## wedoking UV Light Charging Case

# wedoking Sleep Earbuds User Manual

MODEL: UV LIGHT CHARGING CASE

## Introduction

---

The wedoking Sleep Earbuds are designed to provide a comfortable and undisturbed listening experience, especially for sleep. Featuring a lightweight, pressure-free design, these earbuds are suitable for side sleepers and offer passive noise cancellation. The included charging case integrates a UV light for cleaning the eargels, ensuring hygiene and extended product life. Control your listening experience through the dedicated wedoking app, which allows for personalized settings and access to soothing sounds.

## What's in the Box

---

- wedoking Sleep Earbuds (Left and Right)
- UV Light Charging Case
- Foam Ear Caps (1 pair)
- Silicone Ear Caps (3 sizes: S, M, L)
- USB Charging Cable
- User Manual

## Setup

---

Image: The UV Light Charging Case with a purple glow indicating the UV cleaning process.

## **1. Charging the Earbuds and Case**

1. Place the earbuds into the charging case. Ensure they are correctly seated in their respective slots (L for left, R for right).
2. Connect the USB charging cable to the charging port on the case and to a power source.
3. The indicator light on the case will show charging status. A full charge for the case takes approximately 4 hours.
4. During charging, the UV light inside the case will activate for 5 minutes to clean the earbuds.

# 44 Built-in Soothing Sounds & Local Music Upload

Designed to soothe your mind and create a personalized sleep soundtrack

## 2. Bluetooth Pairing

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), go to Bluetooth settings and enable Bluetooth.
3. Search for available devices and select "wedoking Sleep" (or similar name) from the list.
4. Once connected, you will hear an audio prompt, and the indicator light on the earbuds may change.

## 3. App Installation

Download the official wedoking app from your device's app store. The app allows for advanced control and customization of your sleep earbuds.

## Operating Instructions

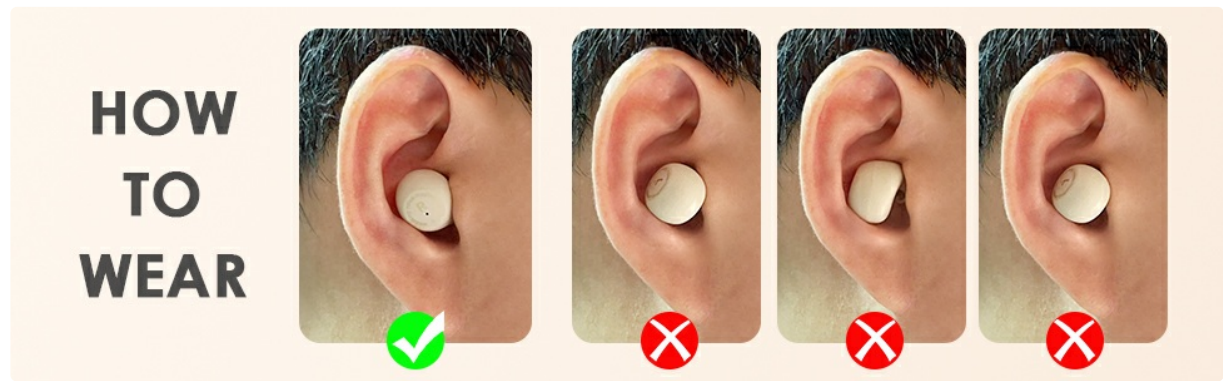

Image: A diagram illustrating the correct way to wear the earbuds for optimal fit and comfort.

### 1. Wearing the Earbuds

Select the ear caps that provide the most comfortable and secure fit for your ears. The earbuds are designed to sit snugly in your ear's ridge, minimizing discomfort and preventing slippage, even during sleep. Ensure the earbud is fully inserted but not causing pressure. The diagram above shows the correct placement.

### 2. App Control Features

Utilize the wedoking app to:

- **Schedule Auto-Shutoff:** Set a timer for the earbuds to turn off automatically.
- **Loop White Noise:** Access a library of 44 built-in soothing sounds and upload local music to create a personalized sleep soundtrack.
- **Set Alarms:** Configure alarms that play directly through your earbuds without disturbing others.
- **Equalizer Settings:** Adjust audio profiles to your preference.

Image: A man sleeping on his side, wearing the wedoking sleep earbuds, demonstrating comfort.

### 3. Passive Noise Cancellation

The earbuds are designed with passive noise cancellation to reduce ambient sounds like snoring or environmental noise. The effectiveness varies based on the ear cap type:

- **Single-layer Silicone:** Approximately 20dB reduction.
- **Double-layer Silicone:** Approximately 32dB reduction.
- **Foam Ear Caps:** Approximately 35dB reduction (most effective).

Note: These earbuds do not feature Active Noise Cancelling (ANC).

#### 4. Battery Life

The earbuds provide up to 10 hours of continuous playtime on a single charge (at 50% volume). The charging case extends the total listening time by an additional 24 hours, offering approximately 3 full recharges for the earbuds.

#### 5. Undisturbed Sleep Features

To ensure an uninterrupted sleep experience, these earbuds feature:

- **No Touch Controls:** Prevents accidental song changes or volume adjustments during sleep.
- **No Low Battery Alerts:** Eliminates disruptive audio notifications about battery status.

## Official Product Video

Video: An overview of the wedoking Sleep Earbuds, highlighting their design, comfort, and UV light cleaning feature. This video demonstrates the product's key functionalities and benefits for users seeking a peaceful sleep experience.

## Maintenance

Image: The UV Light Charging Case open, showing the earbuds inside and the activated UV light.

### 1. UV Light Cleaning

The charging case is equipped with a UV light that automatically cleans the earbud eargels during the charging cycle. This process takes approximately 5 minutes and helps maintain hygiene.

### 2. General Care

- The earbuds are IPX6 splash and sweat-proof, making them suitable for light rain or workouts. However, they are not designed for submersion in water.
- Wipe the earbuds and case with a soft, dry cloth as needed. Avoid using harsh chemicals or abrasive materials.
- Store the earbuds in their charging case when not in use to protect them and ensure they remain

charged.

## Troubleshooting

Problem	Possible Cause	Solution
Earbuds not pairing or disconnecting frequently	Low battery; out of range; interference; previous pairing issues.	Ensure earbuds and case are fully charged. Keep earbuds within 10 meters of your device. Turn off and on Bluetooth on your device. Forget the device in Bluetooth settings and re-pair.
Low volume or no sound from one earbud	Earbud not properly seated; debris blocking speaker; volume settings.	Ensure earbuds are clean and free of debris. Check volume levels on both your device and within the wedoking app. Try resetting the earbuds (refer to app or support for specific instructions).
Earbuds uncomfortable or falling out	Incorrect ear cap size or improper fit.	Experiment with the different sizes of silicone and foam ear caps provided to find the best fit for your ear shape. Refer to the 'Wearing the Earbuds' section for proper insertion.
App not connecting to earbuds	Bluetooth not connected; app issues.	Ensure earbuds are paired via Bluetooth to your device. Close and reopen the app. Restart your device.
