Dwi Dowellin 8821

Dwi Dowellin 27-inch Friction Powered Police Truck Toy

Model: 8821

PRODUCT OVERVIEW

The Dwi Dowellin 27-inch Friction Powered Police Truck Toy (Model 8821) is a multi-functional playset designed for children aged 3 to 6 years. This set includes a large semi-trailer police truck, a police car, and a police helicopter, offering a variety of play scenarios. The truck and its components are designed for interactive play, featuring simulated sounds, lights, and friction-powered movement.

- **Large Scale:** Semi-trailer truck measures approximately 27 x 5 x 6.3 inches.
- **Multi-Vehicle Set:** Includes a police truck, a police car (6.5 x 3 x 2.8 inches), and a police helicopter (11.1 x 3.8 x 4.5 inches).
- **Interactive Features:** Truck and helicopter feature simulated working sounds and lights.
- **Friction Powered:** Vehicles operate with friction power, requiring no batteries for movement.
- **Detachable Trailer:** The semi-trailer can be separated from the truck cab.
- **Durable Construction:** Made from high-quality, non-toxic, and non-fading plastic materials.

SAFETY INFORMATION

WARNING: NOT SUITABLE FOR CHILDREN UNDER 3 YEARS DUE TO SMALL PARTS.

Always supervise children during play. Ensure all components are securely attached before use. Keep away from open flames or heat sources.

PACKAGE CONTENTS

Upon opening the package, please verify that all the following items are present and in good condition:

- 1 x Police Semi-trailer Truck (cab and trailer)
- 1 x Police Helicopter
- 1 x Police Car
- 3 x AAA Batteries (pre-installed in truck cab)

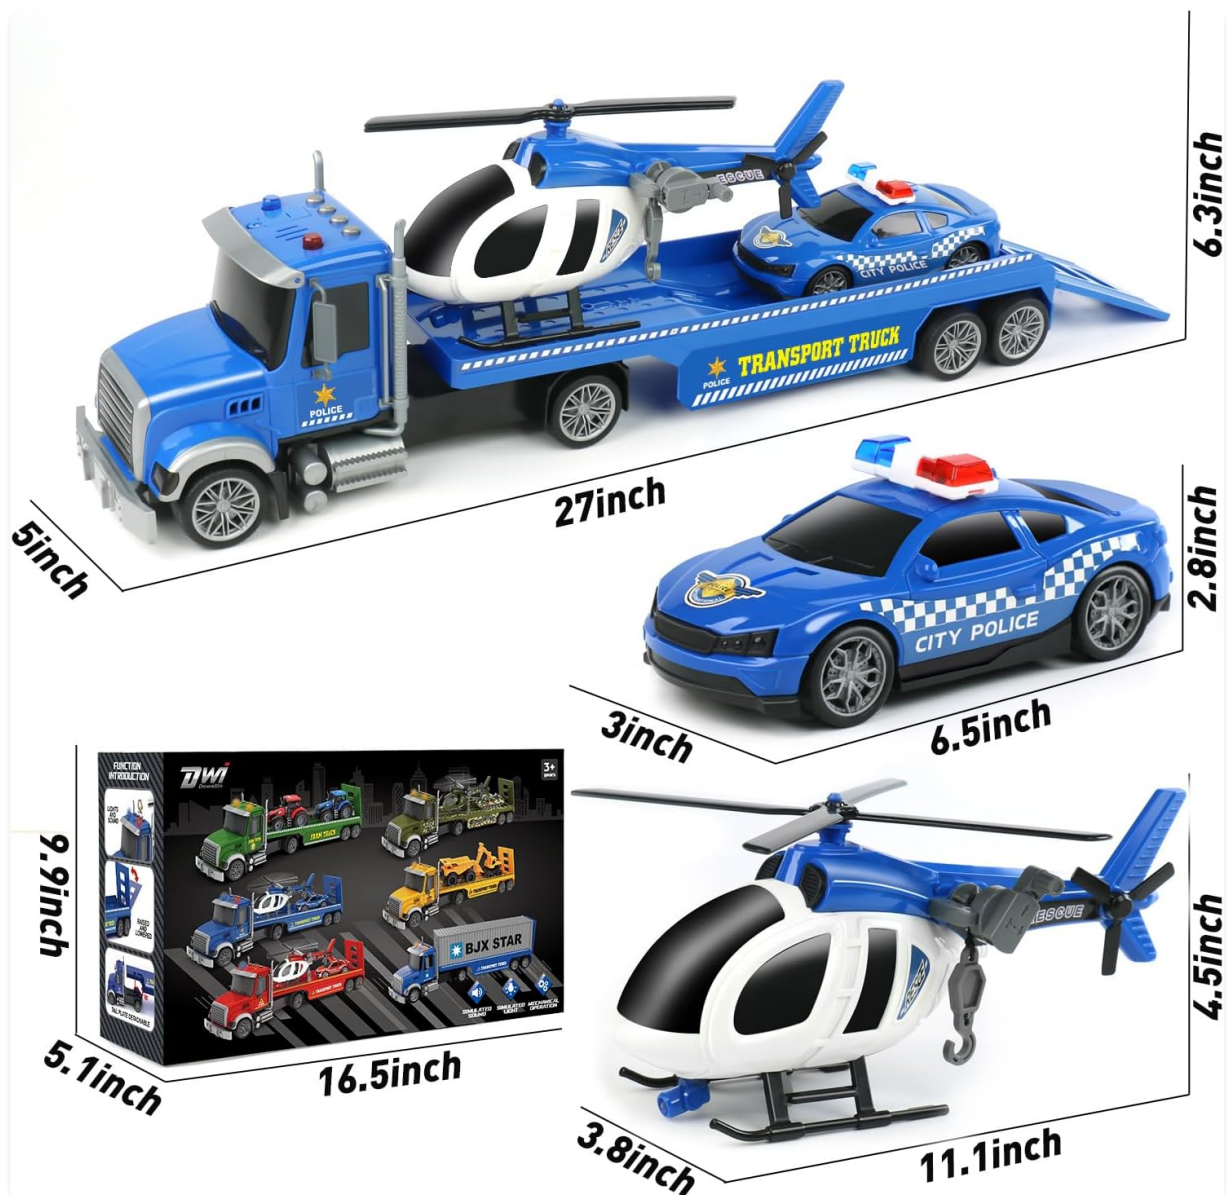

Image: Visual representation of the product components and their approximate dimensions.

SETUP

1. **Unboxing:** Carefully remove all components from the packaging. Dispose of packaging materials responsibly.
2. **Helicopter Assembly:** Attach the main rotor blades to the top of the helicopter and the tail rotor to the rear. Ensure they click securely into place.
3. **Truck and Trailer Connection:** The semi-trailer can be attached to the truck cab by aligning the hitch on the trailer with the connection point on the truck cab and pushing them together until they lock. To detach, gently pull them apart.
4. **Battery Activation (Truck Cab):** The truck cab comes with pre-installed AAA batteries. Locate the battery compartment (usually on the underside or rear of the cab) and remove any plastic pull-tabs to activate the batteries for sound and light functions.
5. **Placing Vehicles:** Position the police car and helicopter onto the semi-trailer. The trailer features a retractable tailgate/ramp for easy loading and unloading of the police car.

OPERATING INSTRUCTIONS

1. **Friction Power:** To make the truck or police car move, simply push it forward on a flat surface and release. The friction mechanism will propel it forward.
2. **Truck Sounds and Lights:** The truck cab has buttons on its roof. Press these buttons to activate simulated engine sounds, horn sounds, and flashing headlights.
3. **Helicopter Sounds and Lights:** The helicopter features a button (typically on its side or top) that activates rotor sounds and a flashing light.
4. **Helicopter Hook:** The helicopter includes a movable hook for imaginative rescue play. Manually adjust the hook as desired.

MAINTENANCE

- **Cleaning:** Wipe the toys with a soft, damp cloth to remove dust and dirt. Do not immerse in water. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the toy set in a cool, dry place away from direct sunlight when not in use.
- **Battery Replacement:** If the truck's sounds and lights diminish, replace the 3 AAA batteries in the truck cab. Ensure correct polarity when inserting new batteries.

TROUBLESHOOTING

- **No Sound/Lights from Truck:** Check if the battery pull-tab has been removed. Ensure batteries are correctly installed and not depleted. Replace batteries if necessary.
- **No Sound/Lights from Helicopter:** Verify that the helicopter's internal batteries (if applicable) are functional. Some models may not have user-replaceable batteries for the helicopter.
- **Truck/Car Not Moving Smoothly:** Ensure the wheels are free from obstructions. Clean any debris from the axles.
- **Trailer Detaches Easily:** Ensure the truck cab and trailer are securely connected. Apply gentle pressure until a click is heard, indicating a proper lock.
