1. INTRODUCTION

Thank you for choosing the JACKYLED Floor Lamp with Table and 2 Drawers. This versatile product combines a floor lamp, an end table, and a charging station into one compact unit, designed to enhance convenience and ambiance in your living space. It features adjustable light color temperatures and ample storage, making it ideal for bedrooms, living rooms, or study areas.

2. SAFETY PRECAUTIONS

- Turn off power switch or unplug the power cord when installing or uninstalling bulbs.
- DO NOT plug high-power appliances into the 2-prong AC outlet.
- DO NOT place any ornaments or anything else on the lamp head.
- Place on flat floor to prevent it from toppling over.
- Avoid prolonged exposure to direct sunlight, extreme moisture, or direct sunlight.
- Keep the lamp away from flammable materials or substances.

3. PACKAGE CONTENTS

Please check the package to ensure all components are present and undamaged. If any parts are missing or

damaged, please contact customer support.

- Upper Boards (A, B)
- Upper Frames (C)

4.2 Step-by-Step Assembly Instructions

1. Assemble Upper Boards and Charging Station:

- a. Use two Upper Frames (C) and eight Long Bolts (D) to fasten the two Upper Boards (A and B) together. Ensure the arrows on the frames face outwards.
- b. Fix the Charging Station to Upper Board A using two Short Bolts (H).

Image 4.2: Detail of the integrated charging station.

2. Install Middle Board:

- a. Attach the Middle Board (I) to the Upper Frames using four Wood Screws (J).

3. Install Lower Frames and Base:

- a. Connect the Lower Left Frame (F) and Lower Right Frame (G) to the Middle Frames using four Short Bolts (H). Ensure the grooves face inwards and stoppers are away from the charging station.
- b. Install two Square Bars (K) to the Lower Left Frame (F) and Lower Right Frame (G) using four Long Bolts (D).
- c. Screw the four Bases (L) into the bottom of the assembled frame.

4. Assemble Drawers:

- a. Unfold the Upper Drawer (M) and Lower Drawer (N). Insert the Drawer Bottoms (O) into each drawer.
- b. Attach the Drawer Handles (P) to the front of each drawer using the Drawer Washers (Q) and Drawer Screws (R).
- c. Slide the assembled drawers into their respective slots in the frame.

2 Large Drawers

Keep Everything Neatly Organized

Image 4.3: The two large drawers provide convenient storage.

5. Assemble Lamp Pole and Shade:

- a. Carefully feed the lamp cord through the hole in the Upper Board B.
- b. Connect the lamp pole to the top of the table structure by twisting it tight from top down, then secure it with the washer and nut from underneath.
- c. Assemble the lampshade: Roll the Shade (W) around the Shade Rings (X and Y) and secure the fastener.
- d. Remove the shade fitter from the lamp socket. Place the assembled lampshade onto the lamp socket, then re-attach the shade fitter to secure it.
- e. Install the included LED bulb into the lamp socket.

6. Connect Power and Organize Cables:

- a. Splice the wire connector from the lamp pole to the charging station.
- b. Use the provided Cable Clips (V) to organize the power cords neatly.
- c. Plug the 2-prong power cord into a wall outlet.

5. OPERATING INSTRUCTIONS

5.1 Lamp Operation

The lamp features an integrated 9W LED bulb with three color temperature options: warm white (3000K), natural white (4000K), and cool white (5000K).

- To turn the lamp ON/OFF, use the power switch located on the charging station.

- To cycle through the three color temperatures, simply turn the lamp OFF and then ON again quickly. Each toggle will switch to the next color temperature.

5.2 Charging Station Usage

The integrated charging station provides convenient power for your electronic devices.

- The charging station includes one USB-A port, one USB-C port, and one 2-prong AC outlet.

- Simply plug your compatible devices into the appropriate port to begin charging.
- Ensure the lamp's main power switch is ON for the charging station to function.
- Refer to the "Safety Precautions" section regarding the use of the AC outlet.

6. CARE & MAINTENANCE

- Always unplug the lamp from the power source before cleaning.
- Use a soft, dry cloth to clean the lamp. Avoid using harsh chemicals or abrasive materials that may damage the surface.

- Periodically check all connections to ensure they are tight and secure.
- When not using the lamp for an extended period of time, unplug the power cord and store the lamp in a cool, dry place.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	Power cord not plugged in; bulb loose or faulty; power switch off.	Ensure power cord is securely plugged into outlet. Check if bulb is screwed in tightly. Turn power switch ON. Replace bulb if necessary.
Charging station not working.	Lamp power switch off; device cable faulty; charging station malfunction.	Ensure lamp power switch is ON. Try a different charging cable. Test with another device. If issue persists, contact support.
Light color does not change.	Incorrect operation.	Ensure you are quickly toggling the power switch OFF and ON to change color temperatures.
Lamp is unstable.	Uneven surface; loose base screws.	Place the lamp on a flat, stable surface. Tighten the four bases (L) at the bottom of the frame.
