## SETUP AND ASSEMBLY

Assembly of the Homall Modular Sectional Sofa is designed to be straightforward. It is recommended to have two people for easier assembly, though it can be completed by one person.

1. **Unpack Components:** Carefully remove all parts from the packaging. Ensure no parts are missing.
2. **Attach Legs:** Securely attach the black plastic legs to the bottom of each modular unit.
3. **Connect Units:** Position the modular units in your desired configuration. Use the integrated latches on the sides of each unit to connect them securely. These latches can be tucked away if not in use.
4. **Place Cushions:** Place the seat cushions onto the base of each unit. The back cushions are then placed against the backrest. The cushions are often vacuum-sealed and will expand over 24-48 hours.
5. **Ottoman Placement:** The reversible ottoman can be positioned at either end of the sofa or used as a standalone piece. It also features latches for secure attachment to a modular unit.
