2. SETUP AND ASSEMBLY

This section provides detailed instructions for assembling your Evermagin Fluted Nightstand. Please follow these steps carefully to ensure proper and safe assembly.

2.1 Unpacking and Preparation

1. Carefully unpack all components from the packaging.
2. Verify that all parts and hardware listed in the assembly guide are present. Refer to the included "Assembly Guide" for a complete list.
3. Lay out all components on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches during assembly.
4. Keep small parts and hardware organized to avoid misplacement.

2.2 Assembly Steps

The assembly process is designed to be straightforward. All parts are labeled alphabetically, and the instructions are clear and easy to follow.

1. Begin by attaching the side panels to the base and top panels using the provided screws and dowels. Ensure all connections are secure.
2. Install the drawer slides onto the interior side panels of the nightstand.
3. Assemble the drawer box according to the instructions, ensuring the fluted front panel is correctly oriented.
4. Attach the gold handle to the drawer front.
5. Carefully insert the assembled drawer into the installed slides.
6. Place the nightstand in its desired location.

Tools Recommended For Assembly: Drill (optional, for faster assembly).

Recommended Number of People for Assembly: 2 (for easier handling of components).

3. OPERATING INSTRUCTIONS

The Evermagin Fluted Nightstand is designed for ease of use and versatile storage.

3.1 Using the Drawer

- To open the drawer, gently pull the gold handle outwards. The drawer is equipped with smooth slides for effortless operation.
- To close the drawer, push it inwards until it is fully seated within the nightstand frame.
- The drawer provides concealed storage for personal items, keeping your space tidy.

4. MAINTENANCE AND CARE

Proper care will extend the life and maintain the appearance of your Evermagin Fluted Nightstand.

- **Cleaning:** Wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the wood finish.
- **Spills:** The nightstand features a water-resistant surface. In case of spills, wipe them immediately with a dry cloth to prevent staining or damage.
- **Protection:** Use coasters under drinks and placemats under hot items to protect the surface from heat and moisture rings.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the wood finish.
- **Weight Capacity:** Do not exceed the maximum weight recommendation of 40 pounds for the top surface and shelves.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your nightstand.

5.1 Drawer Not Sliding Smoothly

- **Check Alignment:** Ensure the drawer slides are correctly aligned and securely fastened to both the drawer box and the nightstand frame. Loose screws can cause misalignment.
- **Obstructions:** Inspect the drawer slides for any debris or obstructions that might be hindering smooth movement. Clean the tracks if necessary.
- **Lubrication:** If the slides feel stiff, a small amount of silicone-based lubricant can be applied to the tracks (avoid oil-based lubricants which can attract dust).
- **Overloading:** Ensure the drawer is not overloaded, as excessive weight can strain the slides and cause them to stick.

5.2 Instability or Wobbling

- **Tighten Screws:** Periodically check and tighten all assembly screws to ensure the nightstand remains stable.
- **Level Surface:** Ensure the nightstand is placed on a flat, level surface. If the floor is uneven, use furniture pads or shims under the legs to stabilize it.
