MageGee K2

MageGee K2 Wired RGB Backlit 104-Key Ergonomic Keyboard User Manual

Model: **K2** | Brand: **MageGee**

1. INTRODUCTION

This manual provides detailed instructions for the proper setup, operation, and maintenance of your MageGee K2 Wired RGB Backlit 104-Key Ergonomic Keyboard. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

2. PACKAGE CONTENTS

The MageGee K2 Keyboard package includes the following items:

- MageGee K2 Wired RGB Backlit 104-Key Ergonomic Keyboard
- User Manual (this document)

3. SETUP INSTRUCTIONS

3.1 Connecting the Keyboard

1. Locate an available USB port on your computer (PC, laptop, or Mac).
2. Plug the USB connector of the MageGee K2 keyboard into the USB port.
3. The keyboard is plug-and-play and should be automatically recognized by your operating system (Windows 2000/XP/ME/Vista/7/8/10, Android, Linux, Mac). No additional drivers are typically required.

3.2 Adjusting Keyboard Height

The keyboard features a foldable bracket at the bottom, allowing you to adjust its height for a more comfortable typing angle.

- To raise the keyboard, gently pull out the foldable feet located on the underside of the keyboard.
- To lower the keyboard, fold the feet back into their recessed positions.

4. OPERATING INSTRUCTIONS

4.1 RGB Backlighting Control

The MageGee K2 keyboard features vibrant RGB backlighting with multiple modes and brightness levels. Use the following key combinations to control the lighting:

- **FN + L:** Increase backlight brightness.
- **FN + J:** Decrease backlight brightness.
- **FN + K:** Switch between different backlight modes.
- **FN + M:** Switch between constant color and multi-color backlight modes.
- **FN + I:** Turn backlight on/off.

4.2 Multimedia Shortcuts

Access common multimedia functions quickly using the FN key in combination with the F1-F12 keys:

- **FN + F1-F12:** Quickly switch between multimedia playback, volume adjustment, and other functions.

Refer to the keycap legends for specific functions.

4.3 Anti-Ghosting and N-Key Rollover

The MageGee K2 keyboard features advanced anti-ghosting technology, allowing up to 19 keys to be pressed simultaneously without conflicts. This ensures accurate and fast input, especially during gaming or rapid typing.

- **19-Key Rollover:** Allows simultaneous pressing of multiple keys without issues.
- **FN + W:** Switch between the W, A, S, D keys and the arrow keys for enhanced gaming control.

4.4 Ergonomic Design

The keyboard is designed with carefully crafted high and low keys and a stepped layout to provide an ergonomic angle, reducing strain during long typing sessions and promoting comfortable finger movement.

5. MAINTENANCE

5.1 Cleaning the Keyboard

- Disconnect the keyboard from your computer before cleaning.
- Use a soft, damp cloth to wipe the surface of the keyboard. Avoid using harsh chemicals or abrasive materials.
- For cleaning between keycaps, use compressed air to remove dust and debris.

5.2 General Care

- Avoid exposing the keyboard to extreme temperatures, direct sunlight, or high humidity.
- While the keyboard is designed to be waterproof, avoid submerging it in liquids. In case of accidental spills, disconnect immediately and allow it to dry completely before reconnecting.
- Do not attempt to disassemble the keyboard, as this may void the warranty.

6. TROUBLESHOOTING

6.1 Keyboard Not Responding

- Ensure the USB cable is securely plugged into both the keyboard and the computer.
- Try plugging the keyboard into a different USB port on your computer.
- Restart your computer.
- Test the keyboard on another computer to determine if the issue is with the keyboard or the original computer.

6.2 Backlighting Not Working or Incorrect

- Ensure the backlight is turned on using **FN + I**.
- Adjust the brightness using **FN + L** (increase) and **FN + J** (decrease).
- Cycle through different modes using **FN + K** and **FN + M**.

6.3 Keys Not Registering or Double-Typing

- Clean the keyboard as described in the Maintenance section to remove any debris under the keycaps.
- Ensure the keyboard is connected directly to the computer and not through a USB hub, which can sometimes cause power or signal issues.

7. SPECIFICATIONS

Feature	Detail
Brand	MageGee
Model	K2
Color	Knight Red
Connectivity Technology	USB Wired
Keyboard Description	Ergonomic, 104 Keys
