MAHANCRIS FTBK4001

MAHANCRIS FTBK4001 Fish Tank Stand

User Manual

Introduction

Thank you for choosing the MAHANCRIS FTBK4001 Fish Tank Stand. This 2-tier stand is designed to provide a stable and functional base for your aquarium or terrarium, offering additional storage space. Constructed from engineered wood and metal, it features a robust design for durability and stability. Please read this manual carefully before assembly and use to ensure proper setup and safe operation.

Safety Information

- Always assemble the stand on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before placing an aquarium on the stand.
- Do not exceed the maximum weight capacity: 660 lbs (299.4 kg) for the top tier and 150 lbs (68 kg) for the lower shelf. Overloading can lead to structural failure and injury.
- Place the stand on a level, stable surface to prevent tipping.
- Keep small parts and packaging materials away from children and pets.
- Regularly inspect the stand for any signs of wear, damage, or loose connections.

Package Contents

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, contact

customer support.

Image: All components of the MAHANCRIS FTBK4001 Fish Tank Stand, including the metal frame and engineered wood shelf, ready for assembly.

Typical Components:

- Metal Frame Sections (numbered for easy identification)
- Engineered Wood Shelf Panels
- Screws and Fasteners
- Hex (Allen) Wrench
- EVA Protective Pads
- Adjustable Feet

Assembly Instructions (Setup)

Assembly is required for this product. Follow these steps carefully:

1. **Unpack and Identify Parts:** Lay out all components on a soft, clean surface. Refer to the included diagram to

identify each numbered part.

2. **Assemble the Main Frame:** Connect the metal frame sections using the provided screws and the hex wrench. Ensure the robust cross-shaped metal frame is correctly oriented for maximum stability.
3. **Attach the Lower Shelf:** Secure the engineered wood shelf panels to the designated frame sections.
4. **Install Adjustable Feet:** Screw the four adjustable feet into the bottom of the stand legs. Adjust them to ensure the stand is level on your chosen surface.
5. **Apply EVA Pads:** Place the self-adhesive EVA protective pads onto the top metal rails where your aquarium will rest. These pads help protect the aquarium from scratches and prevent sliding.
6. **Final Check:** Double-check all connections to ensure they are tight and secure.

Usage Guidelines (Operating)

- **Placement:** Position the stand on a flat, level, and sturdy floor surface. Use the adjustable feet to compensate for any unevenness.
- **Aquarium Placement:** Carefully place your aquarium on the top tier, ensuring it is centered and fully supported by the frame and EVA pads.
- **Weight Distribution:** Distribute the weight evenly across the top surface. Avoid placing excessively heavy items on the edges.
- **Lower Shelf Use:** The lower shelf can be used for storing aquarium supplies, decorations, or other items, provided the weight limit of 150 lbs (68 kg) is not exceeded.
- **Versatility:** This stand is suitable for various settings, including living rooms and entryways, offering both display and storage functionality.

Image: The stand's versatile design allows it to be used in various home environments, such as living rooms and entryways, for both aquariums and storage.

Maintenance

- **Cleaning:** The stand is designed for easy cleaning. Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish or engineered wood.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Leveling:** Re-check the stand's levelness occasionally, especially after moving it or if the floor settles. Adjust the feet as needed.

Troubleshooting

- **Stand is Wobbly:**
  - Ensure all screws are fully tightened.
  - Adjust the leveling feet to stabilize the stand on uneven floors.
  - Verify that the stand is placed on a firm, level surface.
- **Parts Do Not Fit:**
  - Double-check the assembly instructions and part numbers to ensure correct orientation.
  - Do not force parts together. If a part seems incorrect, contact customer support.
- **Scratches on Aquarium:**
  - Ensure the EVA protective pads are correctly installed on the top metal rails.

Specifications

Feature	Detail
Brand	MAHANCRIS
Model Number	FTBK4001
