## Simple Trending ST57778

# Simple Trending Double Rod Rolling Garment Rack

Model: ST57778 | Brand: Simple Trending

## INTRODUCTION

---

Thank you for choosing the Simple Trending Double Rod Rolling Garment Rack. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new clothing rack. Please read these instructions carefully before use and retain them for future reference.

## SAFETY INFORMATION

---

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the unit on a soft, clean surface to prevent scratches.
- Do not overload the garment rack. The maximum weight recommendation is 150 pounds.
- Keep small parts away from children during assembly to avoid choking hazards.
- Ensure all screws and connections are tightened securely before use. Periodically check for loose connections.
- Use the locking wheels to stabilize the rack when not in motion.

## PACKAGE CONTENTS

---

Please verify that all components are included in your package:

- Metal Frame Components (various lengths and shapes for rods and supports)
- 4 x 360-degree Swivel Wheels (2 with locking mechanism)
- Assembly Screws and Fasteners
- Allen Wrench (for tightening screws)
- Instruction Manual

## SETUP AND ASSEMBLY

---

Follow these steps to assemble your Simple Trending Double Rod Rolling Garment Rack:

1. **Prepare the Base:** Connect the horizontal base bars to the vertical support posts using the push-button connectors. Ensure they click into place securely.
2. **Attach Wheels:** Screw the four 360-degree swivel wheels into the designated holes on the bottom of the base frame. Use the provided wrench to tighten them firmly. Two of the wheels include a locking mechanism.
3. **Assemble Lower Rods:** Attach the lower hanging rods to the vertical support posts. These typically connect using push-buttons and may require additional screws for stability.
4. **Assemble Upper Rods:** Connect the upper hanging rods to the taller vertical support posts. Ensure all connections are secure.
5. **Secure Side Supports:** Fasten any additional side support bars to enhance stability. These often use screws.
6. **Final Check:** Verify that all connections are tight and the rack is stable before placing any garments on it.

## OPERATING INSTRUCTIONS

---

Your garment rack is designed for versatile clothing storage:

- **Double Rod Design:** Utilize both the high and low hanging rods to maximize storage space. The higher rod is ideal for longer garments like dresses and coats, while the lower rod is perfect for shirts, jackets, and folded pants.
- **Bottom Shelf:** The two bottom rails create a convenient shelf area. This space is suitable for storage boxes, shoes, or other accessories.
- **Easy Mobility:** The four 360-degree swivel wheels allow for easy movement of the rack. To move, simply unlock any engaged wheels and push the rack to your desired location.
- **Locking Wheels:** Two of the wheels are equipped with locking mechanisms. To secure the rack in place, press down on the lever on these wheels. To release, lift the lever.
- **Anti-Slip Beads:** The ends of the hanging rods feature anti-slip beads to prevent hangers from sliding off.

## MAINTENANCE

---

To ensure the longevity and optimal performance of your garment rack:

- **Cleaning:** Wipe down the metal frame with a soft, damp cloth. Avoid abrasive cleaners that could damage the finish.
- **Regular Checks:** Periodically inspect all screws and connections to ensure they remain tight. Retighten if necessary.
- **Weight Distribution:** Distribute the weight of your garments evenly across both rods to prevent tipping or strain on the frame.
- **Storage:** If storing the rack, ensure it is clean and dry. It can be disassembled for more compact storage if needed.

## TROUBLESHOOTING

---

If you encounter any issues with your garment rack, refer to the following common solutions:

- **Rack is Unstable/Wobbly:** Check all screw connections and push-button locks. Ensure they are fully

engaged and tightened. Make sure the rack is on a flat, even surface.

- **Wheels Not Rolling Smoothly:** Check for any debris or hair caught in the wheels. Ensure the locking mechanisms are disengaged.
- **Hangers Sliding Off:** Utilize the anti-slip beads at the ends of the rods to prevent hangers from slipping.
- **Difficulty Assembling:** Refer to the assembly video and ensure you are using the correct parts for each step. Do not force parts together.

## SPECIFICATIONS

---

Feature	Detail
Brand	Simple Trending
Model Number	ST57778
Color	Black
Material	Metal
Product Dimensions (D x W x H)	14.75"D x 39.75"W x 58.5"H
Load Capacity	150 Pounds
Item Weight	9.9 Pounds
Installation Type	Free Standing
Special Feature	Heavy Duty
Number of Shelves	2 (bottom rails)
