2. SAFETY INFORMATION

- Always follow the assembly instructions carefully.
- Keep the chair away from direct heat sources to prevent material damage.
- Do not exceed the maximum weight capacity of the chair. Refer to specifications for details.
- Ensure all screws and connections are tightened securely before use and periodically check for looseness.
- Use the chair on a flat, stable surface.

3. SETUP AND ASSEMBLY

Assembly is required for this product. Detailed step-by-step assembly instructions and all necessary tools are included in the product packaging. Please refer to the separate assembly guide for a complete walkthrough. Ensure all components are present before beginning assembly.

3D Ergonomic Armrests

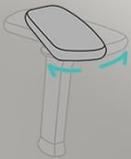

Effectively support the elbow

2.95"
up & down

1.97"
front & back

40°
left & right

4. OPERATING INSTRUCTIONS (ADJUSTMENTS)

The Hbada E2 chair offers multiple adjustment features to customize your seating experience for optimal comfort and support.

4.1. Headrest Adjustment

The 3D adjustable headrest can be positioned to support your neck and head effectively.

- **Vertical Adjustment:** Adjust the headrest up or down by up to 10 cm.
- **Forward and Backward Adjustment:** Move the headrest forward or backward by up to 3 cm.
- **Rotation:** Rotate the headrest up to 60 degrees to find your preferred angle.

3D Adjustable Headrest

Effectively support the neck

Figure 3: Headrest adjustment capabilities.

4.2. Lumbar Support Adjustment

The 6-way adjustable lumbar support provides comprehensive lower back protection.

- **Forward and Backward Adjustment:** Adjust the lumbar support in 3 levels.
- **Vertical Adjustment:** Move the lumbar support up or down.
- **Left-Right Suspension:** The floating structure adapts to your movements.

6-WAY DYNAMIC RESPONSE

2.36" Height adjustment

1.97" Forward and backward adjustment

10° Left and right float

Figure 4: Lumbar support dynamic adjustment features.

4.3. Armrest Adjustment

The 3D armrests can be adjusted to provide optimal elbow support.

- **Height Adjustment:** Adjust armrest height by up to 7.5 cm.
- **Forward and Backward Adjustment:** Move armrests forward or backward by up to 5 cm.
- **Rotation:** Rotate armrests 40 degrees left and right.

3D Ergonomic Armrests

Effectively support the elbow

Figure 5: Armrest adjustment options.

4.4. Recline Function and Locking

The chair features a reclining function with three lockable tilt angles.

- Recline up to 135 degrees.
- Lockable angles for 90° (comfortable office), 115° (leisure and entertainment), and 138° (short nap).

3 Level Locking

Adaptable to different scene requirements

90° Comfortable office

115° Leisure and entertainment

138° Short nap

Figure 6: Three-level locking recline positions.

4.5. Wired Control Adjustment

The aluminum alloy wired control allows for easy adjustment without bending down.

- Simply toggle the adjuster for one-touch operation of chair functions.

Aluminum Alloy Wired Control Adjustment

Simply toggle the adjuster for one-touch operation,
no need to bend over

Figure 7: Wired control for easy adjustments.

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Hbada E2 chair.

- **Cleaning:** For the mesh fabric, gently wipe with a damp cloth and mild soap. Avoid harsh chemicals. For the frame, use a soft, dry cloth.
- **Inspection:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary.
- **Casters:** Keep casters free of hair and debris to ensure smooth movement.
- **Avoid Overloading:** Do not place excessive weight on the chair or armrests beyond the specified capacity.

6. TROUBLESHOOTING

If you encounter any issues with your Hbada E2 chair, please refer to the following common solutions:

- **Chair Squeaks:** Check and tighten all assembly bolts. A small amount of silicone spray on moving parts may help, but avoid contact with mesh or upholstery.
- **Chair Not Adjusting:** Ensure no obstructions are blocking the adjustment mechanisms. Verify that the wired control is functioning correctly.
- **Casters Not Rolling Smoothly:** Clean any debris from the caster wheels. Ensure they are properly inserted into the chair base.
- **Gas Lift Issues:** If the chair does not hold its height, the gas lift may need replacement. Contact customer support for assistance.

For persistent issues or concerns not addressed here, please contact Hbada customer support.

7. SPECIFICATIONS
