# Celly Smartwatch User Manual

Model: 08021735212188

[Setup](#)   [Operating Instructions](#)   [Maintenance](#)   [Troubleshooting](#)   [Specifications](#)   [Warranty & Support](#)

## INTRODUCTION

This manual provides essential information for the proper setup, operation, and maintenance of your Celly Smartwatch, model 08021735212188. Please read this manual thoroughly before using your device to ensure optimal performance and longevity.

Figure 1: Front view of the Celly Smartwatch, displaying various health metrics on its circular screen.

## SETUP

### 1. Unboxing and Components

Upon opening the package, ensure all components are present:

- Celly Smartwatch (Model: 08021735212188)
- Magnetic Charging Cable
- User Manual (this document)

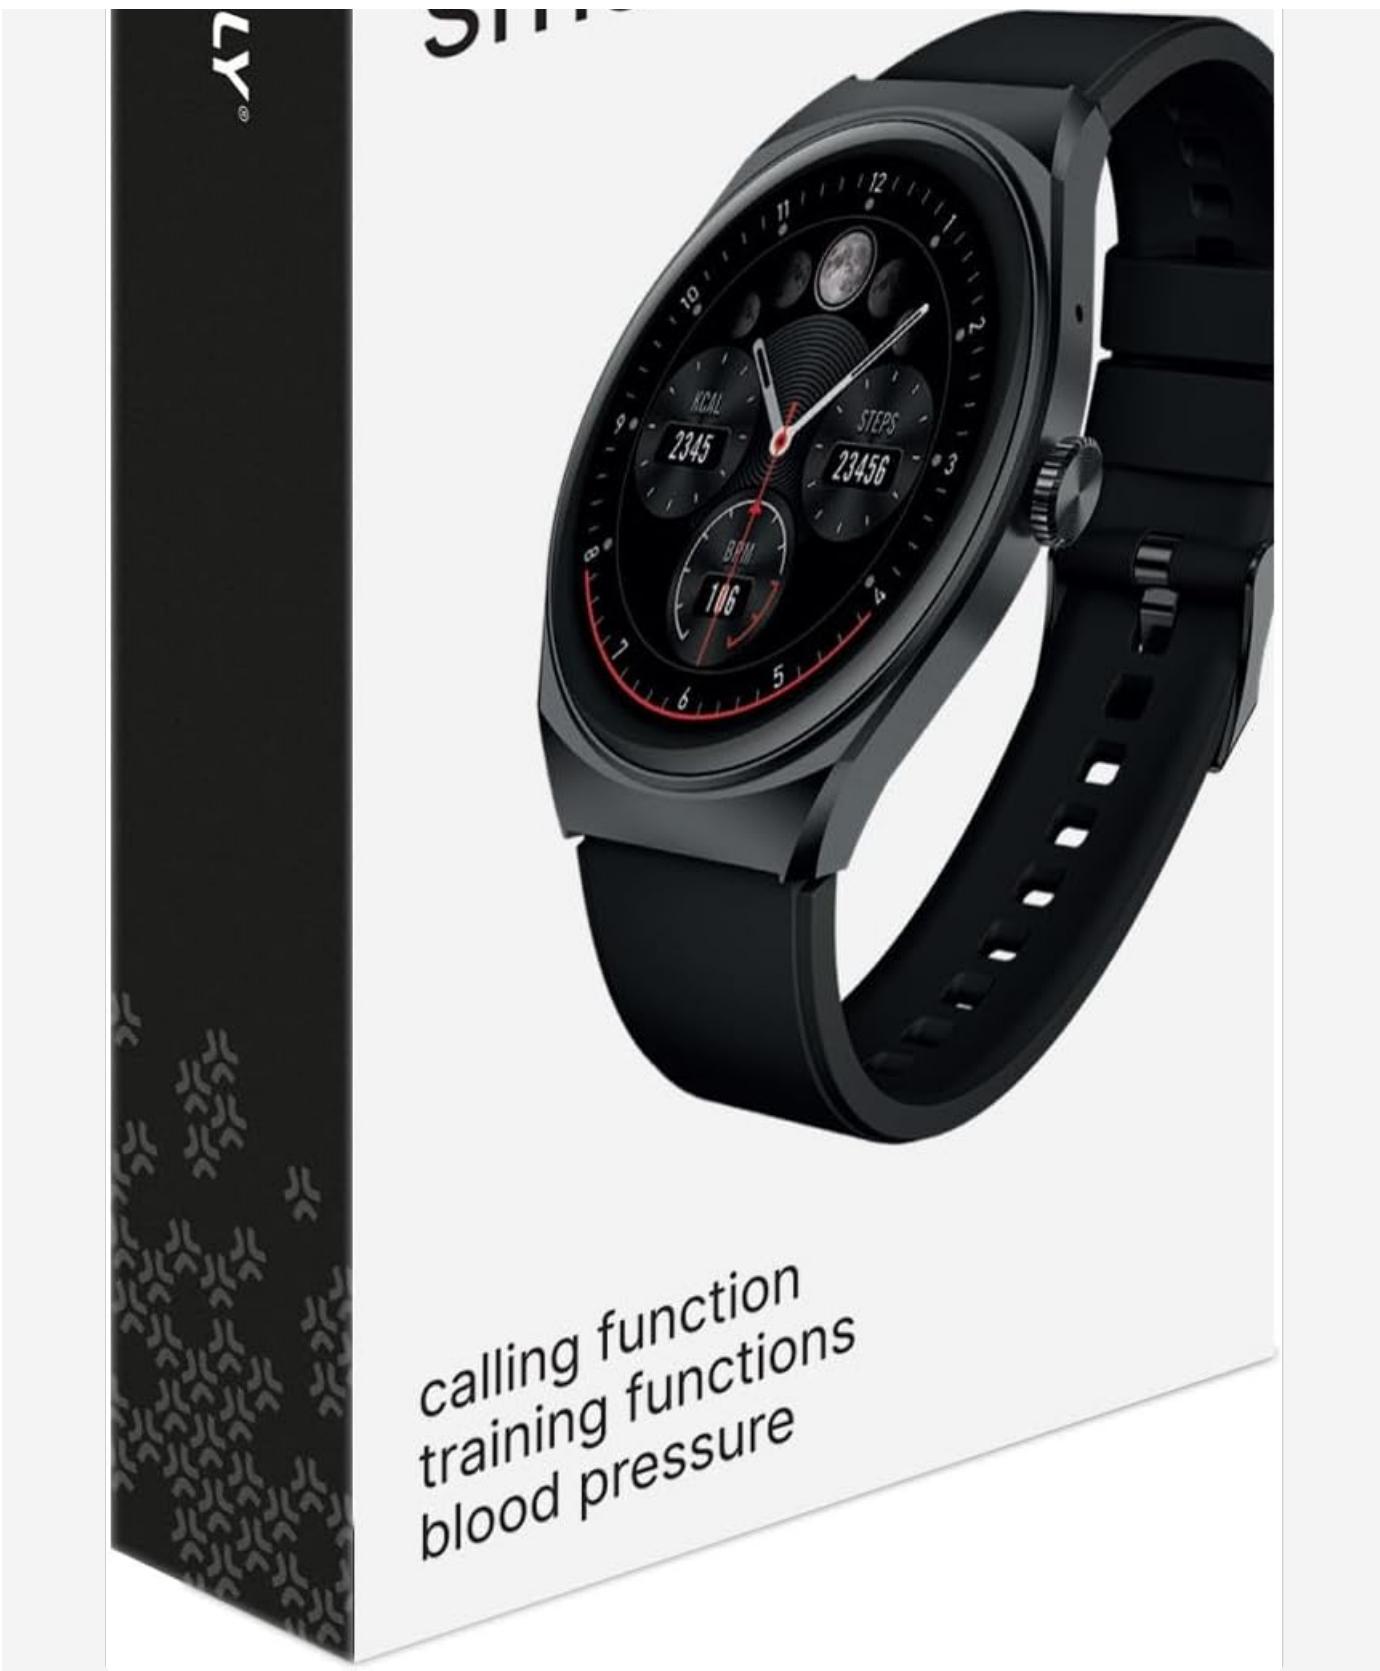

Figure 2: The retail packaging of the Celly Smartwatch, indicating the product and its brand.

## 2. Initial Charging

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a compatible USB power adapter (not included) or a computer USB port.

- Charging Time: Approximately 2.5 hours for a full charge.
- Battery Life: Up to 5 days of typical use.
- Standby Time: Up to 9 days.

Figure 3: Rear view of the smartwatch, highlighting the optical sensors for health monitoring and the magnetic charging contacts.

### 3. Pairing with Your Smartphone

To unlock the full potential of your Celly Smartwatch, pair it with your smartphone via Bluetooth. Ensure Bluetooth is enabled on your phone.

1. Download the official Celly Smartwatch application from your smartphone's app store (iOS or Android).
2. Open the application and follow the on-screen instructions to create an account or log in.
3. Navigate to the device pairing section within the app.
4. Select "Celly Smartwatch" or the specific model number (08021735212188) from the list of available devices.
5. Confirm the pairing request on both your smartphone and the smartwatch if prompted.

## OPERATING INSTRUCTIONS

### 1. Basic Navigation

The Celly Smartwatch features a 1.38" color touch display for intuitive interaction.

- **Touch Screen:** Tap to select, swipe to navigate through menus and notifications.
- **Side Button:** Typically used to wake the screen, return to the home screen, or access the app list. Refer to the in-app guide for specific button functions.

Figure 4: Detailed view of the smartwatch display, showcasing its vibrant color and touch capabilities.

## 2. Health Monitoring Features

Your smartwatch is equipped with advanced sensors to monitor your health metrics:

- **Heart Rate Monitoring:** Continuously tracks your heart rate. View real-time data on the watch or detailed history in the app.
- **Blood Pressure Monitoring:** Provides estimates of blood pressure. For medical accuracy, consult a professional medical device.
- **Blood Oxygen (SpO2) Monitoring:** Measures the oxygen saturation level in your blood.
- **Pedometer:** Counts your daily steps.
- **Calorie Tracking:** Estimates calories burned based on activity and personal data.
- **Sleep Tracking:** Monitors your sleep patterns, including deep sleep, light sleep, and awake times.

## 3. Fitness Tracking and GPS

Utilize the integrated GPS and various sports modes to track your workouts:

- **GPS Integration:** Tracks distance and routes for outdoor activities.
- **Multi-Sport Modes:** Select specific modes for activities like running, walking, cycling, etc., for tailored data collection.
- **Workout Customization:** Personalize your training settings through the companion app.

## 4. Communication Features

Stay connected directly from your wrist:

- **Bluetooth Calling:** Make and receive calls directly from the smartwatch when connected to your smartphone.
- **Notifications:** Receive alerts for calls, messages, and app notifications from your paired smartphone.

## MAINTENANCE

## 1. Cleaning Your Smartwatch

To maintain the appearance and functionality of your device:

- Wipe the screen and body with a soft, lint-free cloth.
- For stubborn marks, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Clean the charging contacts and sensors on the back of the watch regularly to ensure proper charging and accurate readings.

## 2. Water Resistance (IP67)

The Celly Smartwatch is IP67 water-resistant, meaning it is protected against dust and can withstand immersion in water up to 1 meter for up to 30 minutes. While it is resistant to splashes and brief immersion, it is not recommended for swimming, showering with hot water, or diving.

- Do not press buttons while the watch is submerged.
- Dry the watch thoroughly after exposure to water, especially the charging contacts.

## 3. Battery Care

To prolong battery life:

- Avoid extreme temperatures.
- Charge the device regularly, but avoid leaving it fully discharged for extended periods.
- If storing the device for a long time, charge it to about 50% before storage.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Device won't turn on.	Low battery.	Charge the smartwatch for at least 30 minutes.
Cannot pair with smartphone.	Bluetooth off on phone; app issue; watch not in pairing mode.	Ensure Bluetooth is on. Restart both devices. Reinstall the app. Check watch settings for pairing mode.
Inaccurate health readings.	Improper fit; dirty sensors; movement during measurement.	Ensure watch is snug but comfortable. Clean sensors. Remain still during measurement.
Notifications not received.	App permissions; Bluetooth disconnected; notification settings.	Check app permissions on phone. Verify Bluetooth connection. Ensure notifications are enabled in the app and on the watch.
Short battery life.	Frequent use of power-intensive features (GPS, calls); high screen brightness.	Reduce screen brightness. Limit continuous GPS use. Disable unnecessary features.

## SPECIFICATIONS

Feature	Detail

Feature	Detail
Model Name	Celly Smartwatch TRAINERHALOBK
Model Number	08021735212188
Display	1.38-inch Color Touch OLED
Resolution	320 x 320 pixels (Assumed from "Scanner resolution")
