Stecutts SKT-1

Stecutts Smart Blue Sky Light Ceiling Lamp (2x1 Ft)

Instruction Manual for Model SKT-1

1. Introduction

The Stecutts Smart Blue Sky Light Ceiling Lamp is designed to replicate the natural light and appearance of the sky, providing a calming and relaxing atmosphere in various indoor environments. This artificial skylight integrates advanced technology to simulate sunlight irradiation, offering adjustable brightness and color temperature to enhance your living or working space.

2. Safety Information

Please read and understand all safety instructions before installation and operation. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- **Electrical Safety:** Ensure the power supply is disconnected before installation, maintenance, or cleaning. All electrical work should be performed by a qualified electrician in accordance with local electrical codes.
- **Eye Protection:** Do not look directly at the light when it is operating in strong light mode, as this may cause eye discomfort or strain.
- **Installation Environment:** This product is designed for indoor use only. Ensure the installation area is dry and free from excessive moisture.
- **Secure Mounting:** The skylight requires embedded installation into the ceiling. Ensure the ceiling structure can safely support the weight of the fixture.

3. Package Contents

Verify that all components are present and undamaged upon opening the package. If any items are missing or damaged, contact customer support.

- Stecutts Smart Blue Sky Light Ceiling Lamp (Model SKT-1)
- Mounting Hardware
- User Manual (this document)
- Remote Control (if included with your specific package)

4. Product Overview

4.1 Key Features

- **Realistic Sky Simulation:** Reproduces the light of the sun and sky using advanced technology, creating an outdoor sunshine experience indoors.
- **Smart Daylight Rhythm System:** Recreates the passage of time from sunrise to sunset, with gradually shifting colors and light intensity.
- **APP Control:** Adjustable brightness (1-100%) and color temperature (2000K-8000K) via Bluetooth connection. Create custom lighting modes.
- **Gentle and Non-Glaring Light:** Utilizes exclusive patent technology for soft, warm light with a smooth edge, illuminating a 40-degree refracted light to the wall.
- **Eye-Friendly Design:** Engineered to reduce eye strain with flicker-free operation.
- **Wide Application:** Suitable for residential and commercial spaces such as kitchens, hallways, bathrooms, basements, offices, libraries, and hospitals.

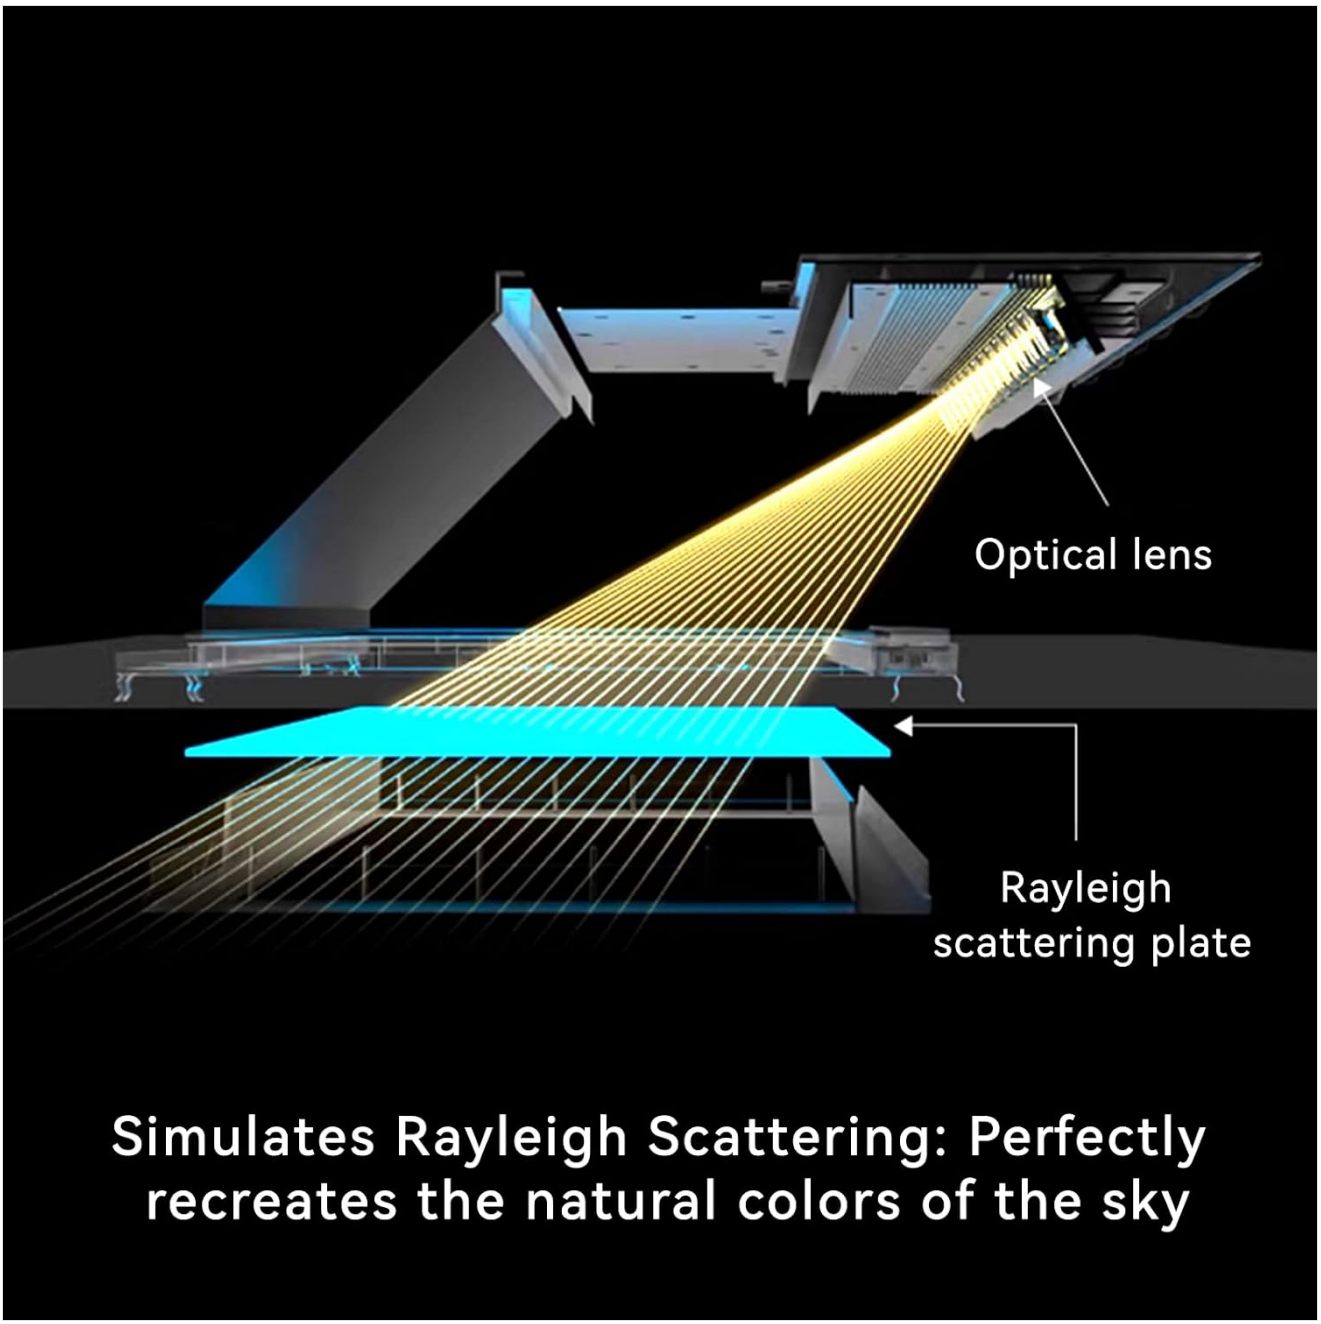

Image 4.2: Internal technology simulating Rayleigh Scattering for natural sky colors.

5. Setup and Installation

The Stecutts Smart Blue Sky Light Ceiling Lamp requires embedded installation. Professional installation is recommended.

5.1 Installation Requirements

- **Ceiling Opening Size:** The ceiling opening size must match the skylight dimensions (2x1 Ft).
- **Ceiling Height:** A minimum ceiling height of 6.8 inches is required for proper installation.
- **Placement:** For optimal experience, position the skylight 40-50 inches away from a wall. The light direction should generally point towards a wall, not directly at mirrors or doors.

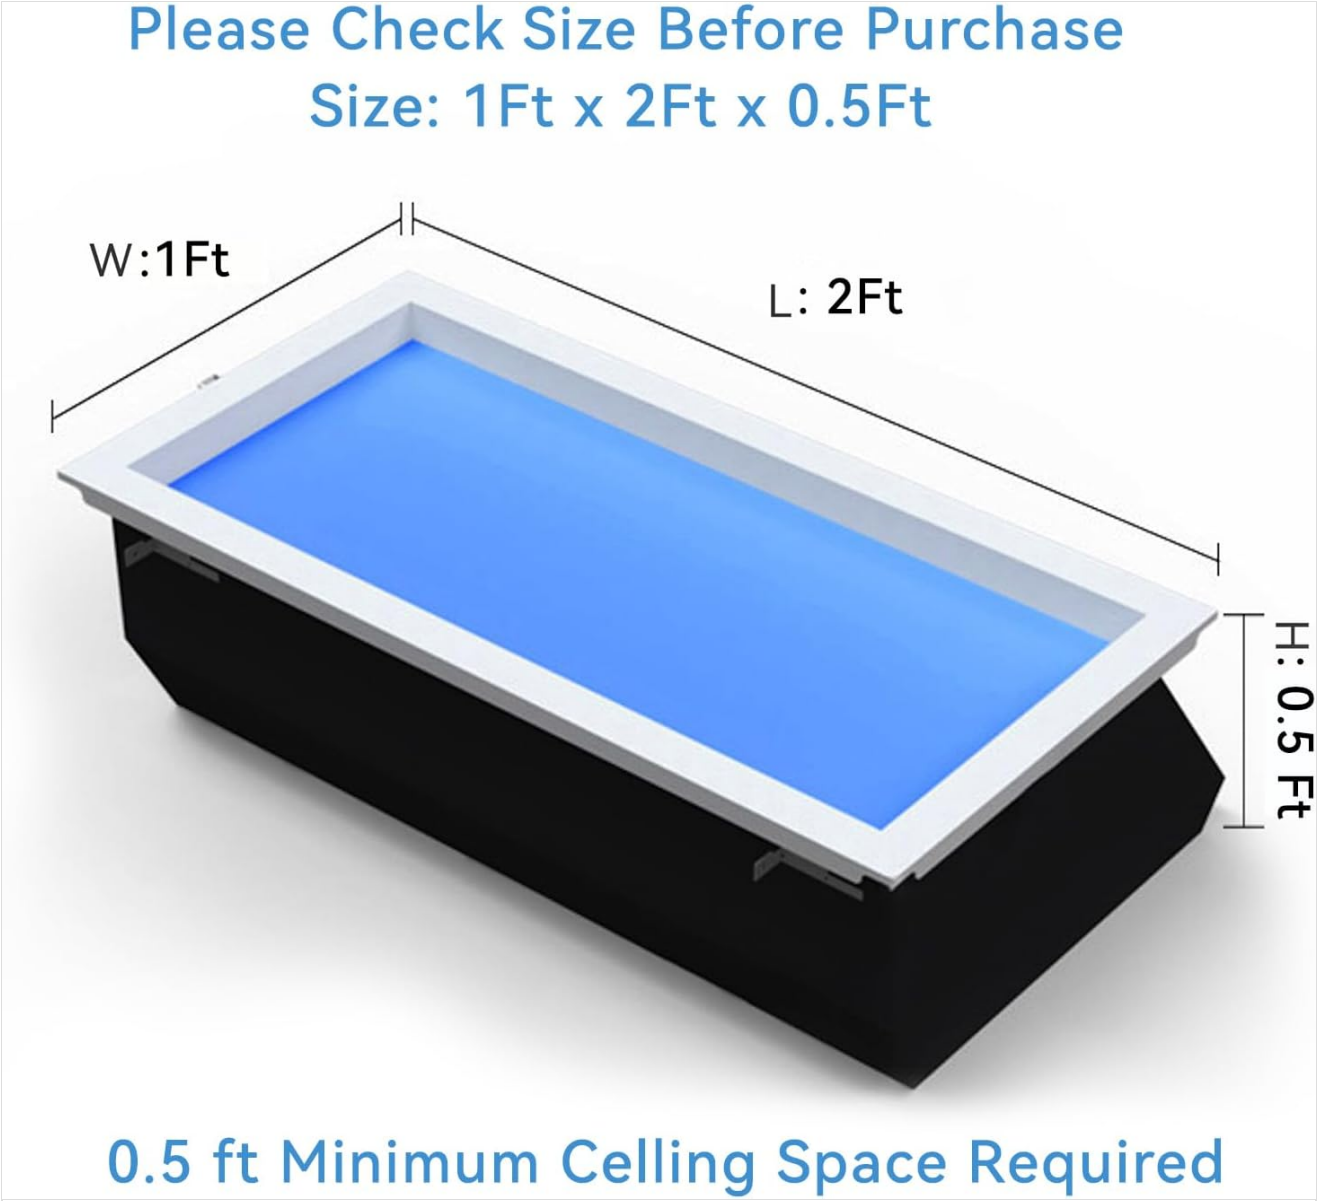

Image 5.1: Product dimensions and minimum ceiling space requirement.

5.2 Installation Steps (General Guidance)

1. **Prepare Ceiling:** Create a ceiling opening that precisely matches the skylight's dimensions (2x1 Ft). Ensure adequate clearance (minimum 6.8 inches depth).
2. **Wiring:** Connect the skylight's electrical wiring to your home's electrical system. Ensure power is OFF at the circuit breaker before connecting.
3. **Mounting:** Secure the skylight into the ceiling opening using the provided mounting hardware. Follow the specific instructions included with the hardware for a stable installation.
4. **Power On:** Once securely installed and wired, restore power at the circuit breaker.

6. Operating Instructions

The Stecutts Smart Blue Sky Light Ceiling Lamp can be controlled via a smartphone application (Smart Life app) or a remote control (if included).

6.1 Smart Life App Control (Bluetooth Connection)

1. **Download App:** Download the "Smart Life" app from your device's app store.
2. **Account Setup:** Follow the in-app instructions to create an account and grant necessary permissions.

3. **Pairing Mode:** The light should be slowly blinking on and off to indicate pairing mode. If the light is solid, you need to reset it to enter pairing mode.
4. **Resetting Device for Pairing:**
    - Power on the device. After 10 seconds, power off the device.
    - Then, cycle power: ON for 5 seconds, OFF for 3 seconds. Repeat this sequence up to 10 times until the light begins to blink slowly.
5. **Add Device in App:**
    - In the Smart Life app, tap the "+" button in the upper right corner.
    - Select "Add Manually" and then choose "Lighting" from the left-hand side.
    - Select "Panel Light (BLE)".
    - The app should detect the blinking light. Follow the on-screen prompts to complete pairing.
6. **Adjust Settings:** Once connected, use the app to:
    - Adjust brightness from 1% to 100%.
    - Adjust color temperature from 2000K (warm white) to 8000K (cool blue).
    - Create custom lighting modes.
    - Set the Smart Daylight Rhythm System to simulate sunrise to sunset.

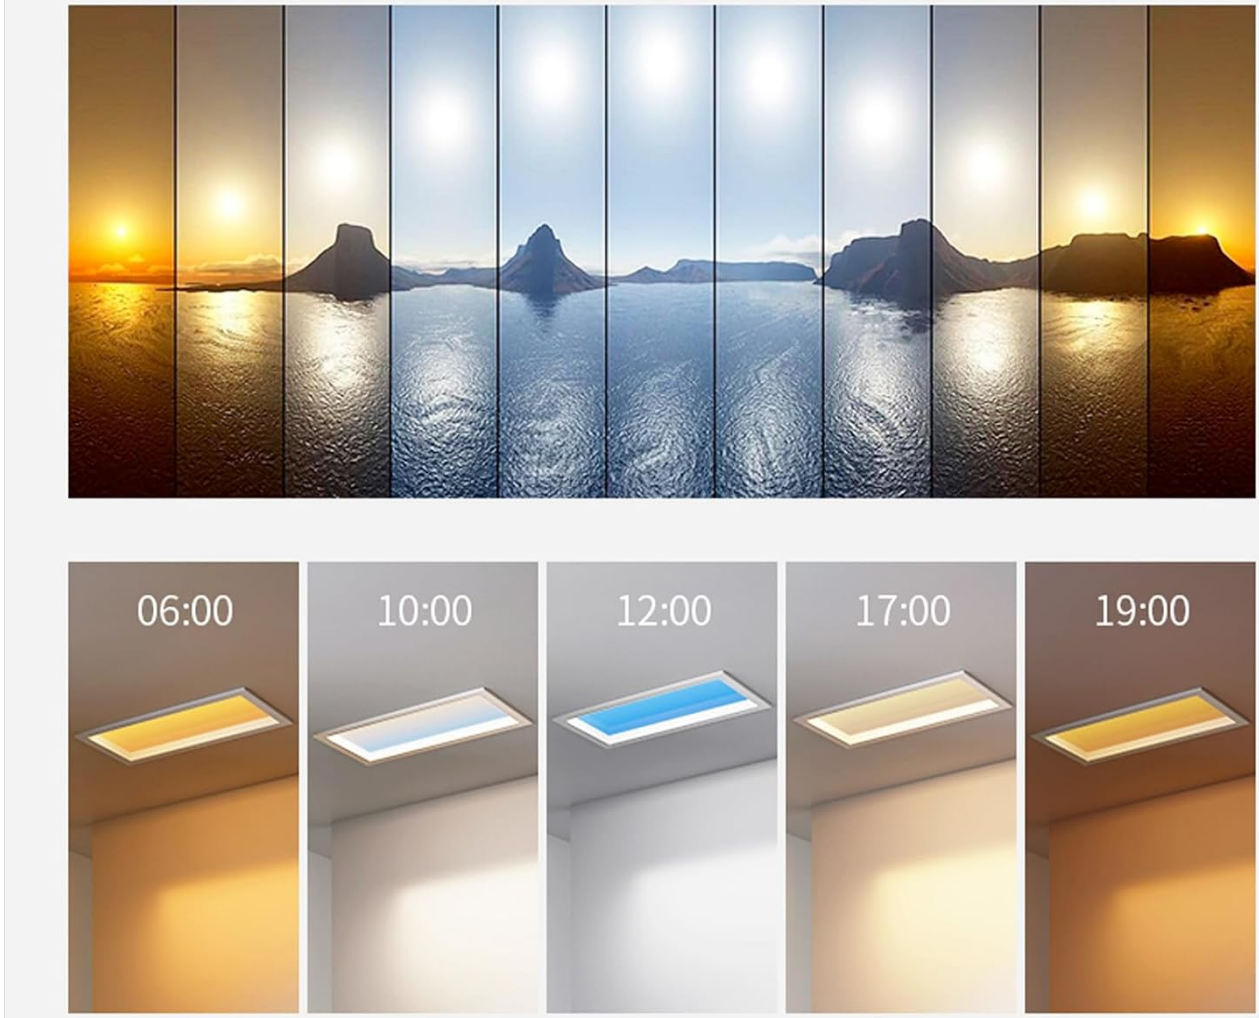

Image 6.1: Automatic synchronization with the sun's rhythm via the Smart Life app.

6.2 Remote Control Operation (if applicable)

If your package includes a remote control, it should operate the light immediately upon power-up. Refer to the remote control's specific instructions for its functions, which typically include on/off, brightness adjustment, and color temperature changes.

7. Maintenance

Regular maintenance ensures the longevity and optimal performance of your Stecutts Smart Blue Sky Light Ceiling Lamp.

- **Cleaning:** Ensure the power is off before cleaning. Use a soft, dry, or slightly damp cloth to wipe the surface of the lamp. Avoid abrasive cleaners, solvents, or harsh chemicals that could damage the finish or internal components.
- **Inspection:** Periodically check for any loose connections or visible damage. If any issues are found, contact customer support.

8. Troubleshooting

If you encounter issues with your Stecutts Smart Blue Sky Light Ceiling Lamp, refer to the following common solutions:

Problem	Possible Cause	Solution
Light does not turn on	No power supply; Loose wiring; Faulty unit	Check circuit breaker and wall switch. Ensure all wiring connections are secure. If problem persists, contact customer service.
Cannot connect to Smart Life app	Light not in pairing mode; Bluetooth issue; App error	Ensure the light is slowly blinking (pairing mode). If not, perform the power cycle reset as described in Section 6.1. Verify Bluetooth is enabled on your phone. Reinstall the app if necessary.
Light is not working correctly after installation	Installation error; Component malfunction	Review installation steps. If the issue is a component malfunction, such as a regulator, contact customer service for assistance.

If troubleshooting steps do not resolve the issue, please contact Stecutts customer service for further assistance.

9. Specifications

Specification	Detail
Brand	Stecutts
Model Name	skylight pro 1
Item Model Number	SKT-1
Size	2x1 Ft (11.8"L x 11.8"W x 6"H)
Color	White
Material	Metal
Installation Type	Embedded / Flush Mount
Power Source	Corded Electric
Voltage	120 Volts
Wattage	50 Watt-hours
Brightness	2000-8000 Lumen
Color Temperature	2000K - 8000K (Adjustable)
Control Method	App (Bluetooth), Remote
Special Features	Adjustable Color Temperature, Color Changing, Dimmable, Energy Efficient
Item Weight	10.08 pounds

Specification	Detail
UPC	793898777474
Certification	CE

10. Warranty and Support

Stecutts stands behind its products and offers a Lifetime Warranty for the Smart Blue Sky Light Ceiling Lamp.

10.1 Warranty Information

This product comes with a Lifetime Warranty. For details regarding warranty coverage and claims, please refer to the official Stecutts warranty policy or contact customer service.

10.2 Customer Support

If you have any questions, require assistance with installation, operation, or troubleshooting, or need to make a warranty claim, please contact Stecutts customer service. We aim to respond to inquiries within 12 hours.
Contact Information: Refer to your purchase documentation or the official Stecutts website for the most current customer service contact details.
