4. SETUP AND ASSEMBLY

The BORNOON Shoe Cabinet is designed for straightforward assembly. Detailed instructions are included with your product. Please follow these instructions carefully to ensure correct and secure assembly.

4.1 Anti-Tip Device Installation

It is crucial to install the provided anti-tip device. This device securely anchors the cabinet to the wall, preventing accidental tipping and enhancing safety, especially in households with children or pets. Refer to the assembly instructions for specific steps on how to install the anti-tip device.

5. OPERATING INSTRUCTIONS

5.1 Using the Flip Drawers

Each flip drawer opens downwards to reveal two internal compartments. To open, gently pull the handle. To close, push the drawer upwards until it clicks securely into place.

5.2 Adjusting Shelves

The internal shelves within each flip drawer can be adjusted or removed. This allows for customization to fit different types of footwear, such as high heels or boots, by combining two compartments into one larger space.

5.3 Utilizing Additional Storage

- **Top Shelf:** Use the flat top surface and the open shelf below it for decorative items, keys, wallets, or other frequently accessed items.
- **Bottom Space:** The area beneath the flip drawers is suitable for storing slippers or accommodating a robotic vacuum.
- **Side Hooks:** Two metal hooks are provided on the side of the cabinet for hanging coats, scarves, hats, or bags.

6. MAINTENANCE

To maintain the appearance and longevity of your shoe cabinet, wipe surfaces with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish. Ensure the cabinet remains dry to prevent moisture damage.

7. IMPORTANT SAFETY INFORMATION

- Always follow the assembly instructions carefully.
- Secure the cabinet to the wall using the provided anti-tip device to prevent tipping.
- Do not overload the cabinet, as this could cause instability or tipping.
- Keep the area around the cabinet clear of obstacles to prevent accidents.

8. TROUBLESHOOTING

8.1 Shoes Not Fitting Properly

If certain shoes do not fit, consider adjusting or removing the internal divider shelves within the flip drawers. Larger or bulkier shoes may require the removal of a shelf to create a single, taller compartment. For very large shoes (e.g., men's size 15), they may need to be angled slightly to fit.

8.2 Drawers Not Closing Smoothly

Check for any obstructions within the drawer compartments. Ensure that shoes are placed correctly and are not protruding, which could prevent the drawer from closing completely or smoothly.

9. WARRANTY AND SUPPORT

BORNOON is committed to customer satisfaction. We offer free replacements for any damaged parts, whether due to assembly issues or regular use.
