Jocca 2412

Jocca 5-in-1 Hot Air Brush User Manual

Model: 2412

INTRODUCTION

Thank you for choosing the Jocca 5-in-1 Hot Air Brush. This versatile styling tool is designed to dry, curl, straighten, and add volume to your hair, offering professional results at home. Please read this manual carefully before use to ensure safe and optimal operation.

IMPORTANT SAFETY INFORMATION

To reduce the risk of electric shock, burns, fire, or injury, always follow these basic safety precautions:

- Do not use this appliance near water, such as in a bathtub, shower, or sink.
- Keep the appliance away from water.
- Handle with care to avoid burns or electric shocks. The appliance becomes hot during use.
- Always unplug the appliance immediately after use and before cleaning.
- Do not use with a voltage converter.
- Do not use if the cord is damaged.
- Keep out of reach of children.

PRODUCT OVERVIEW AND COMPONENTS

The Jocca 5-in-1 Hot Air Brush comes with a main unit and five interchangeable heads for various styling needs.

Figure 1: The Jocca 5-in-1 Hot Air Brush main unit with all five interchangeable heads.

Main Unit Features:

- **Power/Temperature Control Switch:** Used to turn the device on/off and select temperature settings.
- **Head Release Button:** Press to attach or detach the styling heads.
- **360° Swivel Cord:** Provides flexibility and prevents tangling during use.

Interchangeable Heads:

DRYING HEAD
SECADOR

Drying Head: Designed for a direct airflow to quickly and precisely dry hair. Ideal for preparing hair for styling or for a quick dry.

SMOOTHING HEAD
CEPILLO

Smoothing Head: Used to dry and straighten hair in a single pass, leaving it smooth and sleek.

BRUSH
CEPILLO

Round Brush: Adds volume and creates soft waves. Perfect for bouncy blowouts and shaping.

WRAP CURLER
CILINDROS
RIZADORES

Curling Barrels (Left and Right): Automatically creates defined waves and curls. The set includes two barrels for curling in different directions.

SETUP AND ASSEMBLY

1. Attaching a Head:

Align the desired styling head with the main unit. Push the head onto the main unit until you hear a click, indicating it is securely locked. Ensure the head release button is not pressed during attachment.

2. Detaching a Head:

To remove a head, press and hold the head release button located on the main unit, then gently pull the head away from the unit. Allow the head to cool down before detaching if it has been in use.

3. Power Connection:

Plug the power cord into a suitable electrical outlet (2.3E+2 Volts AC). Ensure your hands are dry before plugging in or unplugging the device.

OPERATING INSTRUCTIONS

Before styling, ensure your hair is towel-dried and detangled. For best results, work with small sections of hair.

Power and Temperature Settings:

1. Turn On: Slide the power/temperature control switch to the desired setting.

2. **Temperature Levels:** The appliance offers 3 temperature levels.

- **Setting 1 (Low Heat):** For fine, delicate, or damaged hair.
- **Setting 2 (Medium Heat):** For normal hair.
- **Setting 3 (High Heat):** For thick, coarse, or hard-to-style hair.

Select the appropriate heat level based on your hair type and desired style.

3. **Turn Off:** Slide the power/temperature control switch to the "0" position.

Using Each Styling Head:

1. Drying Head

Use this head to quickly remove excess moisture from your hair before styling with other attachments, or for a general dry. Direct the airflow towards your hair, moving the head from roots to ends.

Figure 2: Demonstrating the use of the drying head.

2. Smoothing Head

Attach the smoothing head. Take a section of hair and slowly glide the brush from roots to ends, ensuring the hair passes through the bristles. Repeat until the desired smoothness is achieved.

3. Round Brush

For volume, lift a section of hair at the roots and place the round brush underneath. Rotate the brush as you pull it through the hair, curling the ends inwards or outwards as desired. For soft waves, wrap a section of hair around the brush, hold for a few seconds, then release.

4. Curling Barrels (Left and Right)

Select the appropriate barrel for the desired curl direction (left or right). Hold a section of hair near the barrel. The Coanda effect will automatically wrap the hair around the barrel. Hold until the curl is set, then release. Repeat for all sections.

Figure 3: The complete set of interchangeable styling heads.

CARE AND MAINTENANCE

1. Cleaning the Appliance:

Always unplug the appliance and allow it to cool completely before cleaning. Wipe the main unit and attachments with a soft, damp cloth. Do not use abrasive cleaners or immerse the appliance in water.

2. Cleaning the Air Filter:

Regularly check the air inlet filter at the bottom of the main unit for dust and hair buildup. Gently clean it with a small brush or a dry cloth to maintain optimal airflow and prevent overheating.

3. Storage:

Store the appliance and its attachments in the provided premium case in a cool, dry place, away from moisture and direct sunlight. Do not wrap the power cord around the appliance, as this can damage the cord.

Figure 4: The premium storage case for the Jocca 5-in-1 Hot Air Brush and its accessories.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Appliance does not turn on.	Not plugged in; power outlet malfunction; damaged cord.	Ensure the appliance is securely plugged into a working outlet. Check the power cord for damage. If damaged, do not use and contact support.
Low airflow or heat.	Air inlet filter is blocked; attachment not properly secured.	Clean the air inlet filter. Ensure the styling head is correctly attached and locked into place.
Styling head detaches during use.	Head not securely attached.	Ensure the head is pushed onto the main unit until it clicks into place.
Hair does not curl or straighten effectively.	Incorrect temperature setting; hair too wet/dry; section size too large.	Adjust temperature for your hair type. Ensure hair is towel-dried for curling/smoothing. Work with smaller sections of hair.

SPECIFICATIONS

- **Model Number:** 2412
- **Brand:** Jocca
- **Power:** 1000W
- **Voltage:** 2.3E+2 Volts (AC)
- **Number of Temperature Settings:** 3
- **Special Feature:** 360° Swivel Cord
- **Product Dimensions:** 3 x 3 x 28 cm
- **Weight:** 1.07 kg
- **Included Components:** Drying Head, Smoothing Head, Round Brush, Curling Barrels (Left and Right), Storage Case.

WARRANTY AND SUPPORT

This product is covered by the standard manufacturer's warranty. For detailed warranty information, please refer to the documentation included with your purchase or visit the official Jocca website.

For technical support, troubleshooting assistance, or to inquire about replacement parts, please contact Jocca customer service. Contact details can typically be found on the product packaging or the brand's official website.
