SOUQDWL MS-305

SOUQDWL MS-305 Big Button Corded Landline Telephone User Manual

1. INTRODUCTION

Welcome to your SOUQDWL MS-305 Big Button Corded Landline Telephone. This manual provides instructions for setting up, operating, and maintaining your new telephone. Designed for ease of use, this phone features large buttons, loud ringtones, and essential functions for individuals with visual or hearing impairments, and for emergency situations.

2. PRODUCT OVERVIEW

Key Features

- **Customizable M1 and M2 Keys:** Store frequently dialed numbers for quick, one-touch access.
- **Emergency SOS Functionality:** A dedicated SOS button allows for immediate dialing of a pre-programmed emergency contact.
- **Simple Operation:** Engineered for ease of use, requiring minimal setup. Simply connect the cords and it is ready for use.
- **Durable Design:** Constructed from high-quality ABS material, featuring large, easy-to-read buttons and super loud ringtones for enhanced usability.
- **Adjustable Volume and Ringtone:** Customize the ringtone volume and earpiece volume to individual preferences for clear and comfortable conversations.

3. SETUP INSTRUCTIONS

Package Contents

Please verify that all items are present in the package:

- 1 x Telephone Landline Base
- 1 x Telephone Receiver (Handset)
- 1 x Handset Coiled Cord
- 1 x Telephone Line Cord
- 1 x User Manual

Connecting the Telephone

1. Connect the coiled handset cord to the handset and the designated port on the telephone base.
2. Connect one end of the telephone line cord to the telephone base and the other end to your wall telephone jack.
3. Ensure all connections are secure. The telephone is now ready for use.

4. OPERATING INSTRUCTIONS

Making a Call

1. Lift the handset.
2. Dial the desired telephone number using the large keypad.
3. Wait for the call to connect.

Answering a Call

1. When the phone rings, lift the handset.
2. Begin your conversation.

Using M1 and M2 Speed Dial Keys

The M1 and M2 keys allow for one-touch dialing of pre-programmed numbers.

To Program M1 or M2:

1. Lift the handset.
2. Press the **STORE** button.
3. Dial the telephone number you wish to save (up to 16 digits).
4. Press either the **M1** or **M2** button to save the number to that key.
5. Hang up the handset.

To Use M1 or M2:

1. Lift the handset.
2. Press the **M1** or **M2** button. The stored number will be dialed automatically.

Using the SOS Emergency Function

The SOS button is designed for quick access to a pre-stored emergency contact.

To Program SOS:

1. Lift the handset.
2. Press the **STORE** button.
3. Dial the emergency telephone number (e.g., a family member or emergency service).
4. Press the **SOS** button to save the number.
5. Hang up the handset.

To Use SOS:

1. In an emergency, lift the handset.
2. Press the **SOS** button. The pre-programmed emergency number will be dialed.

Adjusting Volume and Ringtone

Ringtone Volume: Locate the **RINGER** switch on the side or back of the phone. Adjust it to your preferred volume (Low, Med, High).

Handset Volume: During a call, use the **HANDSET VOLUME** switch (usually on the side of the phone) to adjust the earpiece volume to one of three levels.

5. MAINTENANCE

- Keep the telephone clean by wiping it with a soft, slightly damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals.
- Avoid exposing the telephone to excessive moisture, direct sunlight, or extreme temperatures.
- Do not attempt to disassemble the telephone. Refer any servicing or repairs to qualified personnel.

6. TROUBLESHOOTING

No Dial Tone

- Ensure all telephone cords are securely connected to the phone base and the wall jack.
- Test the wall jack with another working phone, if available, to rule out a line issue.
- Contact your telephone service provider if the issue persists.

Cannot Hear or Be Heard

- Adjust the HANDSET VOLUME switch during a call.
- Check the handset coiled cord connection at both the handset and the telephone base.

Phone Does Not Ring

- Ensure the RINGER switch is not set to "OFF" or a very low setting.
- Verify the telephone line cord connection to the wall jack.

7. SPECIFICATIONS

- **Item Model Number:** MS-305
