2. WHAT'S IN THE BOX

Verify that all items are present in the package:

- SwanScout 504 Dual Wireless Charging Station
- USB C to USB C Charging Cable (1x)
- 30W Charging Brick (1x)
- User Manual
- Warranty Card

Elegance in Simplicity

The Beauty of Black and White

Image 2.1: All components included with the SwanScout 504 Dual Wireless Charger Stand.

3. SETUP INSTRUCTIONS

- 1. Connect Power:** Insert the USB-C end of the provided charging cable into the port on the SwanScout 504 charging station. Connect the other end of the cable to the included 30W charging brick, then plug the brick into a wall outlet.
- 2. Position the Stand:** The charger can be used in two modes:
 - **Upright Stand Mode:** Fold out the kickstand from the back of the unit to position it vertically. This mode is ideal for charging two phones simultaneously while viewing content.
 - **Flat Pad Mode:** Fold the kickstand back into the unit for a flat charging pad. This mode is suitable for charging phones horizontally or for charging wireless earbuds.

Classic Elegance in Black and White

Image 3.1: The SwanScout 504 in both flat and upright configurations.

3. Set the Clock:

- **Enter Time Setting:** Long press the 'Set' button (usually indicated by a clock icon or 'O') for 3 seconds to enter hour setting mode.
- **Adjust Hour/Minute:** Use the '+' and '-' buttons to adjust the hour. Short press the 'Set' button to switch to minute setting, then use '+' and '-' to adjust minutes.
- **Exit Setting:** Long press the 'Set' button for 3 seconds to exit the time setting mode.
- **Switch 12/24H Format:** Short press the 'Set' button once (outside of setting mode) to toggle between 12-hour and 24-hour time formats.

For Phone Cases

4. OPERATING INSTRUCTIONS

1. Charging Smartphones:

- Place your wireless charging-compatible smartphone on one of the designated charging areas. Ensure the phone is centered over the charging coil for optimal performance.
- The raised charging area design assists with precise alignment.
- The LED display on the charger will indicate charging status.
- The charger supports up to 10W fast charging for each phone, allowing two phones to charge simultaneously.

Dual Wireless Charging Design

Offering Efficient Charging

Image 4.1: Two phones charging simultaneously on the SwanScout 504.

2. Charging Wireless Earbuds:

- For wireless earbuds (e.g., AirPods, Galaxy Buds), use the flat pad mode. Place the earbud case on one of the charging areas, ensuring it is correctly positioned over the induction coil.

Flat Design for Horizontal Charging of Earbuds

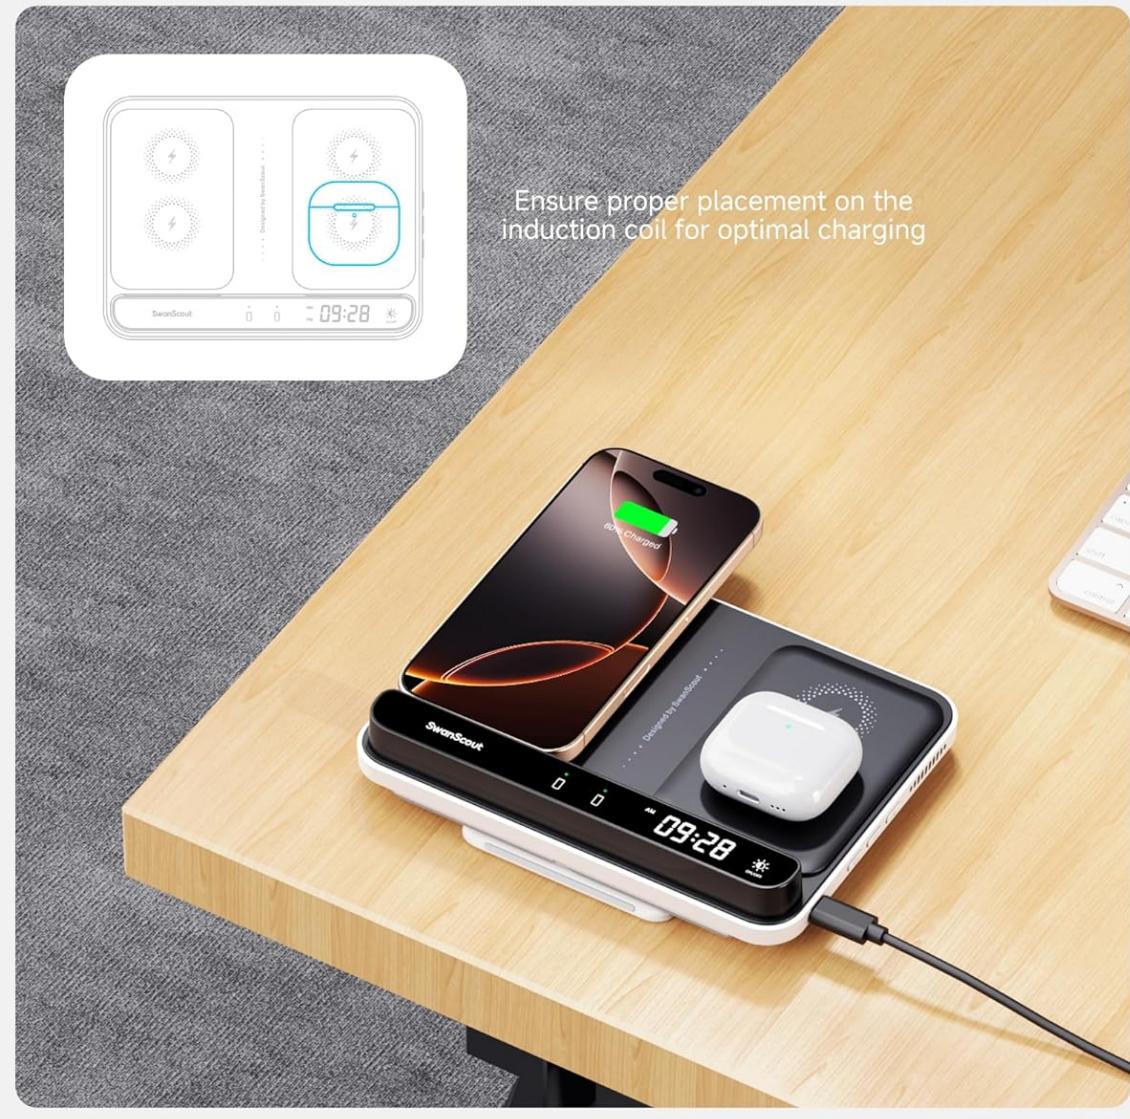

Image 4.2: Charging a smartphone and earbuds in flat mode.

3. Dimmable Clock Display:

- Tap the light icon button on the surface of the charger to cycle through four levels of clock brightness (100%, 50%, 20%, Off).
- This allows adjustment for different environments, such as a bedroom at night.

Image 4.3: Adjusting the clock display brightness.

5. COMPATIBILITY

The SwanScout 504 is compatible with most Qi-enabled devices. Refer to the tables below for specific device compatibility.

5.1. Compatible Phone Models (10W Output)

Image 5.1: List of compatible phone models for wireless charging.

Note: This list is not exhaustive. Any phone supporting Qi wireless charging is generally compatible.

5.2. Compatible Wireless Earbuds (3.5W Output)

Image 5.2: List of compatible wireless earbud models.

Note: This list is not exhaustive. Any earbuds with a wireless charging case supporting Qi wireless charging are generally compatible.

5.3. Phone Case Compatibility

The charger is designed to work with phone cases up to 0.2 inches (5mm) thick. However, certain types of cases and attachments may interfere with wireless charging:

- Magnetic pads
- Metal cases
- Credit cards
- Metal rings or pop sockets

Remove these items before placing your device on the charger to ensure proper function.

Image 5.3: Visual guide for phone case compatibility.

6. IMPORTANT SAFETY INFORMATION

- Use only the provided 30W charging brick and USB-C cable. Using an inadequate power source may result in slow charging or malfunction.
- Do not place foreign objects (e.g., metal, magnets, credit cards) on the charging surface, as this may interfere with charging or cause damage.
- Avoid exposing the device to extreme temperatures, direct sunlight, or moisture.
- Do not disassemble, modify, or attempt to repair the device yourself. Contact customer support for assistance.
- Keep the device out of reach of children and pets.
- Ensure proper ventilation around the charger during use.

7. TROUBLESHOOTING

• Device not charging:

- Ensure the charging station is properly connected to the included 30W power adapter and a working wall outlet.
- Verify your device is placed correctly on the charging coil. Adjust its position if necessary.
- Remove any thick or metallic phone cases, magnetic pads, or credit cards from your device.
- Confirm your device supports Qi wireless charging.

• Slow charging:

- Ensure you are using the provided 30W power adapter. Lower wattage adapters may result in slower charging speeds.
- Check for proper device alignment on the charging coil.
- Avoid charging in excessively hot environments, as this can reduce charging efficiency.

• Clock display is off or incorrect:

- If the clock display is off, tap the light icon button to adjust brightness.

- If the time is incorrect, follow the "Set the Clock" instructions in Section 3.
- The clock has a backup battery that retains time for up to 15 days without external power. If the device has been unplugged for longer, the time may need to be reset.

8. SPECIFICATIONS

Feature	Detail
Model Number	S10031
Product Dimensions	6.97 x 5.31 x 1.31 inches
Item Weight	9.2 ounces
Input Voltage	9 Volts
Total USB Ports	1 (USB Type C)
Wattage	30 watts (Max)
Special Features	Charging Indicator, Multi-Device Charging, Travel-Friendly, Wireless Charging, Dimmable Clock
Color	Black
Manufacturer	Shenzhen Swanscout Innovations Technology Co., Ltd.
