2. SETUP AND ASSEMBLY

Assembly of the CSZZD Vanity Desk requires careful attention to the provided instructions. All parts and accessories are labeled to assist with the process. It is recommended to have assistance during assembly due to the size and weight of some components.

2.1. Unpacking and Preparation

- Carefully unpack all components and verify against the parts list in your instruction manual.
- Ensure all electrical components are kept dry and away from potential damage during assembly.
- Prepare a clear, spacious area for assembly.

2.2. Assembly Steps

Follow the step-by-step diagrams in the included assembly guide. While the guide is primarily visual, parts are labeled to aid

identification. If you encounter difficulties, refer to the troubleshooting section or contact customer support.

2.3. Anti-Tipping Straps Installation

For safety, it is crucial to install the anti-tipping straps. Anchor the furniture to the wall to prevent accidental tipping, especially in households with children.

Glossy Metal Handles

It matches perfectly with the white vanity to give a sophisticated visual.

Anti-Tipping Straps

Babyproof your home by anchoring furniture to the wall to prevent tipping if curious children begin to climb.

3. OPERATING INSTRUCTIONS

3.1. Mirror Lighting System

The large HD LED mirror features three lighting modes and adjustable brightness. A touch switch located in the center of the mirror controls these functions.

- **Switching Modes:** Tap the touch switch to cycle through Warm, Natural, and Cool light colors.
- **Adjusting Brightness:** Press and hold the touch switch to adjust the brightness level for the selected mode.

3.2. RGB Cabinet Lighting System

The vanity includes a cabinet with an RGB lighting system, offering over 60,000 static colors and multiple dynamic lighting modes. This system can be controlled via a dedicated app or a physical switch.

- **App Control:** Download the specified app (refer to the full manual for app details) to access a wide range of colors, dynamic modes, music synchronization, microphone modes, timing functions, and DIY color customization.
- **Switch Control:** Use the physical switch on the cabinet to cycle through basic lighting options.

4. MAINTENANCE

4.1. Cleaning

- **Surface Cleaning:** Wipe all surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Cleaning:** Use a glass cleaner specifically designed for mirrors and a lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the edges.
- **Electrical Components:** Ensure all electrical components (charging station, light controls) are kept dry. Do not spray liquids directly onto them.

4.2. General Care

- Periodically check all screws and fasteners to ensure they are tight.
- Inspect anti-tipping straps regularly for wear and tear, and ensure they remain securely anchored to the wall.
- Avoid placing excessively hot or cold items directly on the surface without protective coasters.

5. TROUBLESHOOTING

If you encounter any issues with your vanity desk, please refer to the following common troubleshooting steps:

- **Mirror Lights Not Working:**
 - Check if the vanity is properly plugged into a working power outlet.
 - Ensure the touch switch on the mirror is clean and unobstructed.
- **RGB Cabinet Lights Not Working or Malfunctioning:**
 - Verify power connection.
 - If using the app, ensure your device is connected and the app is updated.
 - Try controlling with the physical switch to isolate the issue.
- **Charging Station Not Providing Power:**
 - Confirm the vanity is plugged in.
 - Test the outlets/USB ports with a different device.

- Ensure devices are properly connected to the ports.

• **Assembly Difficulties:**

- Re-examine the assembly diagrams carefully.
- Ensure all parts are correctly oriented and matched according to their labels.
- Do not force components together.
