Best Choice Products 360 Swivel Mirrored Jewelry Cabinet Instruction Manual

Model: SKY8493 | Brand: Best Choice Products

INTRODUCTION

Thank you for choosing the Best Choice Products 360 Swivel Mirrored Jewelry Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new jewelry cabinet. Please read these instructions thoroughly before assembly and retain them for future reference.

Safety Warning:

- Keep all small parts and packaging materials away from children.
- Ensure all screws and fasteners are securely tightened during assembly.
- Do not overload the cabinet shelves or hooks, as this may cause instability.
- Assemble the unit on a soft, clean surface to prevent scratches.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. Refer to the included Assembly Guide for a detailed list of parts and hardware. If any parts are missing or damaged, please contact customer support.

SETUP AND ASSEMBLY

Assembly of the jewelry cabinet is required. It is recommended to assemble the unit in the room where it will be used due to its weight and size. Follow the step-by-step instructions provided in the separate Assembly Guide for proper construction.

Key Assembly Tips:

- Ensure all cam locks and screws are tightened for stability.
- The 360-degree swivel base should be assembled correctly to allow smooth rotation.
- Carefully attach the mirror cabinet to the base, ensuring it is centered and secure.

360-Degree Swivel Function

The cabinet features a smooth 360-degree rotating base. To rotate, gently push the cabinet from either side. This allows for easy access to the side storage shelves and the full-length mirror from any angle in your room.

Adjustable Tilting Mirror

The full-length mirror can be tilted to various angles. Loosen the knobs on the sides of the mirror frame, adjust to your desired angle, and then tighten the knobs to secure the mirror in place. This feature helps you achieve the perfect viewing angle for dressing or makeup application.

LED-Lit Interior Mirror

The interior mirror is equipped with LED lights for enhanced visibility during makeup application. Locate the power button or sensor on the interior mirror frame to turn the lights on or off. Ensure batteries are installed correctly if the unit is battery-powered (refer to the Assembly Guide for battery type and installation).

LED Lighted Mirror

Storage Features

The cabinet offers extensive storage options:

- **Jewelry Hooks:** Utilize the 29 hooks for hanging necklaces and bracelets to prevent tangling.
- **Earring Rests:** Place earrings in the 34 designated rests.
- **Ring Slots:** Organize up to 70 rings in the dedicated ring slots.
- **Lined Shelves:** Three lined shelves provide space for cosmetics, perfumes, or other accessories.
- **Foldable Makeup Shelf:** A convenient foldable shelf creates a temporary surface for makeup items.
- **Pull-Out Cubbies:** Two small pull-out cubbies offer discreet storage for smaller items.
- **Base Drawer:** A large drawer at the base provides additional storage for larger cosmetics or accessories.

MAINTENANCE

Cleaning the Cabinet

- **Exterior:** Wipe the engineered wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Mirror:** Use a standard glass cleaner and a lint-free cloth to clean the mirror surfaces. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the edges.
- **Interior (Velvet):** Gently vacuum the velvet lining with a brush attachment or use a lint roller to remove dust and debris. For spills, blot immediately with a clean, dry cloth.

General Care

- Periodically check all screws and fasteners to ensure they remain tight.
- Avoid placing the cabinet in direct sunlight or near heat sources to prevent warping or fading.
- Do not drag the cabinet when moving it; lift it carefully to prevent damage to the base or floor.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet does not swivel smoothly.	Base not assembled correctly; debris in swivel mechanism.	Review assembly steps for the base. Clean any debris from the swivel mechanism.
LED lights on interior mirror do not turn on.	Batteries are dead or incorrectly installed; loose wire connection.	Replace batteries with new ones, ensuring correct polarity. Check for any loose wire connections if accessible (refer to assembly guide).
Cabinet feels unstable or wobbly.	Screws or fasteners are loose; uneven floor surface.	Tighten all assembly screws. Place the cabinet on a level surface.
Mirror does not stay tilted.	Side knobs are not tightened sufficiently.	Ensure the side adjustment knobs are securely tightened after tilting the mirror.

SPECIFICATIONS

Feature	Detail
Model Number	SKY8493
