Aeitto CB23D

Aeitto Nugget Ice Maker Countertop

USER MANUAL

1. Introduction

Thank you for choosing the Aeitto Nugget Ice Maker. This appliance is designed to provide chewable, soft nugget ice quickly and efficiently for your home or office. Please read this manual thoroughly before operation to ensure proper use, maintenance, and safety.

Figure 1: Aeitto Nugget Ice Maker, front view with ice inside.

2. Setup

2.1 Unpacking

- Carefully remove all packaging materials and accessories from the box.
- Inspect the ice maker for any damage. Do not operate if damaged.
- Ensure all components listed in the 'What's in the Box' section are present.

2.2 Placement

- Place the ice maker on a stable, level surface away from direct sunlight and heat sources.
- Allow at least 6 inches of space around the unit for proper ventilation.

2.3 Water Connection

The Aeitto Nugget Ice Maker offers two methods for water refilling:

1. **Manual Water Refill:** Open the top lid and pour clean, potable water directly into the water reservoir up to the 'MAX' fill line.
2. **Automatic Water Refill:** Connect the provided water inlet tube to the designated port on the back of the unit and to a potable water supply. Ensure all connections are secure to prevent leaks.

2 Ways To Add Water

Manual Water Refill

Automatic Water Refill

Figure 2: Illustration of manual and automatic water refill methods.

2.4 Initial Cleaning

Before first use, it is recommended to perform a cleaning cycle. Refer to the 'Maintenance' section for detailed instructions on using the self-cleaning function.

3. Operation

3.1 Powering On

Plug the ice maker into a grounded electrical outlet. Press the **POWER** button on the control panel to turn on the unit. The 'POWER' indicator light will illuminate.

3.2 Ice Production

Once powered on and water is added, the ice maker will automatically begin the ice-making process. The first batch of nugget ice can be produced in as little as 5 minutes.

Figure 3: Rapid ice release mechanism.

The ice maker is designed for strong ice production, capable of producing up to 55 lbs of ice per day in summer conditions and up to 80 lbs per day in winter conditions.

3.3 Chewable Nugget Ice

The ice maker produces soft, chewable nugget ice, which is distinct from traditional hard cube ice. This type of ice is tooth-friendly and absorbs drink flavors effectively.

3.4 Automatic Cycle Ice Production

The ice maker features an infrared sensor that detects the ice level. When the ice basket is full, the unit will automatically stop making ice. It will resume ice production approximately 30 minutes after the ice level drops below the sensor, ensuring a continuous supply of ice without manual intervention.

Auto Cycle Ice Making

Always Available

Always have ice ready for you, no need to wait to start.

Induction Infrared

Ice making stops when ice is above infrared and resumes after 30 minutes when it is below infrared.

Note: Ice maker has no refrigeration function. It is recommended to store ice in the refrigerator.

Figure 6: Automatic ice production cycle.

Note: The ice maker does not have a refrigeration function for storing ice long-term. It is recommended to transfer ice to a freezer for extended storage.

3.5 Control Panel Indicators

- **POWER:** Indicates the unit is on.
- **ADD WATER:** Illuminates when the water reservoir is low and needs refilling.
- **ICE FULL:** Illuminates when the ice basket is full. Ice production will pause until ice is removed.
- **SOFT ICE:** Button to select soft ice mode (if applicable, or for general ice production).
- **CLEAN:** Button to initiate the self-cleaning cycle (hold for 3 seconds).

4. Maintenance

Regular cleaning and maintenance are crucial for the longevity and optimal performance of your ice maker.

4.1 Self-Cleaning Function

The ice maker is equipped with an auto-cleaning function:

1. Ensure the water reservoir is filled with clean water.
2. Press and hold the **CLEAN** button for 3 seconds to start the self-cleaning cycle.
3. The unit will circulate water to clean internal components. This cycle typically takes several minutes.
4. Once the cycle is complete, drain the water from the unit.

Figure 7: Auto-cleaning function overview.

4.2 Regular Cleaning and Descaling

- **Exterior:** Wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners.
- **Ice Basket and Scoop:** Wash with mild soap and warm water, then rinse thoroughly.
- **Water Reservoir:** Periodically drain and clean the water reservoir to prevent mineral buildup.
- **Descaling:** If hard water is used, mineral deposits (limescale) may accumulate. Use a food-grade descaling solution or a mixture of water and vinegar to descale the unit as needed. Follow the descaling product's instructions carefully.

- **Drainage:** Ensure the water drain cap is securely closed during operation to prevent malfunction.

5. Troubleshooting

Before contacting customer support, please refer to the following common issues and solutions:

Problem	Possible Cause	Solution
"ADD WATER" indicator is on.	Water reservoir is empty or water level is too low.	Refill the water reservoir. If using auto-refill, check water supply connection.
"ICE FULL" indicator is on.	Ice basket is full.	Remove ice from the basket.
No ice production.	No water, unit not powered on, or ambient temperature too high.	Check water level, ensure unit is plugged in and powered on. Move to a cooler environment if necessary.
Ice tastes strange or has odor.	Unit needs cleaning, or water quality is poor.	Perform self-cleaning cycle. Clean reservoir. Use filtered water.
Unit is noisy.	Normal operation sounds (compressor, water pump) or unit not level.	Ensure unit is on a stable, level surface. If noise is excessive or unusual, contact support.

6. Specifications

Feature	Detail
Model Name	CB23D
Product Dimensions	13.2"D x 9.6"W x 15.8"H
Capacity	3.3 Pounds (ice basket)
Ice Production (Max)	Up to 55 lbs/day (summer), 80 lbs/day (winter)
Refrigerant	R290a
Manufacturer	Aeitto

7. What's in the Box

- Nugget Ice Maker x 1
- Ice Scoop x 1
- Tray x 1
- Water Inlet Tube x 1
- Faucet Connector x 1

8. Warranty and Support

For warranty information, technical support, or service inquiries, please refer to the warranty card included with your

product or visit the official Aeitto website. Please have your model number (CB23D) and purchase date available when contacting support.
