DICTAC CBF-01

DICTAC Twin XL Bed Frame User Manual

Model: CBF-01
Brand: DICTAC

1. Introduction

Thank you for choosing the DICTAC Twin XL Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Important Safety Information

Do not overload the bed frame beyond its maximum weight capacity of 900 lbs. Exercise caution with sharp edges and heavy components during assembly. Keep the upholstered guardrail away from heat sources to prevent fire risks. Use the charging station and LED lights with caution to avoid electrical hazards. If you encounter any issues, please contact the manufacturer for assistance.

2. Package Contents

Before assembly, ensure all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support immediately.

- Corner Bed Frame components
- Metal Slats
- LED Lights kit
- Upholstered Guardrail sections
- Charging Station unit
- Assembly Instructions manual
- Simple Assembly Tools
- 2 Storage Drawers with liners
- 2 Mattress Slide Stoppers
- 4 Plastic Corner Protectors

3. Setup and Assembly Instructions

Assembly of the DICTAC Twin XL Bed Frame is designed to be straightforward. Each part is clearly labeled and

numbered. It is recommended to loosely fasten all bolts in each step before fully tightening them once all components are in place.

Assembly Steps Overview

1. Unpack all components and verify against the package contents list.
2. Assemble the main metal frame structure. Ensure all connections are secure.
3. Install the upholstered guardrail. Note that the L-shaped guardrail can be installed on either the left or right side to suit your room layout.
4. Place the metal slats onto the frame. The tightly spaced metal slats provide strong support and eliminate the need for a box spring.
5. Attach the LED light strips to the designated area on the headboard/guardrail.
6. Install the hang power socket (charging station) onto the guardrail. It can be positioned anywhere along the guardrail as needed.
7. Assemble and insert the two large storage drawers under the bed. These drawers feature smooth wheels for easy access and come with black liners to protect contents from dust.
8. Install the two mattress slide stoppers on the bed frame to prevent mattress movement.
9. Apply the four plastic corner protectors to the bed frame corners for added safety.

Figure 3.1: Detailed dimensions and components of the Twin XL bed frame, including the 900 lbs weight capacity and recommended mattress thickness of 6-8 inches.

Figure 3.2: Illustration of the two assembly methods, allowing the L-shaped guardrail to be installed on either the left or right side to fit various room layouts.

Figure 3.3: Detail showing the mattress slide stoppers that prevent unwanted movement and the embedded slat design for simplified installation and noise prevention.

Assembly Video Guide

4. Operating Instructions

4.1 RGB LED Lights

The bed frame is equipped with vibrant RGB LED lights to enhance your room's ambiance. The lights can be controlled via a dedicated app or a line controller.

- **Color Adjustment:** Directly adjust light colors using the app or line controller.
- **Customization:** Through the app, you can customize brightness, dynamic modes, music sync mode, mic mode, and timing modes.
- **Power On/Off:** Long press the button on the controller to turn the RGB light on or off.

Figure 4.1: The RGB LED lights offer over 60,000 colors and various modes including Mic Mode, Music Mode, Timing Function, Brightness Adjustable, and Custom Style, controllable via key or app.

4.2 Charging Station

A convenient hang power socket is integrated into the bed frame, providing easy access to power for your devices.

- **Ports:** The charging station includes 2 USB ports and 2 AC outlets.
- **Placement:** The power strip can be hung anywhere on the bed guardrail according to your preference and needs.
- **Specifications:** 120V/12A (2 AC Outlets), 5V/2A (2 USB Ports), 5.2-Foot Power Cord.

Figure 4.2: The built-in charging station provides convenient power access with 2 USB ports and 2 AC outlets, designed to be hung anywhere on the bed rail.

4.3 Storage Drawers

The bed frame includes two large pull-out storage drawers for organizing various items.

- **Access:** The drawers feature smooth wheels for easy gliding in and out.
- **Protection:** Black drawer liners are included to help keep dust out of the drawers and protect your stored items.
- **Capacity:** The 9.06-inch vertical storage space allows for placing additional storage boxes to maximize space utilization.

Figure 4.3: The two built-in wire netting storage drawers feature easy-glide casters for smooth operation and non-woven drawer bottoms to prevent clothes from falling through.

5. Maintenance

Proper care and maintenance will extend the life of your DICTAC bed frame.

- **Cleaning Metal Parts:** Wipe metal surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Cleaning Upholstered Parts:** For the upholstered guardrail, spot clean with a mild fabric cleaner and a soft cloth. Test on an inconspicuous area first. Do not saturate the fabric.
- **Tightening Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain stability and prevent squeaking.
- **Drawer Maintenance:** Keep drawer wheels free of debris for smooth operation. The black drawer liners can be removed and cleaned as needed.
- **Electrical Components:** Ensure the charging station and LED lights are kept dry. Do not attempt to repair electrical components yourself; contact qualified personnel if issues arise.

6. Troubleshooting

This section addresses common issues you might encounter with your bed frame.

Problem	Possible Cause	Solution
Bed frame squeaks	Loose bolts or connections.	Check and tighten all assembly bolts. Ensure all parts are correctly aligned.
Mattress slides on the frame	Mattress stoppers not installed or improperly positioned.	Ensure the two mattress slide stoppers are securely installed and positioned to firmly fix the mattress.
LED lights not working	Power connection issue, controller malfunction, or light strip damage.	Check power connection to the LED strip. Ensure the controller is properly connected and functioning. Long press the button to turn on/off. If issues persist, contact customer support.
Charging station not providing power	Power cord not plugged in, outlet issue, or internal fault.	Verify the charging station's power cord is securely plugged into a working wall outlet. Test the outlet with another device. If still no power, contact customer support.
Missing or damaged parts upon arrival	Shipping damage or packaging error.	Do not proceed with assembly. Contact DICTAC customer service within 24 hours of delivery with details of the missing/damaged parts.

7. Specifications

Feature	Detail
Size	Twin XL
Product Dimensions (L x W x H)	80.71" x 40.75" x 31.5"
