5. Maintenance

Proper care will extend the life and appearance of your WEUP Loveseat Sofa.

Fabric Care (Linen Blend):

- **Regular Cleaning:** Vacuum regularly using an upholstery attachment to remove dust and loose particles.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Avoid rubbing, which can spread the stain. For stubborn stains, use a mild fabric cleaner and test on an inconspicuous area first.
- **Removable Covers:** The cushion covers are removable for easier cleaning. Follow the care instructions on the fabric label for washing.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your sofa away from direct sunlight or use curtains/blinds.

Frame and Legs Care (Solid Wood):

- **Cleaning:** Wipe wooden legs with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Protection:** Use furniture pads under the legs to prevent scratching floors.

Safety Information:

- All foam and upholstered surfaces meet flammability standards.
- Keep away from open flames or high heat sources.
- Supervise children and pets to avoid entrapment risks.

6. Troubleshooting

If you encounter any issues with your WEUP Loveseat Sofa, please refer to the following common solutions:

- **Cushions appear too firm or uneven:** New cushions may require a break-in period. Allow a few days of regular use for the foam and springs to settle and conform. Fluff and rotate cushions regularly to maintain shape and even wear.
- **Sofa feels unstable or wobbly:** Recheck all leg attachments to ensure screws are fully tightened. Ensure the sofa is placed on a flat, even surface.
- **Fabric appears wrinkled or creased:** Due to packaging, some wrinkles may be present upon unpacking. These should naturally smooth out with use over a few days. Gentle steaming can also help.
