

## Rhevoy PL003

# Rhevoy Oversized Power Lift Recliner Chair

MODEL: PL003

Instruction Manual

## 1. Introduction

The Rhevoy Oversized Power Lift Recliner Chair, Model PL003, is designed to provide enhanced comfort and support. This chair features a power lift mechanism to assist users in standing, a reclining function for various positions, and integrated massage and heating capabilities. It also includes convenient USB ports for charging devices and is constructed with durable, comfortable chenille fabric, making it suitable for a wide range of users, including elderly and big and tall individuals.

## 2. Safety Information

### Important Safety Precautions:

- Do not exceed the maximum weight capacity of 350 lbs (158 kg). Exceeding this limit may cause the chair to malfunction or break, leading to injury.
- Keep children and pets away from the chair's moving parts.
- Ensure all electrical cords are properly connected and not pinched or damaged.
- Avoid placing the chair near heat sources or in direct sunlight to prevent material degradation.
- Always ensure sufficient clearance around the chair when reclining or using the lift function.

## 3. Package Contents

Your Rhevoy Power Lift Recliner Chair will arrive in two separate boxes. Please ensure you have received both packages before beginning assembly. The packages typically contain the following main components:

- Chair Base with Lift Mechanism
- Backrest
- Left Armrest
- Right Armrest
- Power Adapter and Cables

- Remote Control for Massage and Heat
- Assembly Hardware (bolts, nuts, etc.)

**Figure 3.1:** Overview of chair components before assembly. This video demonstrates the unboxing and initial setup steps.

## 4. Assembly Instructions

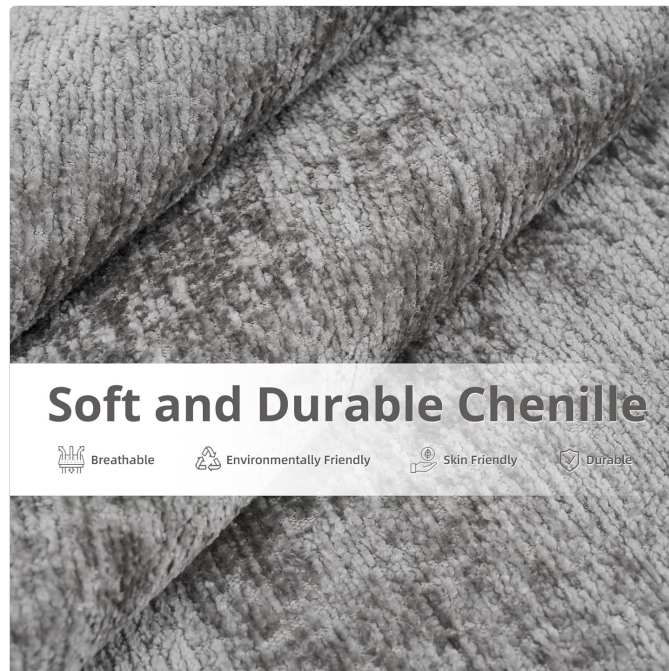

---

Assembly is straightforward and typically takes a few minutes. Follow these steps carefully:

1. **Attach Armrests:** Slide the left and right armrests onto the metal slots on the chair base. Ensure they are securely in place.
2. **Attach Backrest:** Align the backrest with the corresponding slots on the chair base and slide it down until it locks into position. You may need to apply gentle pressure.
3. **Connect Cables:** Locate the power cables and connectors underneath the chair. Connect the power adapter to the chair's main power input, and then connect the remote control cable. Ensure all connections are firm.
4. **Secure Armrest Covers (if applicable):** If your model includes removable armrest covers, secure them using the zippers or Velcro provided.
5. **Install Base Rollers (Optional):** If desired, attach the small rollers to the chair's base using the provided bolts and nuts for easier movement.
6. **Power On:** Plug the power adapter into a wall outlet.

**Figure 4.1:** Detail of the side pocket and USB ports, which are integrated into the armrest. The armrest cover is removable for cleaning.

## 5. Operating Instructions

---

Use the wired remote control to operate the chair's functions.

- **Power Lift and Recline:** Use the up and down arrows on the remote to adjust the chair's position. The chair can smoothly transition from an upright sitting position to a reclined position (up to 150 degrees) or lift to assist in standing.
- **Massage Function:** Press the 'POWER' button to activate the massage. Use the 'MODE' button to cycle through 5 massage modes (Pulse, Press, Wave, Auto, Normal). The 'INTENSITY' buttons (High/Low) adjust the massage strength. Individual massage points (Back, Lumbar, Thigh, Leg) can be selected.
- **Heating Function:** Press the 'HEAT' button to activate the lumbar heating feature. Press again to turn off.
- **Timer Function:** Set the massage and heat duration using the timer buttons (15/30/60 minutes).
- **USB Charging:** The integrated USB port on the side of the chair allows you to charge your electronic devices while relaxing.

## 6. Maintenance

To ensure the longevity and appearance of your recliner, follow these maintenance guidelines:

- **Cleaning:** Spot clean with a damp cloth and mild detergent. Wipe clean any spills immediately. Do not use harsh chemicals or abrasive cleaners.
- **Fabric Care:** The chenille fabric is soft and durable. Regular vacuuming with a soft brush attachment can help maintain its texture and remove dust.
- **Removable Covers:** The armrest covers are easily removable for easier cleaning.
- **Mechanism:** Periodically check all bolts and connections to ensure they are tight. Do not lubricate the lift mechanism unless specifically instructed by the manufacturer.

## 7. Troubleshooting

---

If you encounter any issues with your recliner, please refer to the following common solutions:

- **Chair Not Responding:** Ensure the power adapter is securely plugged into both the chair and the wall outlet. Check for any tripped circuit breakers.
- **Massage/Heat Not Working:** Verify the remote control cable is firmly connected to the chair. Ensure the 'POWER' and 'HEAT' buttons are activated on the remote.
- **Unusual Noises:** Check for any loose components or obstructions around the lift mechanism. Tighten any loose bolts.
- **Footrest Does Not Stay Up (for non-power recline models):** This model is a power lift recliner, so the footrest position is controlled electronically. If you experience issues, check power connections.

If the problem persists, please contact customer support for assistance.

## 8. Specifications

---

<b>Brand</b>	Rhevoy
<b>Model Name</b>	PL003
