1. **Unpack and Identify:** Carefully unpack all components and lay them out. Cross-reference with the parts list in your

included manual to ensure everything is present.

2. **Frame Assembly:** Begin by assembling the main metal bed frame according to the numbered steps in your manual. Ensure all bolts are tightened securely.
3. **Bookcase and Side Rail Installation:** Attach the bookcase headboard and side rail sections to the main frame. Note that the guardrail can be installed on either the left or right side, depending on your room layout.
4. **Slat Installation:** Install the heavy-duty metal slats into the designated slots on the bed frame.
5. **Drawer Assembly:** Assemble the two storage drawers. These drawers feature easy-glide casters and a non-woven bottom.
6. **Charging Station and LED Lights:** Integrate the charging station and LED light strip into the bookcase headboard as instructed.
7. **Final Touches:** Attach the mattress slide stoppers to prevent mattress movement and place the plastic corner protectors on the frame corners for safety.

6. MAINTENANCE

Regular maintenance helps prolong the life and appearance of your bed frame:

- **Cleaning:** Wipe down the frame and bookcase surfaces with a soft, damp cloth. Avoid harsh chemicals that may damage the finish.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **LED Lights:** If LED lights malfunction, check connections. Do not attempt to repair electrical components unless qualified.
- **Drawers:** Keep the drawer casters clean to ensure smooth operation.

7. TROUBLESHOOTING

If you encounter issues with your DICTAC bed frame, refer to the following common problems and solutions:

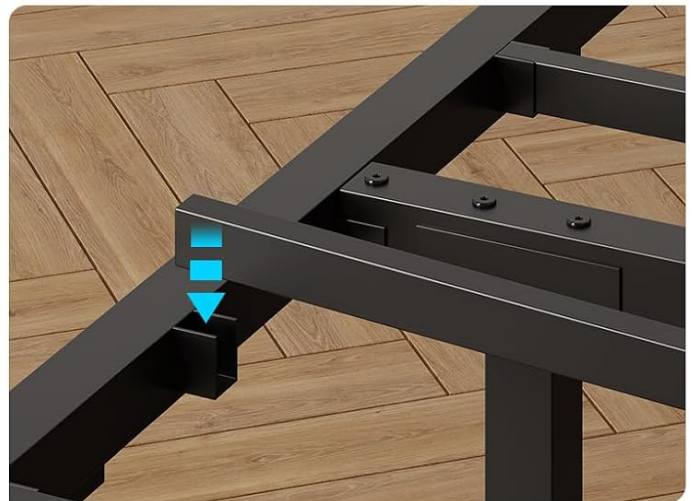

- **Squeaking Noises:** Ensure all frame connections are securely tightened. Loose bolts are a common cause of squeaking.
- **Mattress Sliding:** Verify that the two included mattress slide stoppers are correctly installed and positioned to hold the mattress in place.
- **LED Lights Not Working:** Check if the power cord for the LED lights is properly plugged in. Ensure the APP or inline controller is functioning correctly.
- **Charging Station Not Functioning:** Confirm the charging station's power cord is securely plugged into a live wall outlet. Test with different devices to rule out device-specific issues.
- **Drawers Not Moving Smoothly:** Check for any obstructions under the bed or debris in the caster wheels.

If the bed frame arrives damaged, scratched, or with missing parts, or if you experience any other issues not covered here, please contact DICTAC customer support. We aim to resolve your problem within 24 hours.
