Graco TriRide

Graco TriRide 3-in-1 Convertible Car Seat Instruction Manual

Model: TriRide

PRODUCT OVERVIEW

The Graco TriRide 3-in-1 Convertible Car Seat is designed to grow with your child, offering three modes of use to ensure safety and comfort from infancy through childhood. This car seat transitions from a rear-facing harness to a forward-facing harness, and finally to a highback booster.

- **Rear-Facing Harness:** For infants weighing 5-40 lb.
- **Forward-Facing Harness:** For toddlers weighing 26.5-65 lb.
- **Highback Booster:** For children weighing 40-100 lb.

The car seat features the No-Rethread Simply Safe Adjust Harness System, allowing the headrest and harness to adjust simultaneously. It also includes 10 headrest positions and 6 recline positions for optimal fit and installation.

3 Modes of Use

1

**Rear-Facing
Harness**
5-40 lb

2

**Forward-Facing
Harness**
26.5-65 lb

3

**Highback
Booster**
40-100 lb

SAFETY FEATURES

The Graco TriRide is Graco ProtectPlus Engineered, meeting the newest testing standards for side impact and beyond. Its steel-reinforced frame provides enhanced strength and durability.

- **Graco ProtectPlus Engineered:** Tested to new safety standards for frontal, side, rear, and rollover crashes.
- **Side-Impact Tested:** According to FMVSS 213a with the built-in 5-point harness system.
- **Steel-Reinforced Frame:** Provides strength and durability.

Protection with Purpose
Side-impact tested
to new safety standard, FMVSS 213a, and beyond.

SETUP AND INSTALLATION

The Graco TriRide car seat is designed for straightforward installation. Refer to the labels on the side of the car seat for specific instructions and weight/height requirements for each mode.

Unboxing and Initial Assembly

Upon unboxing, the car seat requires minimal assembly. The main components are pre-assembled. The primary assembly involves attaching the cup holders.

- **Cup Holders:** The two cup holders slide into designated slots on either side of the car seat.
- **Infant Inserts:** Removable plush head and body inserts are included for infant comfort and support.

Car Seat Installation

The car seat is LATCH-equipped for easy installation. It also features open-loop belt guides to properly position your

vehicle's seat belt when used in highback booster mode.

Installation Video Guide

Video: This video demonstrates the unboxing process of the Graco TriRide car seat, showing how to install the cup holders and highlighting the pre-installed harness system. It also points out the integrated instructions on the side of the seat.

OPERATING THE CAR SEAT

Harness and Headrest Adjustment

The No-Rethread Simply Safe Adjust Harness System allows you to adjust the height of the headrest and harness in one motion, ensuring a proper and secure fit as your child grows. There are 10 headrest positions available.

No-Rethread

SIMPLY SAFE ADJUST Harness System

Headrest and harness adjust together

Harness Storage

An integrated harness storage compartment keeps the harness safely stored away without removal when transitioning to belt-positioning booster mode.

Operational Video Guide

Video: This video provides a review and demonstration of the Graco TriRide car seat, showcasing the headrest and recline adjustments, the foot extender, and the convenient cup holders. It also highlights the lower anchor system and shoulder pads.

MAINTENANCE

Keeping your Graco TriRide car seat clean is simple with its user-friendly design.

- **Seat Pad:** The seat pad is comfortable and machine washable for your convenience.
- **Cup Holders:** The two cup holders are easy to clean and can be removed for thorough washing.

- **Inserts:** Removable plush head and body inserts can be cleaned as needed.

TROUBLESHOOTING

If you encounter any issues with your Graco TriRide car seat, please refer to the detailed instruction manual included with your product or contact Graco customer support for assistance.

- **Difficulty Tightening:** Ensure the LATCH connectors or vehicle seat belt are routed correctly through the designated paths for the current mode of use. Apply firm pressure to the car seat while tightening the straps.
- **Child's Head Falling Forward:** Verify that the recline angle is appropriate for your child's age and weight, especially in rear-facing mode. The car seat has multiple recline positions to help achieve the correct angle.
- **Harness Adjustment Issues:** Check that the No-Rethread Simply Safe Adjust Harness System is moving freely and not obstructed. Ensure the headrest is adjusted to the correct height for your child's shoulders.
