# MageGee MK-Box 68 Keys Mechanical Gaming Keyboard User Manual

Model: MKBox

## INTRODUCTION

Thank you for choosing the MageGee MK-Box 68 Keys Mechanical Gaming Keyboard. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance and longevity of your device. Please read this manual thoroughly before using the keyboard.

The MageGee MK-Box 68 Keys Mechanical Gaming Keyboard, featuring a compact layout and vibrant design.

## PACKAGE CONTENTS

Verify that all items are present in the package:

- MageGee MK-Box 68 Keys Mechanical Keyboard
- Detachable USB-C Cable
- Keycap Puller
- User Manual

All items included in the MageGee MK-Box keyboard package.

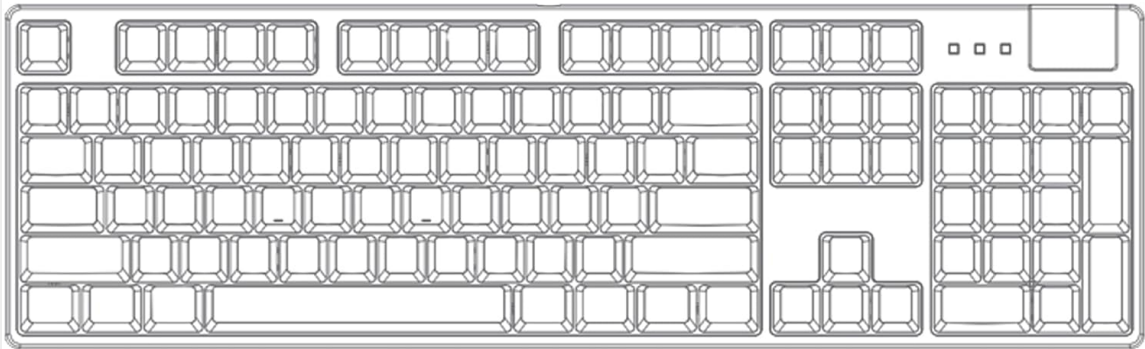

## PRODUCT FEATURES

- **Mini Portable 60% Compact Layout:** The MK-Box features a 68-key layout, offering a compact size while retaining essential keys like separate arrow keys and F1-F12 functions via the Fn key. This design saves desk space, making it suitable for both gaming and office use.

# 68 keys

save **40%**  
space than 104 keys

The 68-key compact layout saves approximately 40% more space than a traditional 104-key keyboard.

- **Mechanical Red Switches:** Equipped with linear red mechanical switches, this keyboard provides a smooth and quiet typing experience with minimal resistance. The fast actuation without a tactile bump makes it ideal for rapid key presses in gaming.

Detailed view of the mechanical red switch, known for its linear and smooth operation.

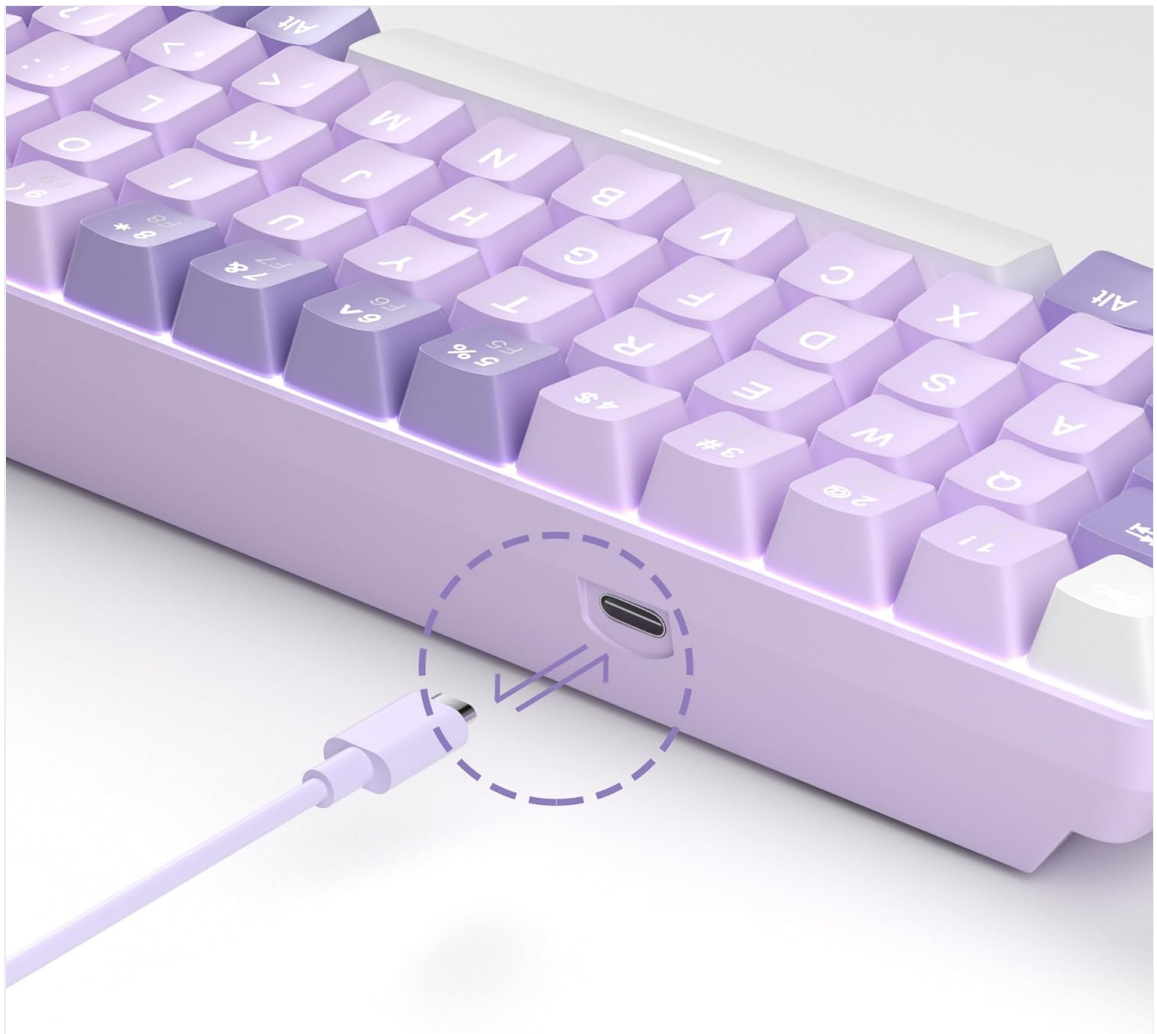

- **Classic White LED Backlit:** Customize your typing experience with multiple illuminated white LED light effects. The keyboard supports approximately 16 backlight modes, allowing for personalized aesthetics and improved visibility in low-light conditions.

Illustration of backlight control functions using the Fn key in combination with other keys.

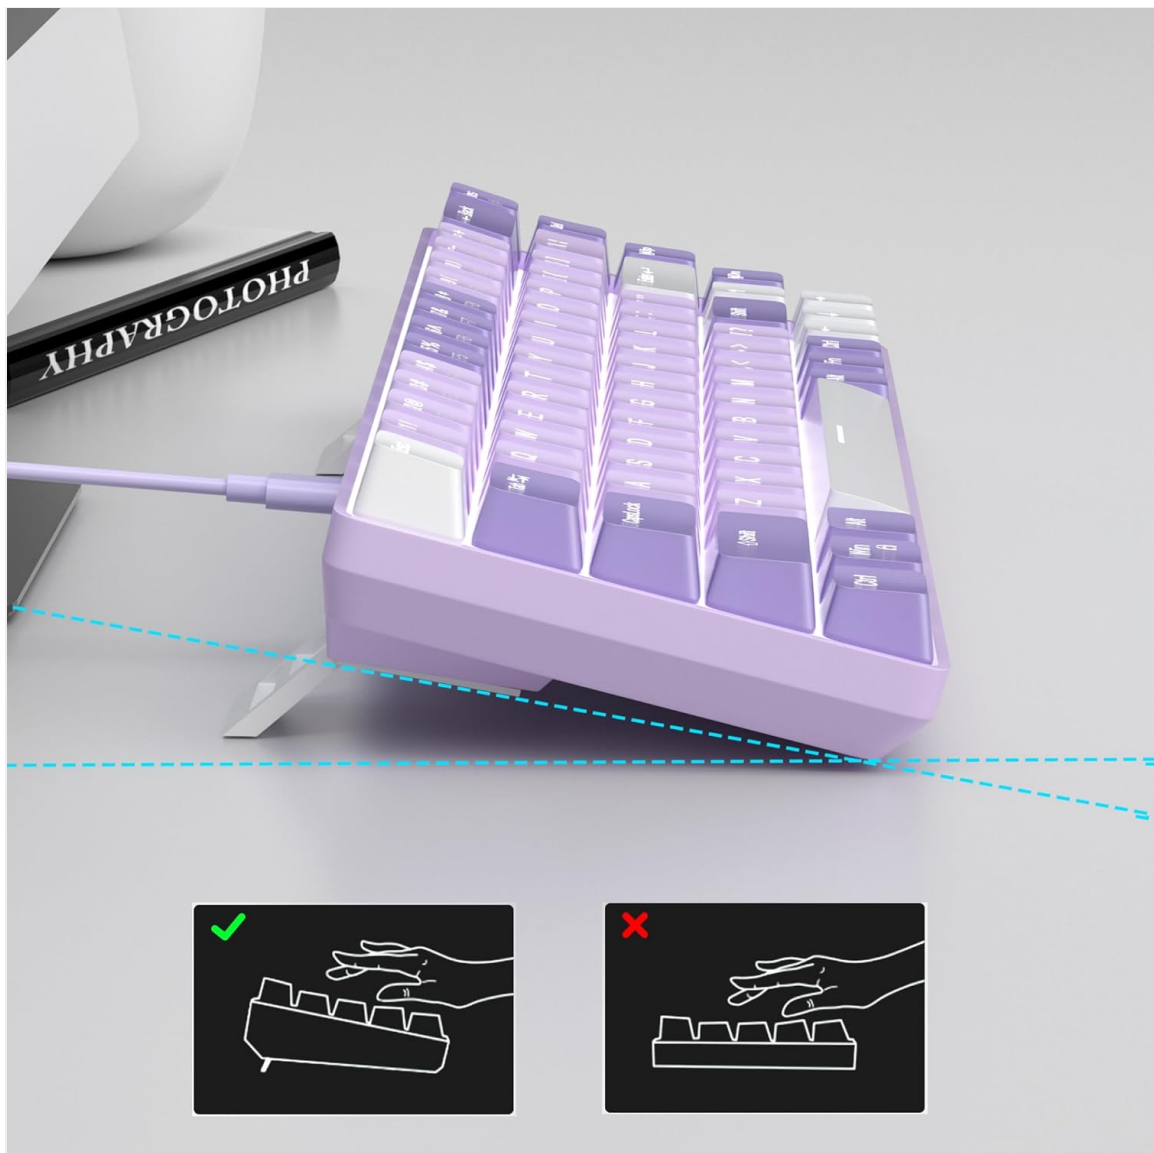

- **Full Anti-Ghosting Keyboard:** All 68 keys feature anti-ghosting technology, ensuring that every key press is registered accurately, even during simultaneous inputs. This is crucial for high-speed typing and competitive gaming.

Visual representation of the anti-ghosting capability, ensuring all key presses are registered.

- **Ergonomic Design:** The keyboard incorporates an ergonomic suspension double-color injection keycap design and double kickstand feet, allowing for adjustable typing angles. This promotes comfort during extended use.

The adjustable kickstands provide ergonomic typing angles for enhanced comfort.

- **Detachable USB-C Cable:** The keyboard connects via a detachable USB 2.0 Type-C cable, offering convenience for portability and easy replacement.

The detachable USB-C cable for easy connection and portability.

- **Extensive Compatibility:** The MageGee MK-Box is compatible with a wide range of operating systems, including Windows (2000, XP, ME, Vista, 7, 8), Linux, and Mac. It is plug-and-play, requiring no additional drivers or software.

## Connecting the Keyboard

1. Locate the USB-C port on the back of the keyboard.
2. Connect the smaller end of the provided USB-C cable to the keyboard's USB-C port.
3. Connect the larger USB-A end of the cable to an available USB port on your computer (Windows PC, Laptop, or Mac).
4. The keyboard is plug-and-play and should be recognized automatically by your operating system.

## Adjusting the Typing Angle

The keyboard features double kickstand feet on the underside. Flip these feet out to adjust the typing angle for improved ergonomics and comfort.

## OPERATING INSTRUCTIONS

### Backlight Control

The MageGee MK-Box keyboard offers various white LED backlight modes. Use the following key combinations to control the backlighting:

- **Fn + Ins:** Cycle through approximately 16 different backlight modes.
- **Fn + ← (Left Arrow):** Decrease backlight speed.
- **Fn + → (Right Arrow):** Increase backlight speed.
- **Fn + ↑ (Up Arrow):** Increase backlight brightness.
- **Fn + ↓ (Down Arrow):** Decrease backlight brightness.

### Function Key Combinations (Fn Layer)

Many keys have secondary functions accessible by holding down the **Fn** key and pressing the desired key. Refer to the keycaps for specific Fn layer markings.

#### Common Fn Key Combinations

Combination	Function
Fn + F1	My Computer
Fn + F2	Search
Fn + F3	Calculator
Fn + F4	Media Player
Fn + F5	Previous Track
Fn + F6	Next Track
Fn + F7	Play/Pause
Fn + F8	Stop

Combination	Function
Fn + F9	Mute
Fn + F10	Volume Down
Fn + F11	Volume Up
Fn + F12	Email

## SPECIFICATIONS

Feature	Detail
Model Number	MKBox

Operating Systems	Windows (2000, XP, ME, Vista, 7, 8), Linux, Mac
Product Dimensions	5.12 x 1.97 x 12.99 inches
Item Weight	1.46 pounds
Color	Violet/Red Switch

## MAINTENANCE

### Cleaning the Keyboard

- Disconnect the keyboard from your computer before cleaning.
- Use the provided keycap puller to carefully remove keycaps for deeper cleaning.
- Use a soft brush or compressed air to remove dust and debris from between the keys.
- Wipe the keycaps and keyboard surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- Ensure the keyboard is completely dry before reconnecting it to your computer.

## TROUBLESHOOTING

### Keyboard Not Responding

- Ensure the USB-C cable is securely connected to both the keyboard and your computer.
- Try connecting the keyboard to a different USB port on your computer.
- Test the keyboard on another computer to rule out system-specific issues.
- If using a USB hub, try connecting directly to the computer.

### Backlight Not Working/Incorrectly Displaying

- Ensure the keyboard is properly connected and receiving power.
- Use the Fn + Ins key combination to cycle through backlight modes.
- Adjust brightness using Fn + ↑ / ↓ (Up/Down Arrow) keys.
- Check if any software or driver conflicts are present (though typically not required for this plug-and-play keyboard).

### Keys Not Registering or Double-Typing

- Clean the affected key switch area for any debris.
- Ensure the keycap is properly seated on the switch.
- If the issue persists, contact customer support.

### WARRANTY AND SUPPORT

For warranty information, technical support, or further assistance, please visit the official MageGee website or contact their customer service directly. You can also visit the [MageGee Store on Amazon](#) for product updates and support resources.
