## Ensenior ZF1-52-5Y

# Ensenior 52 Inch Ceiling Fan with Light and Remote Instruction Manual

Model: ZF1-52-5Y

## INTRODUCTION

---

Thank you for choosing the Ensenior 52 Inch Ceiling Fan with Light and Remote. This manual provides detailed instructions for the safe and efficient installation, operation, and maintenance of your new ceiling fan. Please read all instructions carefully before beginning installation and retain this manual for future reference.

## IMPORTANT SAFETY INFORMATION

---

- Always turn off power at the circuit breaker before installation or servicing.
- Ensure all electrical connections comply with local codes and ordinances.
- Consult a qualified electrician if you are unsure about wiring.
- Mount the fan to a ceiling joist or a securely supported outlet box capable of supporting the fan's weight.
- Keep hands clear of fan blades during operation.

## PACKAGE CONTENTS

---

Verify that all components are present and undamaged before proceeding with installation. Refer to the diagram below for a visual representation of the parts included.

# Updraft Mode for Winter

Can be used with heating/fireplace to keep the room warm by circulating the warm air

*Image: Overview of all Ensenior 52 Inch Ceiling Fan components.*

- Fan Motor Assembly
- 5 Reversible Fan Blades (Walnut/Black)
- Blade Brackets
- Downrod (6-inch and 10-inch options)
- Canopy and Decorative Yoke Cover
- LED Light Kit
- Remote Control with Receiver
- Mounting Bracket and Hardware

## SETUP AND INSTALLATION

The Ensenior ceiling fan is designed for easy installation with many components pre-assembled. A detailed installation video is available to guide you through the process. Ensure the recommended installation height of 7.5 feet from the ground to the blades is met for optimal performance.

Video: Step-by-step guide on how to install the Ensenior 52 Inch Ceiling Fan.

## Installation Steps Overview:

1. **Install the Hanger Bracket:** Securely attach the hanger bracket to the ceiling outlet box.
2. **Assemble Downrod and Motor:** Remove the downrod clip and pin, then assemble the downrod, decorative cap, and canopy onto the motor. Secure the downrod to the motor.
3. **Attach Fan Blades:** Connect the fan blade brackets to the fan blades, then install the assembled blades onto the motor fixture.
4. **Connect Wiring:** Hang the fan assembly onto the hanger bracket. Connect the electrical wires from the ceiling to the receiver, and then the receiver to the fan motor and light kit wires.
5. **Attach LED Light Kit:** Connect the LED light kit wires and attach the light kit to the bottom of the motor housing.
6. **Secure Canopy:** Slide the canopy up and secure it to the hanger bracket with screws.

## OPERATING INSTRUCTIONS

---

Your Ensenior ceiling fan is equipped with a convenient remote control for easy customization of fan and LED lighting settings. The fan and light can be operated independently.

*Video: Demonstration of Ensenior Ceiling Fan features including light and remote control.*

### Remote Control Functions:

- **Power On/Off:** Turns the fan and light on or off.
- **Fan Speed Control:** Select from 6 distinct wind speeds.
- **Light Control:** Turn the light on/off and adjust brightness.
- **Color Temperature Adjustment:** Cycle through 3 color temperatures (3000K, 4000K, 6000K).
- **Reversible Motor:** Switch between downdraft (summer cooling) and updraft (winter warming) modes.
- **Timer Settings:** Set the fan to turn off automatically after 1, 2, or 4 hours.
- **Mute Function:** Silences remote control beeping sounds.
- **Memory Function:** The fan remembers the last light setting after being off for more than 10 seconds.

*Image: Remote control functions.*

### **Seasonal Operation (Reversible Motor):**

The reversible DC motor allows for year-round comfort. In summer, set the fan to downdraft mode (blades rotate counter-clockwise) to create a cooling breeze. In winter, switch to updraft mode (blades rotate clockwise) to circulate warm air near the ceiling, helping to warm the room.

# Only Wind, No Sound

## Mute Function

(cancel the beep voice while using the remote)

Image: Reversible function for summer and winter.

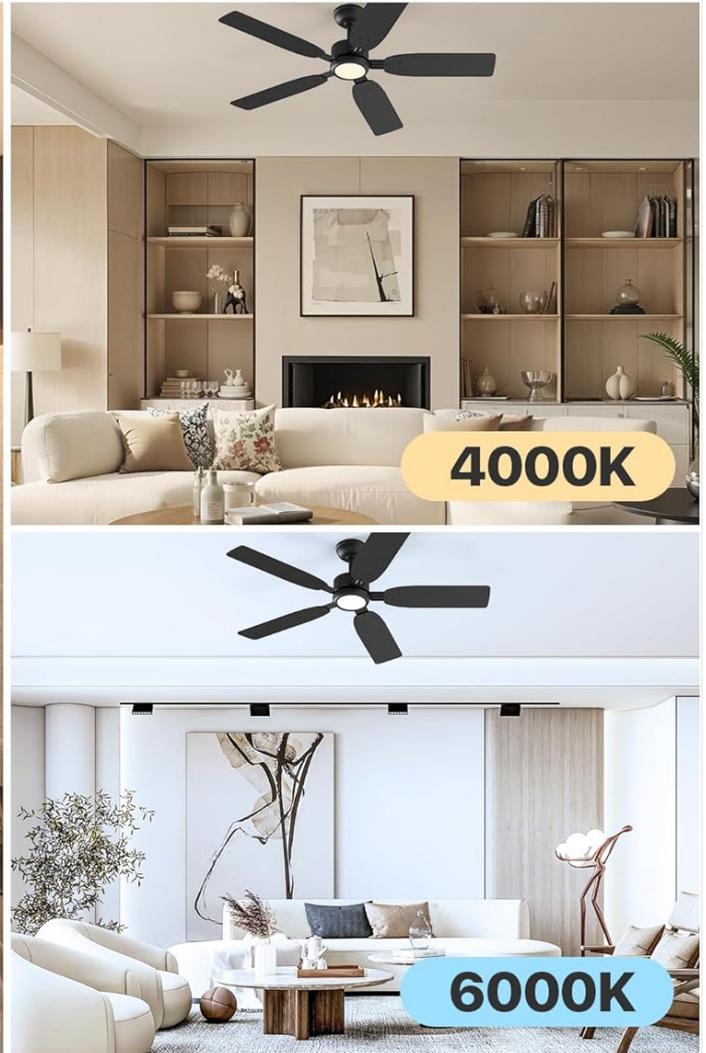

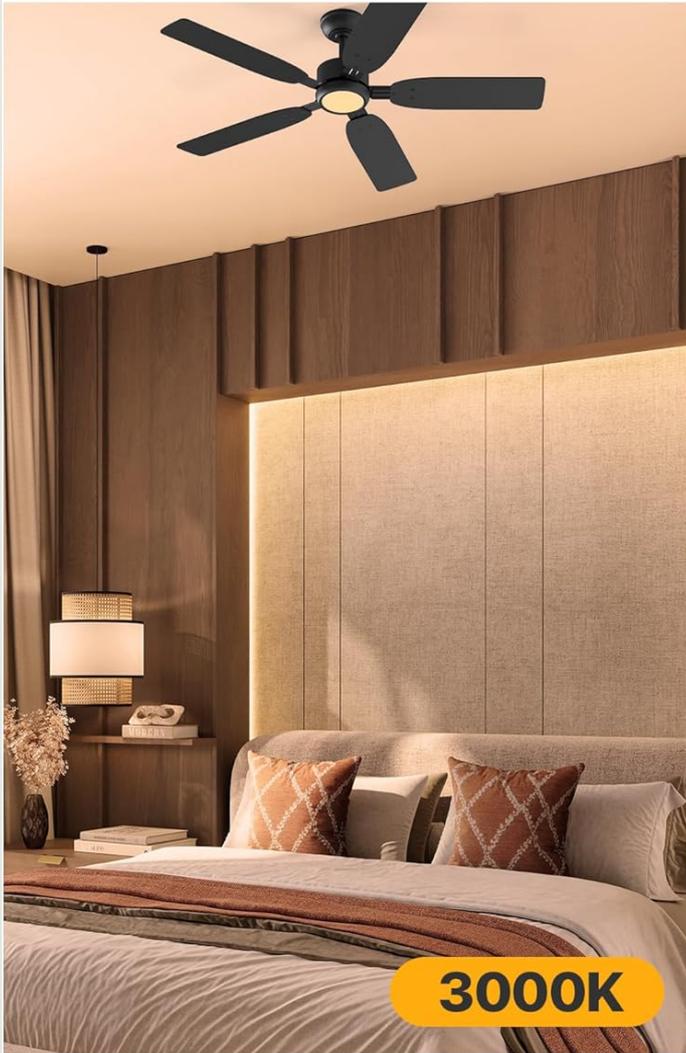

Image: Updraft mode for winter warmth.

## Light Settings:

The integrated LED light offers 3 color temperatures (3000K Warm White, 4000K Natural White, 6000K Cool White) and is dimmable. The memory function ensures the light returns to its last setting after being turned off for more than 10 seconds.

BRIGHTEN YOUR LIFE

# 3 Color Temperatures

*Image: Three adjustable color temperatures.*

## Easy Installation

Save time and avoid extra electrician expenses

Install the hanger bracket

Assembly all the parts in sequence

Connect the fan blade with the bracket

Install the fan blade & Connect the wires

Attach the LED light to the fixture

Hang the fixture into the bracket

*Image: Light memory function.*

### Quiet Operation:

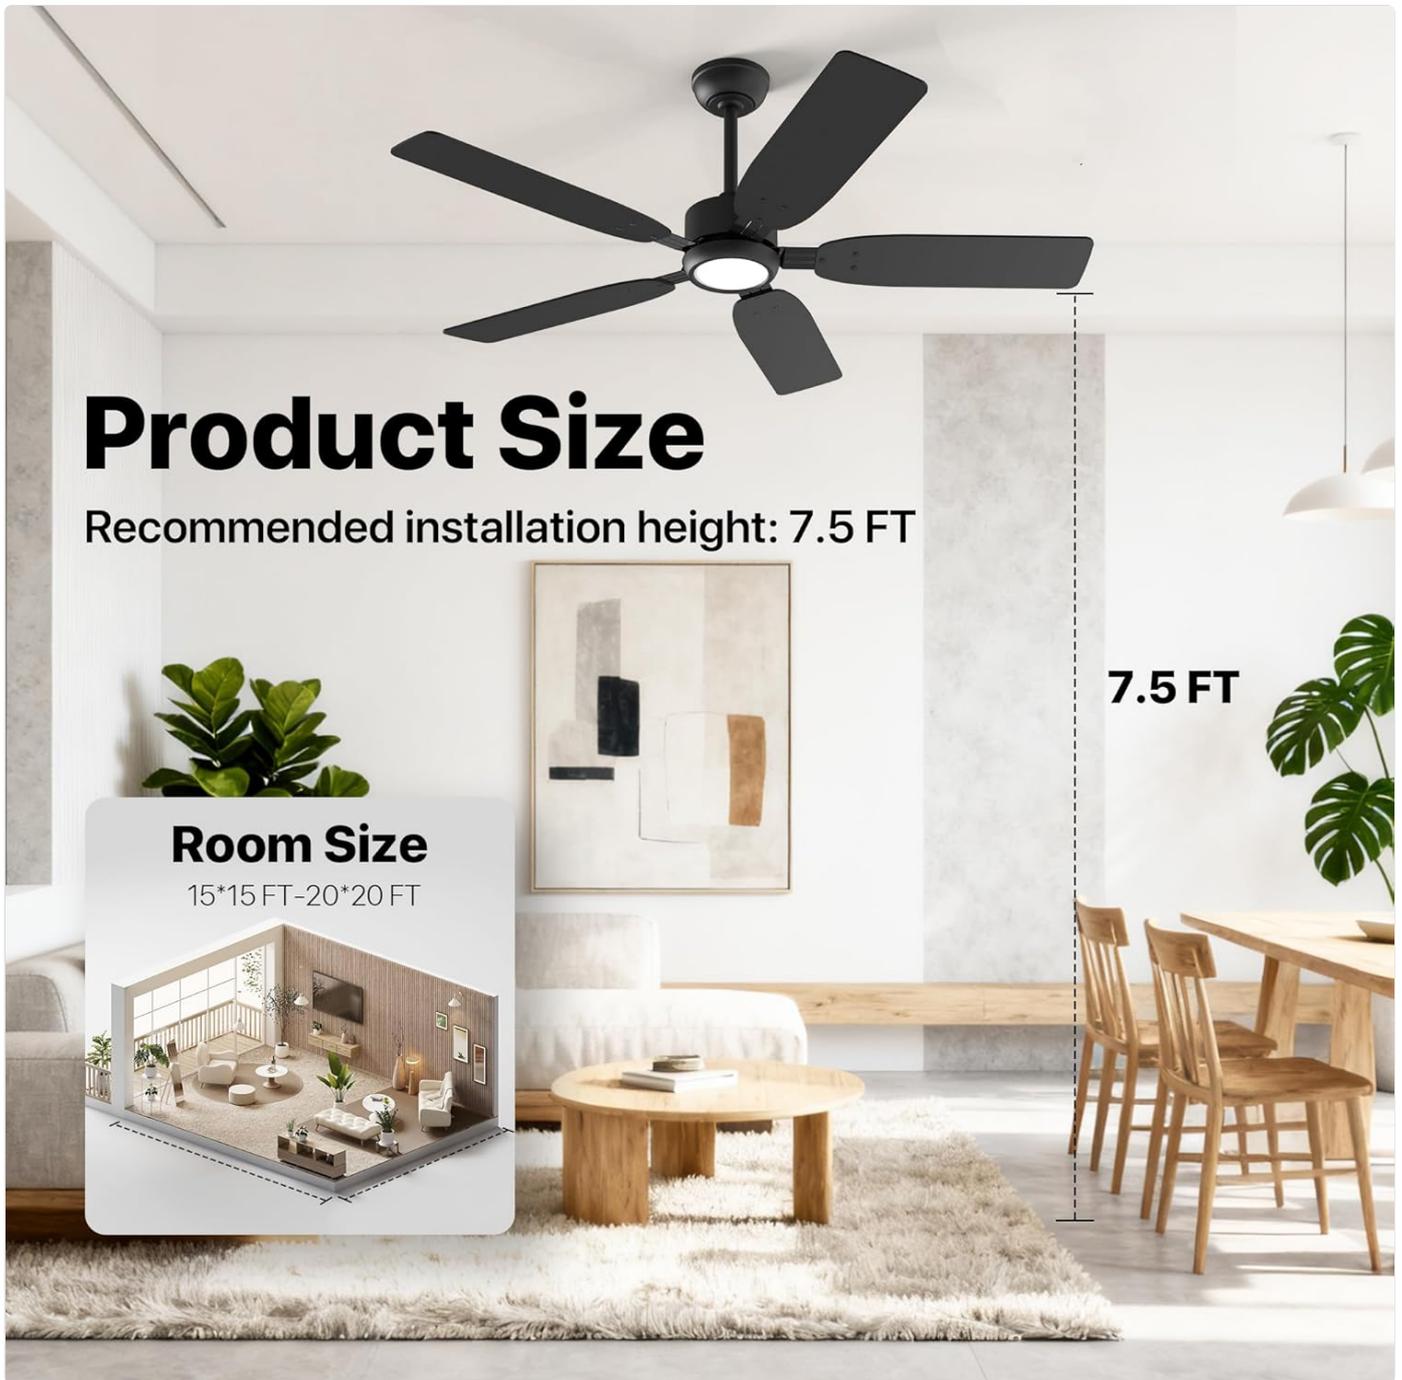

The fan operates at a low noise level of 35dB, comparable to falling leaves, ensuring a peaceful environment. The remote's mute function further eliminates beeping sounds.

*Image: Fan noise level comparison.*

**Blade Options:**

The fan features 5 double-sided wooden blades, with one side in a walnut finish and the other in black, allowing you to choose the best aesthetic for your room.

# Product Size

Recommended installation height: 7.5 FT

7.5 FT

## Room Size

15\*15 FT-20\*20 FT

## MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan blades and motor housing. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Periodically check all blade screws for tightness. Loose screws can cause wobbling and noise.
- **Light Kit:** The LED light kit is integrated and does not require bulb replacement.

## TROUBLESHOOTING

If you experience issues with your fan, refer to the common problems and solutions below. For further assistance, contact customer support.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; loose wire connections; remote control not paired.	Check circuit breaker; ensure all wires are securely connected; re-pair remote control according to instructions.
Light does not work	Loose wire connection to light kit; faulty LED driver.	Check light kit wiring; contact customer support for LED driver replacement if necessary.
Fan wobbles	Loose blade screws; unbalanced blades; improper mounting.	Tighten all blade screws; use balancing kit (included) to balance blades; ensure mounting bracket is securely installed.
Remote control not responding	Dead batteries; remote not paired; interference.	Replace remote batteries; re-pair remote control; ensure no obstructions between remote and receiver.

## SPECIFICATIONS

Feature	Detail
Brand	Ensenior
Model Name	Ceiling Fan with Light
Item Model Number	ZF1-52-5Y
Size	52 Inch
Number of Blades	5
Blade Material	Wood
Motor Type	Reversible DC Motor
Fan Speeds	6
Light Source Type	LED
Wattage (Light)	33 watts
Wattage (Fan)	18 watts
Color Temperatures	3 (3000K, 4000K, 6000K)
Control Method	Remote Control
Special Features	Adjustable Color Temperature, LED Light, Quiet Operation, Remote Controlled, Timer
Voltage	120 Volts
Item Weight	13.4 pounds
Product Dimensions	17.52 x 13.58 x 6.77 inches
Air Flow Capacity	5000 Cubic Feet Per Minute
