

SEMKY AH-64 Helicopter

SEMKY Military Series AH-64 Helicopter Building Block Set Instruction Manual

1. INTRODUCTION

This instruction manual provides comprehensive guidance for the assembly, operation, and care of your SEMKY Military Series AH-64 Helicopter Building Block Set. This set allows you to construct a detailed model of the AH-64 Apache helicopter using 255 precision-engineered building blocks. Please read all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

2. SAFETY INFORMATION

Warning: This product contains small parts. It is recommended for individuals aged 8 years and older. Adult supervision is required during assembly and play to reduce the risk of injury, especially for younger users. Keep small parts away from children under 3 years of age to prevent choking hazards.

- Ensure all parts are handled carefully to avoid damage.
- Do not ingest any building block pieces.
- Dispose of packaging materials responsibly.

3. PACKAGE CONTENTS

Upon opening the package, verify that all components are present and undamaged. The set includes:

- **Building Bricks:** 255 pieces, individually sorted and packaged.
- **Instruction Guide:** One detailed step-by-step assembly manual.

If any pieces are missing or damaged, please refer to the 'Warranty and Support' section for assistance.

4. ASSEMBLY INSTRUCTIONS

Follow the included instruction guide carefully for step-by-step assembly. The guide illustrates each stage of construction, from the base structure to the final details of the AH-64 Helicopter model.

1. **Preparation:** Unpack all building blocks and organize them by color or shape as suggested in the instruction guide. This will simplify the assembly process.
2. **Follow the Guide:** Refer to the provided instruction booklet for detailed diagrams and sequential steps. Each step shows which pieces are needed and how they connect.
3. **Secure Connections:** Ensure each block is firmly connected to the previous one to create a stable and durable model.
4. **Attention to Detail:** Pay close attention to the orientation and placement of specialized pieces, such as the cockpit, rotors, and gunship components.

5. OPERATING THE MODEL

Once assembled, the SEMKY AH-64 Helicopter model is designed for display and imaginative play. The rotors may be manually rotated. The model is not motorized and does not fly. It is intended to be a static display piece or a toy for creative scenarios.

- Avoid applying excessive force to movable parts to prevent breakage.
- Do not expose the model to extreme temperatures or direct sunlight for prolonged periods, as this may cause material degradation or discoloration.

6. MAINTENANCE

Proper maintenance ensures the longevity and appearance of your building block model.

- **Cleaning:** Use a soft, dry cloth or a small brush to gently remove dust from the model. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight and excessive humidity. If disassembling for storage, keep all pieces in a sealed container to prevent loss.

7. TROUBLESHOOTING

Encountering issues during assembly or with the product?

- **Missing Pieces:** All SEMKY products undergo strict inspections and machine sorting. If you find that your set is missing pieces, please contact SEMKY customer support. We will arrange to send the missing parts to you free of charge.
- **Assembly Difficulty:** If you encounter difficulty with a specific step, re-examine the instruction guide's diagrams carefully. Sometimes, a piece may be oriented incorrectly or a previous step might have been overlooked.
- **Loose Connections:** Ensure all blocks are pressed firmly together. If connections remain loose, check if the correct pieces are being used as per the instructions.
