OUTGUAVA NYX08-072 Tilt Out Trash Can Cabinet 13 Gallon Instruction Manual

Model: NYX08-072 | Brand: OUTGUAVA

1. INTRODUCTION AND OVERVIEW

Thank you for choosing the OUTGUAVA NYX08-072 Tilt Out Trash Can Cabinet. This versatile and stylish cabinet is designed to seamlessly integrate into your home, offering a discreet solution for waste management or laundry storage. Its innovative tilt-out design conceals a 13-gallon trash can, preventing odors and keeping pets away from the contents. The integrated drawer provides additional storage, while the durable construction ensures long-lasting use in various settings.

2. PRODUCT FEATURES AND BENEFITS

- **Space-Saving and Concealment:** Features a hidden design that accommodates a 13-gallon trash can, saving space and preventing odors. It also deters pets from accessing the trash, maintaining a tidy home environment.
- **Integrated Storage Drawer:** Includes a convenient top drawer for storing various items. The cabinet's top surface can also be utilized for decorations or plants.
- **High-Quality and Safe Materials:** Constructed from durable MDF board with a water-proof surface, ensuring it is odorless and easy to clean. Stainless steel hardware for door hinges and drawer rails guarantees long-term stability and use.
- **Multi-Scene Use:** With dimensions of 20.87" W x 13.98" D x 38.58" H, this cabinet fits easily into tight spaces in kitchens, living rooms, bathrooms, or hallways. It can store garbage, sundries, or even serve as a laundry hamper.
- **Odor Control Functionality:** Certain models may include an integrated deodorizing function to further minimize unwanted smells.

3. SETUP AND ASSEMBLY

This tilt-out trash can cabinet is designed for easy assembly. Detailed assembly instructions are included with your product. Please follow the clear instructions and use the numbered parts to install it easily and quickly. Ensure all components are present before beginning assembly.

Anti-Tipping Mechanism

For enhanced safety and stability, especially in households with children or pets, an anti-tipping mechanism is included. Securely attach the cabinet to a wall using the provided hardware as per the assembly instructions.

4. OPERATING INSTRUCTIONS

Using the Tilt-Out Mechanism

To access the trash can compartment, gently pull the handle on the lower front panel. The panel will tilt forward, allowing easy access to insert or remove a 13-gallon trash can. Ensure the trash can is properly seated before closing the panel. The tilt mechanism is designed for smooth operation.

Using the Storage Drawer

The top drawer slides open smoothly, providing convenient storage for small items such as trash bags, cleaning supplies, or kitchen utensils. Pull the knob on the drawer front to open and push to close.

Odor Control Function (if applicable)

If your model includes an odor control feature, refer to the specific instructions provided with the deodorizing unit for activation and maintenance. This feature helps to neutralize odors within the cabinet, maintaining a fresh environment.

6. MAINTENANCE

- **Cleaning the Surface:** The cabinet's water-proof MDF surface can be cleaned with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Hardware Care:** Periodically check and tighten any loose screws on hinges and drawer rails to ensure continued smooth operation. The stainless steel hardware is designed for durability.
- **Internal Bin:** Regularly empty and clean the internal 13-gallon trash can to prevent odor buildup and maintain hygiene.
- **Odor Control Unit:** If your cabinet includes an odor control unit, follow the manufacturer's instructions for replacing filters or refreshing the deodorizing agent.

7. TROUBLESHOOTING

- **Tilt-Out Panel Sticking:** Check for any obstructions around the hinges or the bottom of the panel. Ensure the internal trash can is not interfering with the mechanism.
- **Drawer Not Sliding Smoothly:** Inspect the drawer rails for debris or misalignment. Clean the rails and ensure they are properly lubricated if necessary.
- **Unpleasant Odors:** Ensure the internal trash can is regularly emptied and cleaned. If an odor control unit is present, verify it is functioning correctly and replace any depleted components.
- **Cabinet Instability:** Confirm that the anti-tipping hardware is securely installed and properly anchored to the wall. Ensure the cabinet is placed on a flat, level surface.

8. WARRANTY AND SUPPORT

For warranty information, product support, or to order replacement parts, please refer to the documentation included with your purchase or contact OUTGUAVA customer service directly. Keep your purchase receipt and model number (NYX08-072) handy for faster service.
