctly with the case openings.
 - Close the flip cover.

Operating Instructions

1. Using the Flip Cover and Magnetic Closure:

- To open the case, gently lift the front cover.
- To close, simply fold the front cover back over the screen; the integrated magnetic closure will secure it in place.

2. Utilizing the Card Holder Function:

- Open the flip cover to reveal the interior.
- Locate the card slots on the inside of the front cover. Insert your ID, credit cards, or other small items into the designated slots.

3. Activating the Kickstand Function:

- Open the flip cover.
- Fold the back of the case to create a triangular stand. Position your phone horizontally for hands-free viewing of videos or video calls.

Maintenance

- **Cleaning:** Wipe the exterior PU leather surface with a soft, slightly damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture. For the internal TPU shell, a dry or lightly damp cloth can be used.
- **Storage:** When not in use, store the case in a cool, dry place away from direct sunlight to prevent material degradation.

- **Avoid Overfilling:** Do not overfill the card slots, as this can stretch the material and compromise the effectiveness of the magnetic closure.

Troubleshooting

Issue: Phone does not fit correctly.

Solution: Ensure your phone model is either Vivo Y300 5G V2416 or Vivo V40 Lite 5G. Verify the phone is correctly aligned and fully seated within the TPU shell. If misaligned, remove and re-insert the phone carefully.

Issue: Magnetic closure is not holding securely.

Solution: Check if the card slots are overfilled, which can prevent the cover from closing properly. Ensure no debris is obstructing the magnetic area on the case.

Issue: Ports or buttons are obstructed.

Solution: Confirm the phone is correctly seated in the case. If misaligned, remove the phone and carefully re-insert it, ensuring proper alignment with all cutouts.
